CHACON 54671

CHACON 54671 Mini Remote Control Smart Plugs User Manual

Model: 54671 | Brand: CHACON

INTRODUCTION

Welcome to the user manual for your CHACON 54671 Mini Remote Control Smart Plugs. This manual provides essential information for the safe and efficient operation of your device. Please read it thoroughly before use and retain it for future reference.

PACKAGE CONTENTS

- 4 x CHACON Mini Remote Control Plugs
- 1 x Remote Control (with 1 CR2032 battery included)
- 1 x User Manual (this document)

Image: The CHACON set includes four mini remote control plugs and one remote control unit.

IMPORTANT SAFETY INFORMATION

- For indoor use only.
- Do not exceed the maximum load of 2300W.

- Ensure the plugs are fully inserted into the wall socket.
- Do not immerse in water or expose to excessive moisture.
- Keep out of reach of children.
- Do not attempt to disassemble or repair the device.

Setup and Pairing

Your CHACON Mini Remote Control Plugs are pre-paired from the factory. If re-pairing is necessary or if you wish to change the assigned channel, follow these steps:

1. Plug the mini remote control plug into a wall socket. The LED indicator on the plug will flash.
2. Within 6 seconds of plugging in, press the desired "ON" button (1, 2, 3, or 4) on the remote control.
3. The LED indicator on the plug will stop flashing and remain lit for a moment, then turn off, indicating successful pairing.
4. Repeat for each plug and desired remote control channel.

Image: A single CHACON mini plug shown next to the remote control, illustrating the components involved in the pairing process.

Operation

The remote control allows you to switch connected devices ON and OFF wirelessly.

Using the Remote Control

- Each pair of "ON" and "OFF" buttons (1-4) corresponds to a specific plug.
- To turn a device ON: Press the corresponding "ON" button (e.g., "1 ON").
- To turn a device OFF: Press the corresponding "OFF" button (e.g., "1 OFF").

Manual Override

Each plug has a manual button on its side. Pressing this button will toggle the power state (ON/OFF) of the connected device.

MAINTENANCE

Cleaning

Wipe the plugs and remote control with a dry, soft cloth. Do not use abrasive cleaners or solvents.

Remote Control Battery Replacement

The remote control uses one CR2032 battery.

1. Locate the battery compartment on the back of the remote control.
2. Open the compartment using a small screwdriver or coin.
3. Remove the old battery and insert a new CR2032 battery, ensuring correct polarity (+/-).
4. Close the battery compartment securely.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Plug does not respond to remote.	Not paired correctly.	Re-pair the plug with the remote control (see Setup section).
Plug does not respond to remote.	Remote control battery is low or dead.	Replace the CR2032 battery in the remote control.
Plug does not respond to remote.	Obstruction or distance.	Ensure the remote is within the 30m range and there are no major obstructions.

| Problem	Possible Cause	Solution
Device connected to plug does not turn on.	Device is faulty or switched off manually.	Check the device's power switch and ensure it is functioning correctly.
Plug LED does not light up.	No power to the wall socket.	Check the wall socket with another device.
