VIZIO D32h-G9

VIZIO D-Series™ 32" Class Smart TV User Manual

Model: D32h-G9

INTRODUCTION

This manual provides comprehensive instructions for setting up, operating, and maintaining your VIZIO D-Series™ 32" Class (31.5" Diag.) Smart TV. This television features HD resolution, full array LED backlighting, and VIZIO SmartCast with Apple AirPlay 2 and Chromecast Built-in, offering an enhanced entertainment experience. Please read this manual thoroughly before using your TV to ensure proper operation and to maximize its features.

SETUP

1. Unboxing and Contents

Carefully remove all items from the packaging. Ensure the following components are present:

- VIZIO D-Series™ 32" Class Smart TV
- Power Cable
- Remote Control (requires 2 AAA batteries, included)
- TV Stand (2 pieces)
- Screws for Stand Installation
- Quick Start Guide (not part of this manual)

2. Stand Installation

If you plan to place your TV on a flat surface, you will need to attach the included stand. Place the TV screen-down on a soft, clean surface to prevent scratches. Align each stand piece with the corresponding slots on the bottom of the TV and secure them with the provided screws. Ensure the stand is firmly attached before placing the TV upright.

3. Connecting Your TV

Connect the power cable to the TV's power input and then to a wall outlet. For external devices such as cable boxes, gaming consoles, or Blu-ray players, use HDMI cables to connect them to the HDMI ports on the back of your TV. The TV

also supports USB and Ethernet connectivity.

Image: The VIZIO D-Series Smart TV showcasing its SmartCast interface with popular streaming services like Netflix, Prime Video, Hulu, and FandangoNOW, along with content suggestions. The VIZIO logo is visible at the bottom center of the TV frame.

4. Initial Setup and Network Connection

Upon first power-on, the TV will guide you through the initial setup process. This includes selecting your language, connecting to your Wi-Fi network (or using an Ethernet cable), and performing a channel scan if you are using an antenna. Follow the on-screen prompts to complete the setup.

OPERATING YOUR VIZIO SMART TV

1. Remote Control Functions

The included remote control allows you to navigate the TV's menus, adjust volume, change channels, and access SmartCast features. Familiarize yourself with the buttons for power, input selection, volume, channel, navigation (arrow keys, OK), and dedicated app buttons (if present).

2. SmartCast Home

SmartCast Home provides easy access to your favorite streaming apps like Netflix, Hulu, and more. Use the remote to browse content, launch applications, and manage your entertainment. The interface is designed for intuitive navigation.

3. Chromecast Built-in

Your VIZIO Smart TV has Chromecast built-in, allowing you to cast content from thousands of compatible apps on your smartphone, tablet, or computer directly to the TV. Simply tap the Cast icon within a supported app to begin streaming.

4. VIZIO WatchFree™

Enjoy free TV from over 150 channels with VIZIO WatchFree™. Access this feature directly from the SmartCast Home screen to explore a wide variety of live and on-demand content without subscriptions.

5. VIZIO SmartCast Mobile App

Download the VIZIO SmartCast Mobile app to your smartphone or tablet for enhanced control. The app allows you to power on/off the TV, adjust volume, switch inputs, browse content, and stream entertainment to the big screen from anywhere in your home.

MAINTENANCE

1. Cleaning Your TV

To clean the screen, gently wipe it with a soft, dry microfiber cloth. For stubborn marks, slightly dampen the cloth with water or a screen-specific cleaning solution. Avoid using harsh chemicals or abrasive materials. For the TV frame, use a soft, dry cloth.

2. Software Updates

Your VIZIO Smart TV may receive automatic software updates to improve performance and add new features. Ensure your TV is connected to the internet to receive these updates. You can also manually check for updates in the TV's settings menu.

TROUBLESHOOTING

If you encounter issues with your VIZIO Smart TV, refer to the following common problems and solutions:

Problem	Possible Solution
No Power / TV Not Turning On	Ensure the power cable is securely connected to both the TV and a working electrical outlet. Try a different outlet. Check if the remote control batteries need replacement.
No Picture / Black Screen	Verify the correct input source is selected. Check all cable connections (HDMI, etc.) are secure. Try restarting the TV by unplugging it for 30 seconds and plugging it back in.
Poor Wi-Fi Connection / Buffering	Ensure your Wi-Fi router is within reasonable range and not obstructed. Try moving the router closer or using a Wi-Fi extender. Consider using a wired Ethernet connection for more stable performance. Restart your router and modem.
Remote Control Unresponsive / Slow	Replace the remote control batteries. Ensure there are no obstructions between the remote and the TV's IR sensor. If using the SmartCast Mobile app, ensure both the TV and phone are on the same network.
No Sound	Check the volume level and ensure the TV is not muted. Verify external audio devices (soundbar, receiver) are properly connected and powered on. Check audio settings in the TV menu.

SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
