2. PRODUCT FEATURES

- **Wide Application:** Suitable for DIY art crafts, painting, and wedding decoration. Can be used on fabric, wood, paper, posters, notepads, journals, and more.
- **24 Vibrant Colors:** Set of 6 ink pads, each with 4 distinct colors, totaling 24 vibrant shades to capture attention and stimulate imagination.
- **Safe to Use:** Made from eco-friendly sponge and non-toxic, odor-free ink, ensuring safety for children.
- **Easy to Clean:** Quick-drying and water-soluble ink allows for easy cleanup from skin with soap and water, minimizing mess.

3. SETUP

The Ancwzoz Craft Ink Pads come ready to use. No assembly is required.

- **Unpacking:** Carefully remove the ink pads from their packaging.
- **Inspection:** Before first use, inspect each ink pad to ensure the lid is securely closed and the ink sponge is moist.
- **Preparation:** Choose a clean, flat surface for your crafting activity. Protect surfaces if necessary, although the ink is washable.

4. OPERATING INSTRUCTIONS

4.1 General Use

To use the ink pad, gently press your stamp or finger onto the desired color section of the pad. Ensure even coverage, then press firmly onto your chosen surface (paper, fabric, wood, etc.).

5. MAINTENANCE

5.1 Cleaning

The ink is water-soluble, making cleanup simple.

- **From Skin:** Wash hands or affected skin areas with soap and water. The ink will easily rinse off.
- **From Surfaces:** For non-porous surfaces, wipe with a damp cloth and mild soap if needed. For porous surfaces like fabric, wash promptly with water and detergent.

5.2 Storage

To prolong the life of your ink pads:

- Always ensure the clear lid is securely closed after each use to prevent the ink from drying out.
- Store the ink pads in a cool, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

- **Ink appears dry:** If an ink pad seems less vibrant, try pressing firmly on the sponge to redistribute the ink. Ensure the lid was properly sealed during storage.
- **Ink smudges on paper:** Ensure the surface is suitable for ink stamping. Allow adequate drying time, especially on less absorbent materials.
- **Colors mixing:** When using multiple colors, ensure stamps or fingers are clean between applications to prevent unwanted color mixing.
