Hangman L18B

Hangman L18B 18-Inch No-Stud Floating Shelf Instruction Manual

Model: L18B

PRODUCT OVERVIEW

The Hangman L18B No-Stud Floating Shelf is an 18-inch aluminum shelf designed for easy installation on drywall, plaster, or paneled walls without the need for studs. It utilizes a patented cleat system for secure mounting and can support up to 30 pounds. The shelf features a durable black powder-coated finish and includes all necessary hardware for installation.

INCLUDED COMPONENTS

- Aluminum Ledge (Shelf)
- Wall Bracket (Mounting Cleat)
- Nails
- Bubble Level

Image: A hammer next to the wall bracket, showing the built-in bubble level and nails for installation.

SETUP AND INSTALLATION

The Hangman No-Stud Floating Shelf is designed for quick and easy installation with minimal tools. Only a hammer is required.

Installation Steps:

1. **Position the Wall Bracket:** Hold the wall bracket (the piece with the built-in level) against the wall at your desired height and location. Ensure the bubble level indicates it is perfectly horizontal.
2. **Secure the Bracket:** Using a hammer, gently tap the provided nails through the pre-drilled holes in the wall bracket. Work your way from one end to the other, ensuring the bracket remains level. The nails are designed to secure the bracket firmly into drywall, plaster, or paneled walls without needing to locate studs.
3. **Mount the Shelf:** Once the wall bracket is securely attached, align the back lip of the aluminum shelf with the top edge of the installed bracket. Gently slide the shelf downwards onto the bracket until it sits flush against the wall and is securely engaged.
4. **Verify Stability:** Lightly test the shelf's stability before placing items on it.

Note: The wall bracket features a patented cleat system that allows for secure mounting using small nails, eliminating the need for drills, screws, or anchors.

OPERATING INSTRUCTIONS

Once installed, the Hangman L18B Floating Shelf is ready for use. It is designed to display various items in your home or office.

- **Weight Capacity:** Do not exceed the maximum weight limit of 30 pounds (13.6 kg) to prevent damage or instability.
- **Placement:** Distribute weight evenly across the shelf surface for optimal stability.
- **Recommended Uses:** Ideal for displaying kitchen oils, wine bottles, glasses, books, pictures, or decorative items.

MAINTENANCE

The Hangman L18B Floating Shelf requires minimal maintenance to retain its appearance and functionality.

- **Cleaning:** Wipe the shelf with a dry cloth to remove dust and debris. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Rust Prevention:** The aluminum construction and powder-coated finish make the shelf rustproof.

TROUBLESHOOTING

- **Shelf is not level:** Ensure the wall bracket was installed perfectly level using the built-in bubble level. If not, carefully remove the nails, adjust the bracket, and re-install.
- **Shelf feels loose:** Verify that the nails are fully seated and the wall bracket is firmly attached to the wall. Ensure the shelf is fully engaged with the bracket. Do not exceed the 30-pound weight limit.
- **Difficulty sliding shelf onto bracket:** Check for any obstructions or misalignment between the shelf's back lip and the wall bracket. Ensure the bracket is not bent.

SPECIFICATIONS

Model Name:	L18B
Brand:	Hangman
Material:	Aluminum
Finish Type:	Powder Coated
Color:	Black
Product Dimensions:	4.56"D x 18"W x 2.5"H
Weight Limit:	30 Pounds (13.6 kg)
Installation Type:	Wall Mount (No-Stud)
Assembly Required:	No (minimal installation)
Item Weight:	1.9 Pounds (0.86 kg)
