Integrated Charging Cables

The miisso Power Bank features built-in Type-C and Lightning cables, eliminating the need to carry separate charging cords for your mobile devices. Simply pull out the integrated cable and connect it directly to your compatible smartphone or tablet.

Image: The miisso power bank in black, showcasing its integrated Type-C and Lightning cables, positioned next to a credit card to illustrate its compact size.

Ultra-Slim and Portable Design

With dimensions similar to a credit card and a weight of only 4.3 ounces (122g), this power bank is designed for maximum portability. It easily fits into pockets, wallets, or small bags, making it an ideal companion for daily use or travel.

Card Size

 4.13*2.6*0.51 inch

 0.27lb

Setup and First Use

Before first use, fully charge your miissu Power Bank. This ensures optimal performance and battery longevity.

1. **Check Battery Level:** Press the circular button on the power bank to check the current charge level. The blue LED

indicator will illuminate to show the remaining power. A full circle indicates 100% charge.

Image: A close-up view of the miisso power bank, highlighting the circular LED indicator that displays the battery charge level.

2. **Charge the Power Bank:** Connect the included USB cable to the Micro-USB input port or use a Type-C cable with the Type-C input/output port on the power bank. Connect the other end to a 2A (or higher) USB wall adapter or computer USB port. The LED indicator will flash during charging and remain solid blue when fully charged. Full charge takes approximately 2.5-3 hours.

Travel Essentials

Charging Battery

Operating Instructions

Charging Your Devices

1. **Using Built-in Cables:** Pull out the appropriate built-in cable (Type-C or Lightning) and connect it directly to your device's charging port. The power bank will automatically begin charging.
2. **Using USB-A Output:** For devices requiring a standard USB-A connection, plug your device's charging cable into the USB-A output port on the power bank.
3. **Simultaneous Charging:** You can charge up to three devices at once using a combination of the built-in cables and the USB-A output port.

Safety Information

- Do not expose the power bank to extreme temperatures (hot or cold), direct sunlight, or fire.
- Do not disassemble, crush, or puncture the power bank.
- Keep away from water and high humidity.
- Use only compatible and certified charging cables and adapters.
- Keep out of reach of children.
- The power bank features Short Circuit Protection and Over Charging Protection for safe operation.

Specifications

Feature	Detail
Model Number	5K95
Battery Capacity	6000mAh
Product Dimensions	34.13 x 2.59 x 0.51 inches
Item Weight	4.3 ounces (122g)
Input (Micro-USB)	5V-2A
Input/Output (Type-C)	5V-2.4A
Output (USB-A)	5V-2.1A
Built-in Cables Output	5V-2A (Lightning), 5V-2.4A (Type-C)
Charging Time	2.5-3 hours (with 2A charger)

Troubleshooting

- **Power Bank Not Charging:** Ensure the charging cable is securely connected to both the power bank and the power source. Verify the power source is active. Try a different cable or adapter.
- **Device Not Charging:** Ensure the power bank has sufficient charge. Verify the charging cable (built-in or external) is securely connected to both the power bank and the device. Try a different cable or device.
- **Slow Charging:** Ensure you are using a 2A or higher output adapter for optimal charging speed. Check if the device being charged supports faster charging.

Warranty and Support

For warranty information or technical support, please refer to the contact details provided in the original product packaging or visit the official miisso website.
