## ASSEMBLY INSTRUCTIONS

The CaDA Maserati GT2 C51089W is a complex building set designed for enthusiasts. Follow the step-by-step instructions provided in the included physical instruction booklet. Ensure all pieces are accounted for before starting assembly.

- Unpacking:** Carefully open the packaging and sort the building blocks by type or color as indicated in the instruction booklet.

- **Preparation:** Find a clean, well-lit, and spacious area for assembly. Keep small parts away from young children.
- **Step-by-Step Assembly:** Refer to the numbered steps in the provided instruction manual. Each step illustrates the parts needed and their placement.
- **Connecting Parts:** Ensure all connections are firm and secure. If a part does not fit easily, double-check the orientation and the previous steps. Do not force parts together.
- **Decals/Stickers:** Apply any included decals or stickers according to the instructions for an authentic finish.

*Note:* The assembly process may take several hours depending on experience. Patience and attention to detail are key.

## OPERATION AND DISPLAY

---

Once assembled, the CaDA Maserati GT2 C51089W model is designed for display and gentle play. It features intricate details and functional elements typical of a high-quality building set.

- **Display:** Place the model on a stable, flat surface away from direct sunlight, excessive heat, or humidity to prevent material degradation.
- **Gentle Play:** While durable, the model is not intended for rough play. Avoid dropping or applying excessive force to prevent parts from detaching or breaking.
- **Movable Parts:** Some parts, such as wheels or steering components (if applicable to the model's design), may be movable. Operate these gently.

## MAINTENANCE

---

Proper maintenance will help preserve the appearance and integrity of your CaDA Maserati GT2 C51089W model.

- **Cleaning:** Use a soft, dry cloth or a soft brush to gently remove dust from the model. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all parts in a sealed container to prevent loss and protect from dust.
- **Part Replacement:** In case of lost or damaged parts, refer to the manufacturer's website or contact customer support for potential replacement options.

## TROUBLESHOOTING

---

If you encounter issues during assembly or with the completed model, consider the following common solutions:

- **Missing Parts:** Double-check the packaging and all sorting areas. If parts are genuinely missing, contact CaDA customer support with details of the missing components.
- **Parts Not Fitting:** Review the previous steps in the instruction manual. Ensure the correct parts are being used and that they are oriented correctly. Sometimes, a slight adjustment to a previously placed piece can resolve fitting issues.
- **Model Instability:** Verify that all connections are firmly pressed together. Loose connections can lead to structural instability.
