Colgate B07XFFSCXP

Colgate Cavity Protection Fluoride Toothpaste Single-Use Pack Instruction Manual

Model: B07XFFSCXP

1. PRODUCT OVERVIEW

The Colgate Cavity Protection Fluoride Toothpaste is provided in convenient single-use foil packs. This design ensures portability and ease of storage, making it suitable for travel or on-the-go use. Each pack contains anticavity fluoride toothpaste formulated to strengthen tooth enamel.

Image 1.1: Front view of the Colgate Cavity Protection Fluoride Toothpaste single-use pack packaging, highlighting the brand and product type.

Key Features:

- **Cavity Protection:** Formulated with fluoride to help protect against cavities.
- **Enamel Strengthening:** Active fluoride strengthens tooth enamel.
- **Convenient Single-Use Packs:** Ideal for travel, guests, or daily use.
- **Regular Flavor:** Provides a fresh and clean feeling.

2. SAFETY INFORMATION

Please read and understand all safety information before using this product.

- **Keep out of reach of children under 6 years of age.**
- If more than the amount used for brushing is accidentally swallowed, seek medical help or contact a Poison Control Center immediately.

Image 2.1: The ADA Accepted logo, indicating the product meets American Dental Association standards for safety and efficacy.

3. DIRECTIONS FOR USE

Follow these instructions for effective use of the toothpaste.

General Usage:

1. Tear open one single-use foil pack.
2. Apply a pea-sized amount of toothpaste to a toothbrush.
3. Brush teeth thoroughly for two minutes.
4. Rinse mouth thoroughly after brushing.
5. Use preferably twice a day, or as directed by a dentist or physician.

Image 3.1: A toothbrush with Colgate Cavity Protection toothpaste applied, ready for brushing.

Specific Age Group Directions:

- **Adults and children 2 years of age and older:** Brush teeth thoroughly, preferably after each meal or at least twice a day, or as directed by a dentist or a physician.
- **Children 2 to 6 years:** Use only a pea-sized amount and supervise child's brushing and rinsing (to minimize swallowing).
- **Children under 2 years:** Consult a dentist or a physician.

Leaves mouth feeling fresh and clean
