OPPO CPH1945

OPPO Reno2 F Smartphone User Manual

INTRODUCTION

This manual provides essential information for the safe and efficient use of your OPPO Reno2 F smartphone. Please read this guide thoroughly to understand your device's features, setup procedures, operational guidelines, maintenance tips, and troubleshooting solutions. Keep this manual for future reference.

The OPPO Reno2 F is designed to offer a premium smartphone experience with advanced camera capabilities, a vibrant AMOLED display, and robust performance. This device features a 48MP Quad Camera system, a 16MP Rising Front Camera, and a 6.5-inch AMOLED screen with a high screen-to-body ratio for an immersive viewing experience. Powered by an Octa-Core processor and 8GB RAM, it ensures smooth multitasking and efficient operation. The 4000mAh battery with VOOC Flash Charge 3.0 provides extended usage and quick recharging.

PACKAGE CONTENTS

Verify that all items are present in your product packaging:

- Handset
- Type-C Cable
- SIM Tray Ejector
- Pre-applied Screen Protector and Protective Case
- Booklet with Warranty Card and Quick Guide

DEVICE OVERVIEW

Front View

The front of the OPPO Reno2 F features a large 6.5-inch AMOLED display, providing vivid colors and deep blacks. The screen is protected by Corning Gorilla Glass 5. The device utilizes an in-display fingerprint sensor for secure unlocking.

The infographic features a central image of the OPPO Reno2 F smartphone. The front screen displays the time 19:30, the date Friday, October 26, and the OPPO logo. The back of the phone shows the camera module and the 'oppo' logo. Surrounding the phone are ten circular icons, each with a corresponding feature label:

- Rising Camera**: Icon of a camera lens popping out.
- 48MP Quadcam with Zoom**: Icon of a camera lens.
- Hidden Fingerprint Unlock**: Icon of a fingerprint sensor.
- Ultra night Mode 2.0**: Icon of a crescent moon.
- MediaTek helio P70**: Icon of a processor chip.
- Corning® Gorilla® Glass 5**: Icon of a glass screen.
- 16.5cm (6.5") AMOLED Screen**: Icon of a smartphone screen.
- 4000mAh Battery**: Icon of a battery.
- VOOC Flash Charge 3.0**: Icon of the VOOC logo.
- Hyper Boost 2.0 Game Optimization**: Icon of a game controller.
- Dolby Atmos**: Icon of the Dolby Atmos logo.
- 8 GB RAM 128 GB ROM**: Icon of a memory card.

Rear View and Camera System

The rear of the device showcases a sleek design and houses the powerful 48MP Quad Camera setup. This camera system is designed for versatile photography, including wide-angle, ultra-wide, and depth sensing capabilities.

Rising Front Camera

For an uninterrupted full-screen experience, the 16MP front camera is integrated into a rising mechanism. It emerges from the top edge of the phone when activated for selfies or video calls.

SIM and SD Card Tray

The device supports dual SIM cards (nano+nano) and a dedicated slot for expandable storage up to 128GB via a microSD card. The SIM tray is located on the side of the phone.

INITIAL SETUP

1. SIM Card and SD Card Installation

1. Locate the SIM tray on the side of your phone.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone until it clicks into place.

2. Powering On Your Device

1. Press and hold the Power button (usually on the right side) for a few seconds until the OPPO logo appears on the screen.
2. The device will boot up, and you will be guided through the initial setup wizard.

3. Initial Configuration

1. Follow the on-screen prompts to select your language, region, and connect to a Wi-Fi network.
2. Sign in with your Google account or create a new one to access Google services and the Play Store.
3. Set up your screen lock method (PIN, pattern, password, or fingerprint).
4. Review and accept the terms and conditions to complete the setup.

BASIC OPERATION

Display and Navigation

The OPPO Reno2 F features a 16.5 cm (6.5-inch) AMOLED display with 2340 x 1080 pixels resolution. Navigation is primarily touch-based, utilizing gestures or on-screen navigation buttons. The Android v9.0 operating system, based on ColorOS 6.1, provides a user-friendly interface.

Camera Features

- **48MP Quad Rear Camera:** Capture high-resolution photos and videos with the versatile quad-camera system (48MP + 8MP + 2MP + 2MP). Features include photo, video, professional mode, panorama, portrait, night scene, time-lapse photography, and slow motion.
- **Ultra Night Mode 2.0:** Enhance your low-light photography with advanced noise reduction and optimization for clearer, brighter night shots.
- **16MP Rising Front Camera:** Take natural-looking selfies with the pop-up front camera.
- **Smart Video Editor SOLOOP:** Utilize the built-in video editor to easily create and edit your video content.

Security: Hidden Fingerprint Unlock 3.0

Unlock your device quickly and securely using the in-display fingerprint sensor. Simply place your registered finger on the designated area of the screen to authenticate.

Audio: Dolby Atmos

Experience immersive audio for games, videos, and music with Dolby Atmos sound technology.

Charging Your Device

The OPPO Reno2 F is equipped with a 4000mAh battery and supports VOOC Flash Charge 3.0, allowing for rapid charging. Use the provided Type-C cable and charger for optimal charging speed.

Video Description: An overview of the OPPO Reno2 F smartphone, showcasing its 48MP Quad Camera, Rising Front Camera, Corning Gorilla Glass 5 protection, Lake Green and Sky White color variants, 8GB RAM, 128GB internal memory, Dual SIM support, 6.5-inch AMOLED screen, Dolby Atmos sound, Hidden Fingerprint Sensor, Ultra Night Mode, Smart Video Editor SOLOOP, Android OS with Helio P70 Octa Core processor, 4000mAh battery with 13 hours video playback, VOOC Flash Charge 3.0, and included accessories. This video provides a visual summary of the phone's key features and components.

CARE AND MAINTENANCE

Screen Protection

The device screen is equipped with Corning Gorilla Glass 5 for enhanced durability. For additional protection, use the pre-applied screen protector and the included protective case.

Battery Longevity

- Avoid exposing the device to extreme temperatures.
- Do not allow the battery to fully discharge frequently.
- Use only the original charger and cable for optimal battery health and charging speed.

General Cleaning

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials that could damage the device.

TROUBLESHOOTING

If you encounter issues with your OPPO Reno2 F, consider the following common solutions:

- **Device not turning on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Apps crashing or freezing:** Close and restart the problematic app. If the issue persists, clear the app's cache and data in settings, or uninstall and reinstall the app.
- **Poor battery life:** Reduce screen brightness, disable unnecessary background apps, turn off Wi-Fi/Bluetooth when not in use, and check battery usage in settings to identify power-hungry apps.
- **Network connectivity issues:** Toggle Airplane Mode on and off. Restart your device. Check if your SIM card is properly inserted.
- **Fingerprint sensor not working:** Ensure your finger and the sensor area are clean and dry. Re-register your fingerprint if necessary.

For more complex issues, refer to the official OPPO support resources or contact customer service.
