KAWADA NBH_198

KAWADA nanoblock Neuschwanstein Castle Building Kit Instruction Manual

Model: NBH_198

1. Introduction

This manual provides instructions for assembling and caring for your KAWADA nanoblock Neuschwanstein Castle building kit. This kit allows you to construct a detailed miniature replica of the famous Neuschwanstein Castle using micro-sized building blocks.
The completed model stands approximately 3.62 inches (9.2 cm) tall and consists of 500 pieces. It is designed for builders aged 15 and above, with a difficulty level rated as 3 out of 5.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts.
This product contains small parts and is not suitable for children under 3 years of age. Keep all components away from infants and young children to prevent accidental ingestion.
Always supervise children when they are handling small building blocks. Dispose of packaging materials properly.

3. Package Contents

Verify that all components are present before beginning assembly. Your nanoblock Neuschwanstein Castle kit (Model NBH_198) includes:

- Approximately 500 micro-sized building blocks in various colors and shapes.
- Detailed step-by-step instruction booklet.
- One nanoblock Neuschwanstein Castle model kit.

4. Setup and Assembly

Follow the detailed step-by-step instructions provided in the included booklet to assemble your nanoblock Neuschwanstein Castle. The assembly process is manual and requires careful attention to detail due to the small size of the blocks.

1. **Preparation:** Clear a well-lit, flat surface for assembly. Organize the blocks by color or shape if desired, though the instruction booklet typically guides you through piece selection for each step.
2. **Follow Instructions:** Refer to the instruction booklet for precise placement of each block. Each step is illustrated to guide you through the construction process.
3. **Block Placement:** Use gentle pressure to connect blocks. Ensure they are firmly seated to maintain the structural integrity of the model.
4. **Patience is Key:** Due to the micro-size of the blocks (as small as 4mm x 4mm x 5mm), assembly requires patience and precision. Take breaks if needed.

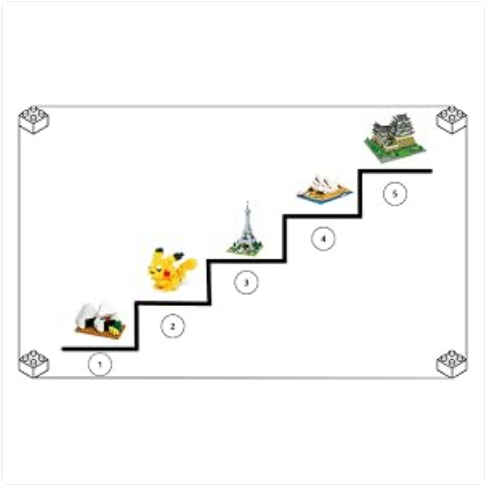

Image 4: Illustration showing nanoblock difficulty levels, with this model being a Level 3.

5. Display and Operation

Once assembled, your nanoblock Neuschwanstein Castle is ready for display. This model is a static display piece and does not require any operational steps.

- **Display Location:** Choose a stable, flat surface away from direct sunlight, excessive heat, or humidity to prevent potential damage or discoloration of the plastic blocks.
- **Handling:** Handle the assembled model carefully to avoid accidental disassembly, especially with delicate sections.

Image 5: The nanoblock Neuschwanstein Castle model displayed with optional internal lighting (lighting not included in kit).

6. Maintenance

Maintaining your nanoblock model is simple and ensures its longevity as a display piece.

- **Cleaning:** To remove dust, gently wipe the model with a soft, dry cloth or use a soft brush. Avoid using harsh chemicals or abrasive materials, which can damage the plastic.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect them from dust and damage.

7. Troubleshooting

Most issues encountered with nanoblock kits relate to assembly. Here are common points and solutions:

- **Missing Pieces:** Carefully re-check the packaging and your work area. Due to their small size, blocks can be easily overlooked. If a piece is genuinely missing, contact customer support (see Section 9).
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply firm, even pressure. If a block is particularly stubborn, try rotating it or checking for any debris in the connection points.
- **Model Instability:** Review previous steps in the instruction booklet to ensure all blocks are correctly and firmly attached. Loose connections can lead to instability.
- **Incorrect Assembly:** If a section does not look like the illustration, carefully backtrack through the steps to identify the error. Disassemble only the necessary parts to correct the mistake.

8. Specifications

Feature	Detail
Brand	KAWADA
Model Number	NBH_198
Product Name	Neuschwanstein Castle [World Famous Buildings], Sight to See Series Building Kit
Number of Pieces	500
Assembled Dimensions (L x W x H)	Approximately 3.14 x 3.14 x 3.62 inches (8 x 8 x 9.2 cm)
Material	Plastic
Recommended Age	15 years and up
Difficulty Level	3 out of 5
Assembly Required	Yes (Manual Operation)

9. Warranty and Support

KAWADA products distributed in the U.S. Markets by authorized distributors (such as Bluefin / Bandai Namco) are thoroughly tested for safety and meet North American consumer product safety regulations. The presence of a Bluefin / Bandai Namco warning label on the product box is proof of an officially licensed product.
This affixed label also entitles the purchaser to product support assistance within the United States.
For product support, inquiries about missing parts, or warranty information, please contact the authorized distributor directly. Refer to the contact information provided on the product packaging or the official KAWADA/nanoblock website for your region.
Note: Specific warranty terms and conditions may vary. Please retain your proof of purchase.
