4.2 Installing the Wooask APP

For photo translation and enhanced features, download and install the Wooask APP on your smartphone. The app is available on both iOS and Android app stores.

1. Search for "Wooask" in your device's app store.
2. Download and install the application.
3. Follow the on-screen instructions to pair your ASHATA G5 Smart Translator with the app via Bluetooth.

5. OPERATING INSTRUCTIONS

5.1 Voice Translation

The ASHATA G5 Smart Translator supports two-way voice translation. Ensure the device is powered on and connected to the internet (via Wi-Fi or your smartphone's hotspot if using the app).

1. **Select Languages:** Use the device's buttons or the Wooask APP to select the source and target languages for translation. The device supports over 40 languages.
2. **Speak:** Press and hold the designated button (refer to device markings for specific buttons for each language direction) and speak clearly into the microphone.
3. **Release:** Release the button once you have finished speaking. The device will process your speech and play the translation aloud in the target language.

**The language covers more than 200 countries in the world, 40+ languages
Supports two-way translation, and barrier-free communication.**
