Hot Wheels GLC89

Hot Wheels Track Builder Unlimited Long Jump Pack Instruction Manual

Model: GLC89

Product Overview

The Hot Wheels Track Builder Unlimited Long Jump Pack is designed to expand your Hot Wheels track system, offering dynamic stunt possibilities. This pack includes a versatile 'flippable' ramp, a launcher, track pieces, and cross connectors, allowing for creative track configurations and exciting jumps. It is compatible with other Hot Wheels sets (sold separately) for endless building and play scenarios.

Safety Information

Warning: Not suitable for children under 36 months. Please note: small parts.

What's in the Box

Your Hot Wheels Track Builder Unlimited Long Jump Pack includes the following components:

- One Hot Wheels 1:64 scale vehicle
- Versatile ramp with 'flippable' feature
- Launcher
- Track pieces
- Cross connectors

Image: All components included in the Long Jump Pack.

Setup Instructions

1. **Unpack Components:** Carefully remove all track pieces, the launcher, the ramp, cross connectors, and the Hot Wheels vehicle from the packaging.
2. **Connect Track Pieces:** Assemble the orange track pieces by snapping them together. Ensure a secure connection for smooth car movement.
3. **Attach Launcher:** Connect the blue launcher unit to one end of your assembled track. The launcher is designed to propel the car forward.

Image: Placing the car into the launcher.

4. **Integrate Ramp:** Attach the blue and yellow ramp piece to your track. This ramp can be positioned to create a jump or flipped to allow cars to pass through underneath. Use the cross connectors to stabilize the ramp if needed.

Image: The versatile ramp can be used for jumps or as a pass-through.

5. **Expand Your Track (Optional):** This pack is designed to connect with other Hot Wheels Track Builder sets (sold separately) to create larger and more complex layouts.

Operating Instructions

1. **Place Car:** Position the Hot Wheels vehicle at the starting point of the launcher. Ensure it is seated correctly.
2. **Engage Launcher:** Pull back the launcher mechanism until it locks into place.
3. **Launch Car:** Press the release button or lever on the launcher to propel the car down the track.
4. **Perform Jumps:** If the ramp is set for a jump, observe the car as it attempts to clear the gap. Experiment with different launch speeds and track lengths to achieve various jump distances.

Image: Car performing a long jump over the ramp.

5. **Utilize Pass-Through:** If the ramp is flipped, the car will pass smoothly underneath, allowing for continuous track flow.

Official Product Videos

There are no official product videos from the seller available for this item. Please refer to the images and text instructions for guidance.

Maintenance

To ensure the longevity and optimal performance of your Hot Wheels Track Builder Unlimited Long Jump Pack:

- **Cleaning:** Wipe down track pieces and components with a dry or slightly damp cloth. Do not submerge in water.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent warping or damage to plastic components.
- **Inspection:** Periodically check all connections and moving parts for wear and tear. Replace any damaged components if necessary.

Troubleshooting

Problem	Possible Cause	Solution
Car does not launch properly.	Launcher mechanism not fully engaged or car not positioned correctly.	Ensure the launcher is pulled back until it clicks. Verify the car is seated flat and straight in the launcher.
Car does not make the jump.	Insufficient speed or incorrect ramp angle.	Ensure the launcher is fully engaged for maximum speed. Adjust the distance of the ramp from the launcher or try different car models.

Problem	Possible Cause	Solution
Track pieces disconnect easily.	Connections are not secure or track is on an uneven surface.	Press connections firmly until they click into place. Set up the track on a flat, stable surface.
Cars won't fit in the track.	Using non-Hot Wheels 1:64 scale vehicles or damaged track.	Ensure you are using standard Hot Wheels 1:64 scale vehicles. Inspect track for any deformities or blockages.

Specifications

Product Dimensions: 2.36 x 12.2 x 7.48 inches

Item Weight: 3.53 ounces

Model Number: GLC89

Manufacturer Recommended Age: 4 years and up

Release Date: January 1, 2020

Language: Multilingual

Manufacturer: Mattel
