## Lamicall MX

# Lamicall Adjustable Foldable Cell Phone Stand

MODEL: MX

Brand: Lamicall

## 1. Introduction

Thank you for choosing the Lamicall Adjustable Foldable Cell Phone Stand. This manual provides essential information for the proper setup, operation, and maintenance of your device. This stand is designed to securely hold your smartphone or small tablet, offering adjustable viewing angles and portability.

## 2. Product Features

- **Wide Compatibility:** Compatible with most 4-8 inch smartphones, including various iPhone and Galaxy models, LG, Sony, Moto, Google Pixel, and more.
- **Two Heights Adjustable:** Features a central button for easy adjustment to two distinct heights.
- **Multi-Viewing Angles:** Offers multiple viewing angles (recommended 54-70°) for comfortable video watching, recording, and video calls.
- **Foldable and Portable:** Compact and lightweight design for easy storage and transport in backpacks or pockets.
- **Attentive Detail Design:** Constructed from premium ABS material with quality non-skid rubber pads to prevent sliding and scratches.

## 3. Setup and Operation

Follow these steps to set up and operate your Lamicall phone stand:

1. **Unfolding the Stand:** Gently unfold the stand until the support leg locks into place, forming a stable A-frame structure.
2. **Adjusting Height:** To adjust the height, press and hold the central button located on the back of the stand. Slide the phone support panel up or down to your desired height. Release the button to lock it in position. The stand offers two distinct height settings.
3. **Adjusting Viewing Angle:** The stand's design allows for various tilt angles. Place your device on the stand and adjust the angle by gently pushing or pulling the device until a comfortable viewing position

is achieved. Recommended angles are between 54-70 degrees.

4. **Placing Your Device:** Position your smartphone or tablet (4-8 inches) onto the front cradle of the stand. The non-skid rubber pads will secure your device and prevent scratches.
5. **Charging Your Device:** The stand includes a cutout at the bottom of the front cradle, allowing you to connect a charging cable to your device while it is on the stand. This supports both vertical and horizontal charging.
6. **Folding for Portability:** To fold the stand, ensure the phone support panel is in its lowest position. Gently fold the support leg inwards until the stand is flat and compact.

# SUPPORT CHARGING

Stand your phone for charging.

The stand allows vertical phone placement with a cutout for charging cables.

# HEIGHT

## ADJUSTABLE

Press and hold the central button to slide up and down.

The stand features two adjustable height settings for optimal viewing comfort. Press the central button to adjust.

# STAND YOUR LIFE

Place horizontally to enjoy videos.

The stand supports horizontal phone placement, ideal for watching videos.

Your browser does not support the video tag.

<b>Compatible Devices</b>	4-8 inch smartphones (e.g., iPhone 14/13/12/11 series, Galaxy S22/S21/S20 series, LG, Sony, Moto, Google Pixel)

## 5. Maintenance

---

To ensure the longevity and optimal performance of your Lamicall phone stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth to remove dust or smudges. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or rubber pads.
- **Storage:** When not in use, fold the stand to its compact form and store it in a clean, dry place away from direct sunlight or extreme temperatures.
- **Handling:** Avoid applying excessive force when adjusting the height or folding the stand to prevent damage to the mechanism.

## CONSIDERATE **DETAILS**

Anti-slip bottom rubber pad.

Keep your phone from scratches and sliding.

Made of high-quality ABS material.

Equipped with anti-slip rubber pads on the front and bottom to protect your device and ensure stability. Constructed from high-quality ABS material for durability.

## 6. Troubleshooting

If you encounter any issues with your Lamicall phone stand, please refer to the following common solutions:

- **Stand is unstable:** Ensure the stand is fully unfolded and placed on a flat, stable surface. Check that the support leg is securely locked in position.
- **Height adjustment is stiff:** Ensure you are pressing the central button firmly while attempting to slide the panel. If it remains stiff, gently clean any debris that might be obstructing the mechanism.

- **Phone slides off:** Verify that your phone is within the compatible size range (4-8 inches) and that the non-skid rubber pads are clean and intact.

## 7. Warranty and Support

---

Lamicall products are designed for quality and durability. For warranty information, technical support, or any product-related inquiries, please contact Lamicall customer service through their official website or the retailer where the product was purchased. Please retain your proof of purchase for warranty claims.
