NutriChef NCIM30

NutriChef Electric Frozen Fruit Dessert Maker

Model: NCIM30

Introduction

The NutriChef Electric Frozen Fruit Dessert Maker is designed to transform frozen fruits into delicious, healthy, and natural frozen treats. This versatile machine allows you to create a variety of desserts, including frozen yogurt, sorbet, and ice cream, offering a healthier alternative to traditional desserts with no added preservatives or sugars. Its user-friendly design ensures quick and convenient preparation for the whole family.

What's in the Box

Upon unpacking your NutriChef Electric Frozen Fruit Dessert Maker, please ensure all components are present:

- Frozen Dessert Maker Unit
- Food Plunger
- Recipe Book

Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Initial Cleaning:** Before first use, wash all detachable parts (funnel, feeding barrel, screw, outlet cap, and plunger) with warm, soapy water. Rinse thoroughly and dry completely. The main body should be wiped clean with a damp cloth.
3. **Assemble:** Ensure the main body is placed on a stable, flat surface. Insert the screw into the feeding barrel, then attach the feeding barrel to the main body. Secure the outlet cap. Place the funnel on top of the feeding barrel.
4. **Power Connection:** Plug the power cord into a standard 120V electrical outlet.

Operating Instructions

Follow these steps to create your frozen desserts:

1. **Prepare Ingredients:** Ensure your fruits are thoroughly frozen. For best results, cut larger fruits into smaller pieces (e.g., banana slices, berry halves). Allow very hard frozen fruits to thaw slightly for 5-10 minutes before processing.
2. **Insert Ingredients:** Place a bowl or container under the dispenser. Carefully drop the frozen fruit pieces into the feed tube.
3. **Activate:** Press the power button to start the machine.
4. **Process:** Use the food plunger to gently push the frozen fruits down into the feeding barrel. Do not force the plunger. The machine will process the fruit, and the frozen dessert will dispense into your bowl.
5. **Enjoy:** Once all ingredients are processed, turn off the machine and serve your fresh, healthy frozen dessert immediately.

Maintenance & Cleaning

Regular cleaning ensures optimal performance and longevity of your NutriChef dessert maker:

- **Disassembly:** After each use, unplug the unit and disassemble all removable parts (plunger, funnel, feeding barrel, screw, and outlet cap).
- **Hand Wash:** Wash all detachable parts by hand using warm, soapy water. The parts are stain-resistant for easy cleaning.
- **Rinse and Dry:** Rinse all parts thoroughly with clean water and dry them completely before reassembling or storing.
- **Main Body:** Wipe the main body of the unit with a damp cloth. Do not immerse the main body in water or any other liquid.

Troubleshooting

If you encounter any issues with your NutriChef Electric Frozen Fruit Dessert Maker, please refer to the following common solutions:

- **Unit Not Turning On:** Ensure the power cord is securely plugged into a working electrical outlet. Check if the power button is pressed firmly.
- **Fruit Not Processing:** Ensure the fruits are frozen but not rock-hard. Allow them to thaw for a few minutes if too hard. Do not overload the feed tube; process smaller batches if necessary. Ensure all components are correctly assembled.
- **Unusual Noise:** Disassemble the unit and reassemble it, ensuring all parts are correctly aligned and securely in place.
- **Poor Dessert Consistency:** Ensure fruits are adequately frozen. Overly soft or thawed fruits will result in a liquid

consistency.

If problems persist, please contact NutriChef customer support for assistance.

Specifications

Feature	Detail
Brand	NutriChef
Model Name	Electric Frozen Fruit Dessert Maker
Model Number	NCIM30
Color	Blue
Material	Plastic
Motor Power	150 Watt
Power Supply	120V
Feed Tube Opening Size	1.5 inches Diameter
Power Cable Length	3 ft.
Product Dimensions (L x W x H)	8.1" x 5.1" x 12.7" inches
Item Weight	3.9 Pounds
Operation Mode	Automatic
Product Care Instructions	Hand Wash
UPC	842893117874
