Hot Wheels GLC91

Hot Wheels Track Builder Fold Up Track Pack (Model GLC91) Instruction Manual

1. INTRODUCTION

The Hot Wheels Track Builder Fold Up Track Pack (Model GLC91) is designed to expand your Hot Wheels track system, offering versatile building options and convenient storage. This pack includes 12 feet of straight track, 5 hinge connectors, and additional basic track connectors, along with one 1:64 scale Hot Wheels vehicle. The unique hinge connectors allow the track to bend and flex in both directions, enabling creative track layouts and easy folding for compact storage without disassembly. This component pack integrates seamlessly with other Hot Wheels Track Builder sets, allowing for the creation of extensive and dynamic racing environments.

2. WHAT'S IN THE BOX

Before beginning assembly, please verify that all components listed below are present in your package. If any parts are missing or damaged, please contact customer support.

- 12 x Straight Track Pieces (two varieties)
- 5 x Hinge Connectors
- 6 x Basic Track Connectors
- 1 x Hot Wheels 1:64 Scale Die-Cast Car

3. SETUP INSTRUCTIONS

Follow these steps to assemble your Hot Wheels Track Builder Fold Up Track Pack.

1. **Unpack Components:** Carefully remove all track pieces, connectors, and the die-cast car from the packaging.
2. **Connect Straight Track Pieces:** Use the basic track connectors to join the straight track pieces end-to-end. Ensure a secure fit for a smooth racing surface.
3. **Integrate Hinge Connectors:** The hinge connectors can be inserted between any two track pieces. These connectors allow the track to bend and fold, providing flexibility in track design and enabling the track to be folded for storage.
4. **Expand Your Track:** This Fold Up Track Pack is compatible with other Hot Wheels Track Builder sets (sold separately). Connect the ends of this track system to existing sets to create larger and more complex layouts.

Video: A demonstration of assembling and connecting Hot Wheels Track Builder components, including the fold-up track pack, and integrating them with other sets for expanded play. This video illustrates the flexibility of the hinge connectors and how different track elements can be combined.

4. OPERATING INSTRUCTIONS

Once your track is assembled, you can begin racing your Hot Wheels vehicles.

1. **Place Vehicle:** Position your Hot Wheels 1:64 scale die-cast car at the start of your track.
2. **Launch Vehicle:** Gently push or launch the car down the track. Observe how it navigates the straight sections and any bends created by the hinge connectors.
3. **Experiment with Layouts:** Utilize the flexible hinge connectors to create various track configurations, such as long straightaways, gentle curves, or elevated sections (when combined with other Track Builder components).
4. **Folding for Storage:** When playtime is over, the hinge connectors allow the track to be folded without being fully disassembled. Simply fold the track sections at the hinge points for compact storage.

5. MAINTENANCE

Proper care will ensure the longevity of your Hot Wheels Track Builder Fold Up Track Pack.

- **Cleaning:** To clean the track pieces and connectors, wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic.
- **Storage:** When not in use, fold the track at the hinge connectors for compact storage. Store the track and components in a dry, cool place away from direct sunlight to prevent warping or discoloration.

6. TROUBLESHOOTING

If you encounter any issues while using your track pack, consider the following common solutions.

- **Car Not Moving Smoothly:** Ensure all track pieces are securely connected and aligned. Check for any debris on the track surface that might impede the car's movement.

- **Track Disconnecting:** Verify that all basic and hinge connectors are fully inserted and locked into place. Loose connections can cause the track to separate during play.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions	2.36 x 12.2 x 7.48 inches
Item Weight	3.53 ounces
Item Model Number	GLC91
Manufacturer Recommended Age	6 - 9 years
Release Date	January 1, 2020
Language	Multilingual
Manufacturer	Mattel

8. SAFETY INFORMATION

WARNING: This product is intended for children aged 6 to 9 years. Adult supervision is recommended during play. Keep small parts away from younger children to prevent choking hazards. This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm (Proposition 65 warning).

9. WARRANTY AND SUPPORT

For warranty information, replacement parts, or customer support, please refer to the contact information provided on the product packaging or visit the official Hot Wheels website. Keep your purchase receipt for any warranty claims.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
