Geeni GN-CW016-199

Geeni Smart Floodlight Camera User Manual

Model: GN-CW016-199
Brand: Geeni

Introduction

The Geeni Smart Floodlight Camera is an advanced outdoor surveillance device designed to enhance your home security. It features 1080P HD video, motion detection, night vision, and two-way audio communication. This camera integrates seamlessly with your home WiFi and is compatible with popular smart home platforms like Alexa and Google Assistant. Its waterproof design ensures reliable performance in various weather conditions.

Safety Information

- Ensure power is disconnected before installation or maintenance.
- Installation should be performed by a qualified electrician if you are not familiar with electrical wiring.
- Do not submerge the device in water. While weatherproof, it is not designed for submersion.
- Keep out of reach of children.
- Operate within specified voltage and wattage limits (240 Volts, 24 watts).

Package Contents

- Smart Wi-Fi Floodlight + Security Camera
- Mounting Bracket
- Installation Screws
- User Manual (this document)

- Reset Pin

Setup Guide

1. Installation

The Geeni Smart Floodlight Camera requires hard wiring for power. It is designed for wall mounting. Ensure the mounting surface is stable and can support the device's weight. Follow local electrical codes and safety guidelines during installation.

2. App Download and Connection

1. Download the **Geeni app** from the App Store (iOS) or Google Play Store (Android).
2. Create an account or log in if you already have one.
3. Power on the floodlight camera. The camera will enter pairing mode.

4. In the Geeni app, tap the "+" icon to add a new device.
5. Select "Floodlight Camera" from the device list.
6. Follow the on-screen instructions to connect the camera to your **2.4 GHz Wi-Fi network**. Ensure your Wi-Fi signal is strong at the installation location.

Operating Instructions

Live Streaming and Recording

Access real-time 1080P HD video from your camera anytime, anywhere via the Geeni app. The wide-angle lens provides comprehensive coverage of your surveillance area. You can also review recorded footage.

Two-Way Audio

The integrated speaker and microphone allow for two-way communication. Speak to visitors or deter unwanted guests

directly through the Geeni app.

Storage Options

The camera supports local storage via a microSD card (not included). Cloud storage options may also be available through the Geeni app for continuous recording and easy access to footage.

Maintenance

- **Cleaning:** Gently wipe the camera lens and floodlight surfaces with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Weatherproof Design:** The camera is IP65 weatherproof, designed to withstand rain and dust. Ensure all connections are sealed properly during installation to maintain its weatherproof rating.
- **Firmware Updates:** Periodically check the Geeni app for available firmware updates to ensure optimal performance and security.

Troubleshooting

Problem	Possible Cause / Solution
Camera not connecting to Wi-Fi.	Ensure your Wi-Fi is 2.4 GHz. The camera does not support 5 GHz networks. Check Wi-Fi signal strength at the camera's location. Move the router closer or use a Wi-Fi extender if needed. Verify correct Wi-Fi password entry. Reset the camera using the provided reset pin and try pairing again.
No motion detection alerts.	Check motion detection settings in the Geeni app; ensure it's enabled and sensitivity is appropriate. Verify app notification permissions on your smartphone. Ensure the camera has a stable internet connection.
Floodlights not turning on.	Check light settings in the Geeni app (e.g., motion-activated, scheduled). Ensure the camera is receiving power. If the camera loses internet connection, the light may not function as expected. Re-establish connection.
Poor video quality.	Clean the camera lens. Ensure stable and strong Wi-Fi connection. Check app settings for video resolution.

Specifications

Feature	Detail
Model Number	GN-CW016-199
