SETUP

The Hot Wheels Premium Lamborghini cars are ready for display or play directly out of the packaging. No assembly is required.

1. Carefully remove the die-cast cars from their blister packaging.

2. Dispose of packaging materials responsibly.

Warning: Small parts may be present. Not suitable for children under 3 years of age due to potential choking hazards.

OPERATING INSTRUCTIONS

These Hot Wheels Premium cars are designed for both display and play. Their Real Riders wheels provide enhanced rolling performance on Hot Wheels tracks or flat surfaces.

- **For Display:** Place the cars on a flat, stable surface or in a display case to showcase their detailed design.
- **For Play:** Gently push the cars along a smooth surface or Hot Wheels track. Avoid excessive force or impact to prevent damage.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your Hot Wheels Premium cars, follow these care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust and fingerprints. Do not use abrasive cleaners or solvents, as these can damage the paint finish.
- **Storage:** Store cars in a cool, dry place away from direct sunlight and extreme temperatures to prevent fading or material degradation.
- **Handling:** Handle cars by their body to avoid damaging delicate parts like mirrors or spoilers.

TROUBLESHOOTING

Hot Wheels die-cast cars are generally robust. However, if you encounter any issues, consider the following:

- **Wheels not rolling smoothly:** Check for any debris caught in the axles. Gently remove any obstructions. Avoid bending the axles.
- **Paint chips or scratches:** These are typically a result of impact or friction during play. Such cosmetic damage is generally not repairable without specialized tools and paints.
