

LACOKI CL-01

LACOKI CL-01 Rechargeable Clip-On LED Reading Light Instruction Manual

1. INTRODUCTION

Thank you for choosing the LACOKI CL-01 Rechargeable Clip-On LED Reading Light. This device is designed to provide versatile and comfortable illumination for various activities such as reading, working, and studying. It features multiple light settings and a flexible design for optimal user experience.

2. PRODUCT FEATURES

- **9 Different Settings:** Offers 3 color modes (Warm, White, Warm & White) each with 3 brightness adjustments (30%, 60%, 100%) for a total of 9 customizable lighting options.
- **Eye-Protection Function:** Circular lamp head design simulates natural light with diffuse reflection, reducing multiple shadows, glare, and blue light to prevent eye fatigue.
- **Rechargeable & High Capacity:** Equipped with a built-in 1800mAh rechargeable battery, providing extended continuous lighting. Fast charging allows for portable use without constant wire connection.
- **Heavy-Duty Clip & Flexible Neck:** Features a sturdy clip with padded surfaces to securely attach to various furniture edges without causing scratches. The flexible gooseneck allows for precise light direction.
- **Versatile Application:** Suitable for use as a bedside lamp, book light, desk lamp, night light, headboard light, nursing lamp, or camping lamp.

3. PACKAGE CONTENTS

- 1 x LACOKI CL-01 LED Reading Light
- 1 x USB Charging Cable
- 1 x Instruction Manual

4. SAFETY INFORMATION

- Do not disassemble or modify the device.
- Keep away from water and high humidity environments.

- Avoid exposing the device to extreme temperatures.
- Use only the provided USB cable for charging.
- Keep out of reach of children.

5. SETUP

5.1 Attaching the Light

The LACOKI CL-01 features a heavy-duty clip with padded surfaces. To attach, simply press the clip open and secure it onto a stable surface such as a headboard, desk, or shelf. The padding prevents scratches and ensures a firm grip.

6. OPERATING INSTRUCTIONS

6.1 Power On/Off

Locate the power switch on the side of the clip. Slide it to the 'ON' position to enable the touch controls. To turn the light off completely and prevent accidental activation, slide the switch to the 'OFF' position.

6.2 Adjusting Brightness

With the power switch in the 'ON' position, tap the brightness control button (indicated by a sun icon) on the top of the clip to cycle through three brightness levels: 30%, 60%, and 100%.

6.3 Changing Color Modes

Tap the mode control button (indicated by an 'M' icon) on the top of the clip to switch between the three available color modes: Warm light, White light, and a mixed Warm & White light.

EYE-PROTECT

Circular Lamp Head Design, Simulating Natural Light

The natural light reflected from all directions to the eye, soft and not glare, called the principle of diffused light. The light is repeatedly refracted, enter the eye is more uniform, clearer vision, better protect eyes. Other reading light lines direct the eyes from a single source, prolonged exposure to such source will cause eye fatigue

6.4 Flexible Gooseneck

The flexible gooseneck allows you to bend and twist the lamp head to direct the light precisely where needed. This feature ensures optimal illumination for your specific task or environment.

7. MAINTENANCE

7.1 Cleaning

Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents, as these may damage the finish.

7.2 Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Recharge the lamp when the light output noticeably diminishes. If storing for an extended period, charge the battery to approximately 50% every few months.

8. TROUBLESHOOTING

- **Light does not turn on:** Ensure the side power switch is in the 'ON' position and the battery is charged.
- **Light is dim:** Recharge the battery.

- **Light flickers:** Ensure the charging cable is securely connected if operating while charging, or recharge the battery if operating wirelessly.

9. SPECIFICATIONS

Brand	LACOKI
Model Number	CL-01
Light Source Type	LED
Number of Light Sources	28
Battery Capacity	1800mAh
Charging Time	Approximately 3 hours
Runtime (Low Brightness)	25-28 hours
Control Method	Touch
Special Feature	Dimmable, Flexible Neck, Clip-On
Material	Metal, Plastic
Product Dimensions	4"D x 2.2"W x 16.6"H

10. WARRANTY AND SUPPORT
