## KCO T1003

# KCO Lighting Mid Century Modern Table Lamp (Model T1003) - Instruction Manual

Brand: KCO | Model: T1003

## INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your KCO Lighting Mid Century Modern Table Lamp, Model T1003. Please read all instructions carefully before assembly and operation. Keep this manual for future reference.

## IMPORTANT SAFETY INFORMATION

- Ensure the power supply is disconnected before assembly, disassembly, or cleaning.
- Use only the specified bulb type (E26 base, max 60 watts).
- Do not expose the lamp to water or excessive moisture. This product is for indoor use only.
- Keep the lamp away from flammable materials.
- If any part of the lamp is damaged, discontinue use and contact customer service.
- Do not attempt to modify the lamp's electrical components.

## PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with assembly.

- Lamp Base with Frame (Black Metal)
- Frosted White Glass Globe Lampshade
- E26 LED Light Bulb (Included)
- Power Cord with ON/OFF Switch

**Figure 1:** Components of the KCO Lighting Mid Century Modern Table Lamp. This image displays the separate parts including the metal base, the circular metal frame, the frosted glass globe, and the light bulb, illustrating how they fit together during assembly.

## SETUP AND ASSEMBLY

---

Follow these steps to assemble your table lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging and place them on a clean, flat surface.
2. **Attach Frame to Base:** The circular metal frame is typically pre-attached to the base. Ensure it is securely fastened.
3. **Install Light Bulb:** Gently screw the provided E26 LED light bulb into the lamp socket located within the circular frame. Do not overtighten.
4. **Attach Glass Globe:** Carefully screw the frosted white glass globe lampshade onto the lamp socket, covering the bulb. Ensure it is secure but avoid excessive force to prevent cracking.
5. **Position the Lamp:** Place the assembled lamp on a stable, flat surface. The heavy metal base provides stability.
6. **Connect to Power:** Plug the power cord into a standard 110-240V electrical outlet.

**Figure 2:** Detail of the lamp's base and the secure attachment of the glass globe. This image highlights the connection points and the sturdy metal construction.

## OPERATING INSTRUCTIONS

Your KCO Lighting Table Lamp is designed for ease of use.

- **Power On/Off:** Use the ON/OFF switch located on the power cord to turn the lamp on or off.
- **Dimming Function:** If using a dimmable E26 bulb and a compatible dimmable switch (not included), the lamp can be fully dimmed to adjust brightness levels.

**Figure 3:** The KCO Lighting Table Lamp in operation, providing warm illumination. This image demonstrates the lamp's light output in a typical room setting.

## CARE AND MAINTENANCE

---

To ensure the longevity and appearance of your lamp:

- **Cleaning:** Disconnect the power before cleaning. Wipe the metal parts with a soft, dry cloth. For the glass globe, use a soft, damp cloth and mild cleaner if necessary, then dry thoroughly. Avoid abrasive cleaners.
- **Bulb Replacement:** Ensure the lamp is unplugged and cool before replacing the bulb. Unscrew the glass globe, then carefully remove the old E26 bulb and replace it with a new one (max 60 watts).
- **Storage:** If storing the lamp, ensure it is clean and dry. Store in a cool, dry place, preferably in its original packaging to prevent damage.

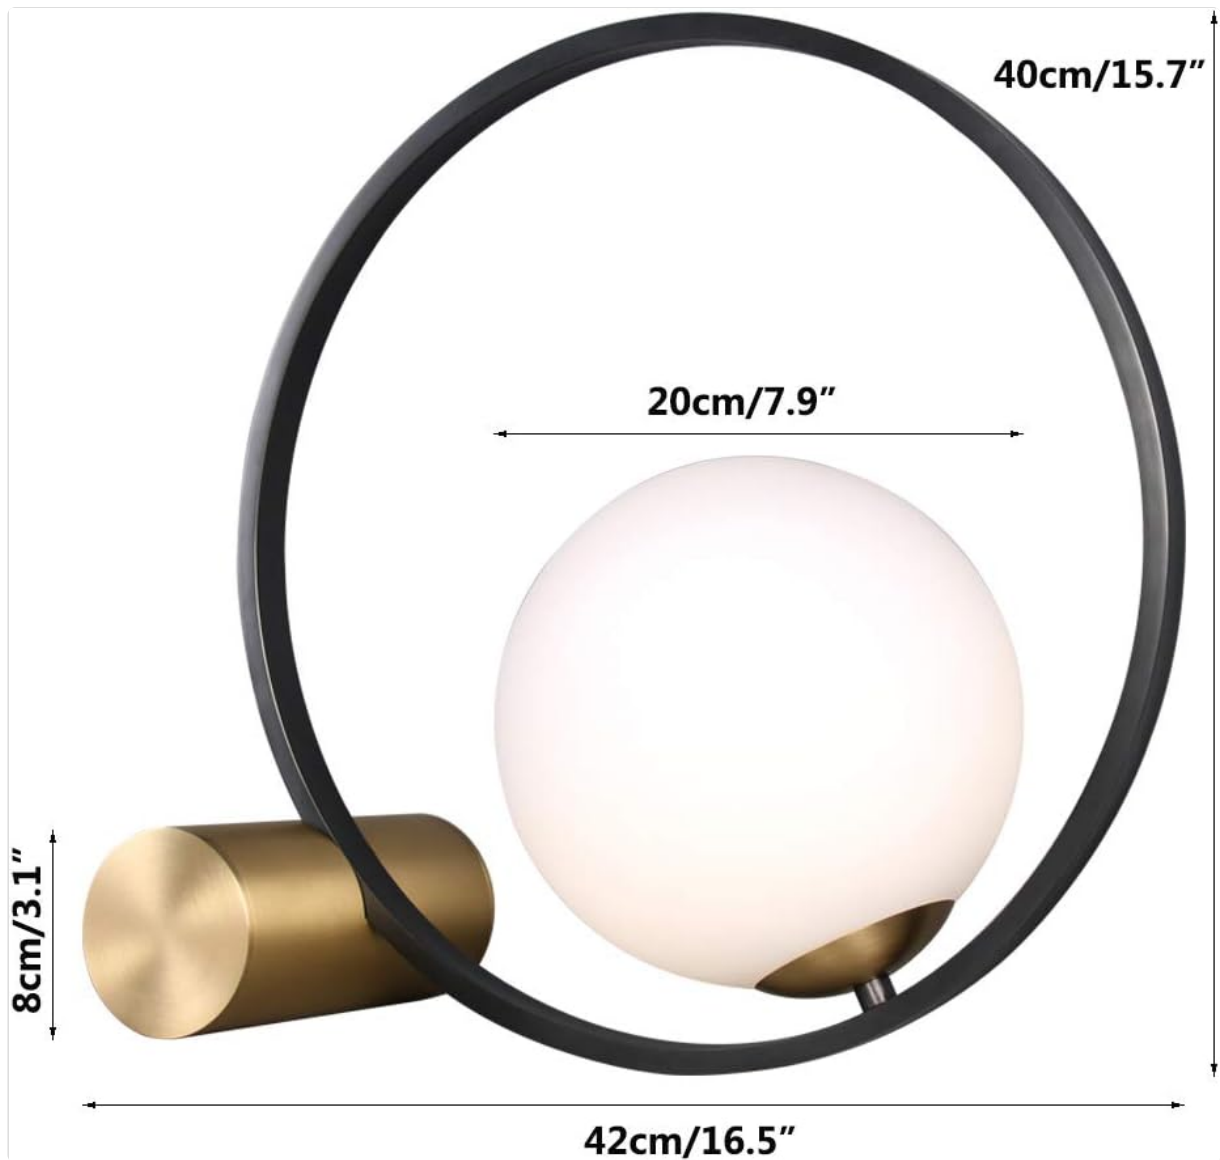

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in. Bulb is loose or faulty. Power outlet is not working.	Ensure the power cord is securely plugged into a working outlet. Check if the bulb is screwed in tightly. Replace the bulb if necessary. Test the outlet with another device.
Light flickers.	Loose bulb connection. Incompatible dimmable bulb/switch.	Tighten the bulb. Ensure dimmable components are compatible.
Glass globe is unstable or difficult to attach.	Improper alignment during assembly. Missing or damaged securing components.	Carefully re-align and screw the globe onto the socket. If parts are missing or damaged, contact customer service for assistance.

## SPECIFICATIONS

Feature	Detail
Model Number	T1003
Product Dimensions	16.5"D x 7.9"W x 15.7"H (42cm x 20cm x 40cm)
Item Weight	5.59 Pounds
Material	Metal (Black), Glass (Frosted White)
Finish Type	Polished
Bulb Base	E26
Maximum Wattage	60 Watts
Voltage	110-240V
Light Source Type	LED
Color Temperature	3000 Kelvin (Warm White)
Special Feature	Dimmable (with compatible bulb and switch)
Switch Type	Push Button (on cord)
Room Type	Bedroom, Living Room, Dining Room, Study Room, Office, Cafe
Indoor/Outdoor Usage	Indoor Use Only
