Vanity Planet Aira

Vanity Planet Aira Ionic Facial Steamer

MODEL: VP59321-5200

INTRODUCTION

The Vanity Planet Aira Ionic Facial Steamer is designed to provide an at-home facial experience, clarifying the complexion and promoting better absorption of skincare products. This device utilizes ionic steam technology to help detoxify the skin and enhance hydration. It is suitable for all skin types.

SAFETY INFORMATION

- Always use distilled water in the water tank. Using tap water or adding essential oils directly to the tank may cause damage or mineral buildup.
- Maintain a distance of at least 25 centimeters (approximately 10 inches) from the nozzle to avoid burns or injury from hot steam.

- Do not use the steamer for more than 15 minutes per session, and limit usage to two to three times per week.
- Ensure the device is unplugged when not in use and during cleaning.
- Keep out of reach of children.

PRODUCT COMPONENTS

The Vanity Planet Aira Ionic Facial Steamer includes the main unit, an 85ml water tank, and three essential oil baskets.

SETUP

1. Remove the 85ml water tank from the back of the device.
2. Unscrew the cap of the water tank and fill it with distilled water up to the 'Max' line.
3. Securely fasten the cap back onto the water tank.

4. Insert the filled water tank back into the device until it clicks into place.
5. Place the steamer on a flat, stable surface.
6. Plug the power cord into an electrical outlet.

OPERATING INSTRUCTIONS

1. Ensure the device is properly set up with distilled water.
2. Press the power button located on the front of the device. The indicator light will illuminate.
3. Allow approximately one minute for the steamer to heat up and begin producing steam.
4. Position your face approximately 25 centimeters (10 inches) away from the nozzle. You can adjust the nozzle angle for comfort.
5. For aromatherapy, soak the foam portion of one of the essential oil baskets with your preferred essential oil and place it on the device's nozzle.
6. Enjoy your steaming session for up to 15 minutes. The device will automatically shut off when the water tank is empty or after the set time.
7. After steaming, cleanse your face and apply your regular skincare products for optimal results.

MAINTENANCE AND CARE

- After each use, unplug the device and allow it to cool completely.
- Remove the water tank and empty any remaining water. Rinse the tank thoroughly with distilled water.
- Wipe the exterior of the device with a soft, damp cloth. Do not use abrasive cleaners.
- If using essential oil baskets, rinse them after each use to prevent oil buildup.
- Store the steamer in a cool, dry place.

TROUBLESHOOTING

Problem	Solution
No steam produced	Ensure the water tank is filled with distilled water and correctly inserted. Check if the device is plugged in and powered on.
Weak steam output	Verify the water level in the tank. Ensure no blockages in the nozzle. Use only distilled water to prevent mineral buildup.
Device not turning on	Check the power connection and ensure the outlet is functional. Press the power button firmly.

SPECIFICATIONS

Product Dimensions: 5.2 x 4.69 x 8.03 inches

Item Weight: 1.9 Pounds

Model Number: VP59321-5200

Power Source: Battery Powered (Note: Product description states 'Battery Powered' but typically these are corded. Please refer to product packaging for definitive power source.)

Runtime: 15 minutes

Water Tank Capacity: 85 Milliliters

Color: Beige

Material Type: Plastic

Skin Type: All
