XIAOMI Mi LED Desk Lamp 1S

Xiaomi Mi LED Desk Lamp 1S User Manual

Model: BHR5967EU

1. INTRODUCTION

Thank you for choosing the Xiaomi Mi LED Desk Lamp 1S. This intelligent desk lamp is designed to provide versatile and comfortable lighting for various tasks, featuring adjustable brightness, color temperature, and smart home integration. Please read this manual thoroughly before use and retain it for future reference.

The Xiaomi Mi LED Desk Lamp 1S features a minimalist design with a slender light bar and a stable round base.

2. IMPORTANT SAFETY INFORMATION

- Ensure the power adapter is compatible with your local power supply voltage before connecting.
- Do not disassemble, repair, or modify the lamp yourself. Contact qualified service personnel for assistance.
- Avoid placing the lamp in high-temperature, humid, or dusty environments.
- Keep the lamp away from water and other liquids.
- Do not cover the lamp with cloth or other materials as this may impede heat dissipation.
- This lamp is for indoor use only.
- The external flexible cable or cord of this luminaire cannot be replaced; if the cord is damaged, the luminaire shall be destroyed.

3. PACKAGE CONTENTS

Please check the package contents carefully. If any items are missing or damaged, contact your retailer.

- Power Adapter
- User Manual

4. SETUP

4.1 Physical Setup

1. **Unpack the Lamp:** Carefully remove the lamp and all accessories from the packaging.
2. **Place the Lamp:** Position the lamp on a stable, flat surface.
3. **Connect Power:** Insert the power adapter cable into the lamp's power port, then plug the adapter into a suitable electrical outlet. Ensure the power adapter is appropriate for your region.

4.2 Smart Home Integration

The Xiaomi Mi LED Desk Lamp 1S supports integration with the Mi Home app, Apple HomeKit, Amazon Alexa, and Google Assistant for enhanced control.

This image illustrates the lamp's compatibility with Apple HomeKit, Google Assistant, and Amazon Alexa, alongside its iF and Red Dot design awards.

1. **Download the Mi Home App:** Search for "Mi Home" in your device's app store and install it.
2. **Add Device:** Open the Mi Home app, log in or create an account. Tap the "+" icon to add a new device. Follow the on-screen instructions to connect your lamp to your Wi-Fi network. Ensure your app region settings are compatible with the lamp's firmware for optimal functionality.
3. **Integrate with Smart Assistants:** Once connected to the Mi Home app, you can link your Mi Home account to Apple HomeKit, Amazon Alexa, or Google Assistant through their respective apps or settings. Follow the instructions provided by each smart assistant platform to enable voice control and automation.

5. OPERATING INSTRUCTIONS

5.1 Manual Controls (Control Knob)

The lamp features a single control knob on its base for easy adjustments:

- **Power On/Off:** Press the knob once to turn the lamp on or off.
- **Adjust Brightness:** Rotate the knob clockwise to increase brightness, and counter-clockwise to decrease brightness.
- **Adjust Color Temperature:** Press and hold the knob, then rotate it to change the color temperature. Rotate clockwise for cooler light (more white/blue) and counter-clockwise for warmer light (more yellow).

5.2 Lighting Modes

The lamp offers 4 different lighting modes suitable for various needs:

- **Focus Mode:** Helps improve concentration by providing a specific light setting.
- **Read Mode:** Optimized for reading, reducing eye strain.
- **Computer Mode:** Designed to reduce blue light exposure during screen time.
- **Child Mode:** Provides a softer, gentler light suitable for children.

These modes can typically be selected and customized via the Mi Home app.

The lamp provides focused illumination, ideal for reading or working, with adjustable brightness and color temperature.

5.3 App Control

Using the Mi Home app, you can:

- Turn the lamp on/off remotely.
- Adjust brightness and color temperature precisely.
- Select and customize lighting modes.
- Set schedules and timers.
- Update firmware.

5.4 Voice Control

Once integrated with Apple HomeKit, Amazon Alexa, or Google Assistant, you can control your lamp using voice commands. Examples include:

- "Hey Siri, turn on the desk lamp."
- "Alexa, set desk lamp brightness to 50%."
- "Hey Google, change desk lamp to warm white."

6. MAINTENANCE

- Always disconnect the power before cleaning.
- Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Ensure no liquid enters the lamp's internal components.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply; loose connection; faulty adapter.	Check if the power adapter is securely plugged into the lamp and the wall outlet. Ensure the outlet is functional. Verify the power adapter is correct for your region.
Cannot connect to Mi Home app or smart assistant.	Incorrect Wi-Fi password; lamp out of Wi-Fi range; app region mismatch; network issues.	Ensure your Wi-Fi network is 2.4GHz. Verify the Wi-Fi password. Move the lamp closer to the router. Check if the Mi Home app region setting matches the lamp's intended region. Reset the lamp and try pairing again.
Brightness or color temperature adjustment not working.	Control knob malfunction; app connectivity issue.	Try adjusting via the Mi Home app. If using the knob, ensure you are pressing and holding correctly for color temperature. Restart the lamp by unplugging and re-plugging.
Lamp flickers or behaves erratically.	Unstable power supply; internal fault.	Try plugging the lamp into a different power outlet. If the issue persists, discontinue use and contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Name	Desk Lamp 1S
Item Model Number	BHR5967EU
Brand	XIAOMI
Light Source Type	LED
Brightness	520 Lumens (Maximum Light Output)
Wattage	9 watts
