JVC HAA10TP

JVC Truly Wireless Earbuds User Manual

Model: HAA10TP

1. Introduction

The JVC HAA10TP Truly Wireless Earbuds offer a seamless audio experience with advanced features designed for comfort and convenience. These earbuds automatically power on and connect upon removal from their charging case, providing instant access to your audio. With Bluetooth 5.0 technology, they ensure superior connectivity and extended range.

- **Superior Connectivity:** Bluetooth 5.0 allows for faster data transfer speeds (up to 2 Mbps) and a wider communication range (up to 800 feet or 240 meters) compared to older Bluetooth versions.
- **Comfort Fit Tips:** Includes 2 sets of memory foam earpieces and 3 sets of standard silicone earbuds for a customized, secure, and comfortable fit.
- **Long Battery Life:** Enjoy up to 14 hours of total battery life, with 4 hours from the earbuds and an additional 10 hours provided by the compact charging case.
- **Simple Connect:** Earbuds automatically power on and connect to your device when removed from the case.
- **Voice Assistant Compatible:** Access your digital personal assistant with ease.

2. Setup

2.1 Unboxing the Earbuds

Upon opening the package, you will find the following components:

- JVC Truly Wireless Earbuds (Left and Right)
- Charging Case
- Micro USB Charging Cable
- Memory Foam Earpieces (2 sizes)
- Silicone Earpieces (3 sizes)

2.2 Initial Pairing

Follow these steps to pair your JVC HAA10TP earbuds with your device:

1. Ensure your device (Android or iOS) has Bluetooth enabled.
2. Open the charging case and remove both the left and right earbuds.
3. The right earbud will blink white slowly as it pairs to the left earbud.
4. The left earbud will blink red and white rapidly, indicating it is in pairing mode.
5. On your device, navigate to the Bluetooth settings.
6. Look for 'JVC HA-A10T' in the list of available devices and select it to connect.
7. Once connected, the earbuds are ready for use.

2.3 Charging the Earbuds and Case

To charge the earbuds, place them back into the charging case. The case itself can be charged using the provided Micro USB cable. A full charge for the earbuds takes approximately 2 hours. The charging case provides an additional 10 hours of battery life, extending the total listening time to 14 hours.

3. Operating Instructions

3.1 Comfort and Fit

The JVC HAA10TP earbuds come with five sets of ear tips to ensure a custom and comfortable fit. This includes two sizes of memory foam earpieces and three sizes (Small, Medium, Large) of standard silicone ear tips. Experiment with different sizes to find the best fit for optimal sound quality and comfort.

3.2 Water Resistance (IPX5)

The earbuds feature an IPX5 water resistance rating, meaning they are protected against low-pressure water jets from any direction. This makes them suitable for workouts and outdoor activities where they might be exposed to sweat or light rain. However, they are not designed for submersion in water.

3.3 Voice Assistant Compatibility

The JVC HAA10TP earbuds are compatible with voice assistants. This feature allows you to activate your smartphone's voice assistant (e.g., Siri, Google Assistant) directly from the earbuds, enabling hands-free control for calls, music, and other functions.

4. Maintenance

4.1 Cleaning

Regular cleaning helps maintain the performance and longevity of your earbuds. Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. For ear tips, remove them from the earbuds and clean with a mild soap solution if necessary, then rinse thoroughly and allow to dry completely before reattaching.

4.2 Storage

When not in use, always store the earbuds in their charging case to protect them from dust, dirt, and physical damage. Store the case in a cool, dry place away from extreme temperatures and direct sunlight.

5. Troubleshooting

5.1 Resetting Pairing

If you experience issues with pairing or connectivity, you can restore the earbuds to their initial settings by following this process:

1. Remove both earbuds from the charging case.
2. Press and hold the button on each earbud simultaneously to turn them off.
3. Once off, take the left earbud and hold its button down for 20 seconds. After 10 seconds, the white indicator light will flash three times; continue holding. After 20 seconds, it will flash three times again, indicating the reset is complete.
4. Place the left earbud back into the charging case.
5. Repeat the same 20-second hold process for the right earbud. After 10 seconds, the white indicator light will flash three times; continue holding. After 20 seconds, it will flash three times again, indicating the reset is complete.
6. Place the right earbud back into the charging case.
7. The earbuds are now restored to their default mode. You can now remove them from the case and re-pair them with your device as you did during initial setup.
