

Skull Shaver Butterfly Kiss Pro

Skull Shaver Butterfly Kiss Pro (Rose Gold)

Model: Butterfly Kiss Pro

INTRODUCTION

The Skull Shaver Butterfly Kiss Pro is an advanced electric shaver designed for a seamless and irritation-free shaving experience across various body areas, including bikini, legs, and face. This versatile device supports both wet and dry use, adapting to your personal grooming preferences with or without foams, creams, or oils. It features Forte Pro 4 head blades made from Japanese hypo-allergenic stainless steel, engineered for a close shave while minimizing skin irritation. With IPX5 water resistance, it is suitable for use in the shower, and its extended battery life provides 60 minutes of cordless operation, indicated by a clear LED display.

SETUP

Initial Charging

Before first use, fully charge your Butterfly Kiss Pro shaver. Connect the charging cord to the shaver and plug the USB wall plug adapter into a standard electrical outlet. The LED battery indicator will show the charging status. A full charge provides approximately 60 minutes of cordless shaving time.

Attaching/Detaching Heads

To attach a shaving or exfoliating head, align the head with the shaver body and gently push until it clicks into place. To detach, firmly pull the head away from the shaver body. Ensure the shaver is turned off before changing heads.

OPERATING INSTRUCTIONS

Wet or Dry Shaving

The Butterfly Kiss Pro is designed for both wet and dry use. You can use it on dry skin for a quick shave, or in the shower with water, shaving foams, creams, or oils for a smoother experience. Its IPX5 water resistance ensures safe operation in wet conditions.

Shaving Technique

For optimal results, hold the shaver firmly and move it in small, circular motions against the direction of hair growth. The multi-directional rotary shaving heads adapt to the contours of your body, providing a close and comfortable shave. Apply light pressure; excessive force is not necessary and may cause irritation.

Super Easy To Use

Using the Exfoliating Brush

Attach the exfoliating brush head to prepare your skin before shaving or to maintain skin health. Use gentle circular

motions on damp skin to remove dead skin cells and help prevent ingrown hairs.

MAINTENANCE

Cleaning the Shaver

Regular cleaning is essential for optimal performance and hygiene. Since the shaver is IPX5 water resistant, you can rinse the shaving head under running water after each use. For a more thorough cleaning, detach the shaving head and rinse it separately. Allow all parts to air dry completely before reassembling or storing.

Blade Replacement

The Forte Pro 4 head blades are designed for durability, but like all shaving blades, they will eventually dull. Replace the shaving head when you notice a decrease in shaving efficiency or increased pulling. Replacement heads can be purchased from authorized Skull Shaver retailers or their official website.

TROUBLESHOOTING

- **Shaver not turning on:** Ensure the shaver is fully charged. If the battery indicator shows low charge, plug it in and allow it to charge for at least 30 minutes before attempting to turn it on again.
- **Poor shaving performance / pulling hair:** The blades may be dull or clogged with hair. Clean the shaving head thoroughly. If performance does not improve, consider replacing the shaving head.

- **Skin irritation / nicks:** Ensure you are using light pressure and moving the shaver in small, circular motions. For sensitive areas, consider using the shaver with water and shaving cream. Avoid using on broken or highly irritated skin.
- **Unusual noise:** This could indicate a foreign object caught in the blades or a damaged shaving head. Turn off the shaver, detach the head, and inspect for any obstructions or damage.

SPECIFICATIONS

Feature	Detail
Model Name	Butterfly Kiss Pro
Item Model Number	BFK colors
Product Dimensions	3.07 x 2.65 x 1.38 inches; 0.63 ounces
Power Source	Rechargeable Battery (Corded Option)
Batteries	1 A batteries required (included)
Special Feature	Wet & Dry Use, IPX5 Water Resistance
Recommended Uses	Bikini, Legs, Body, Face

SAFETY INFORMATION

Please observe the following general precautions to ensure safe operation and longevity of your shaver:

- Avoid use on broken or highly sensitive skin.
- Keep the shaver clean to prevent bacterial growth and ensure optimal performance.
- Always unplug the shaver before cleaning or storing.
- Do not use the shaver near water while charging.
- Keep out of reach of children.

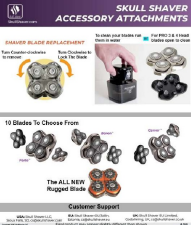

WARRANTY AND SUPPORT

The Skull Shaver Butterfly Kiss Pro typically comes with a 12-month coverage period. For specific warranty details, claims, or technical support, please refer to the warranty card included in your product packaging or visit the official Skull Shaver website. You can also contact their customer service for assistance with any product-related inquiries.
