2. Setup and Initial Preparation

Upon receiving your HoneiLife Quilt Set, follow these steps for initial preparation:

1. **Unpack:** Carefully remove the quilt and pillow shams from their packaging.
2. **Initial Wash:** It is recommended to wash the quilt and shams before first use to remove any wrinkles caused by compression packaging and to enhance softness. Refer to the "Maintenance" section for detailed washing instructions.
3. **Ironing (Optional):** If desired, iron the quilt and shams on a low setting after washing to achieve a smooth finish.
4. **Placement:** Place the quilt on your bed. The set includes two pillow shams; insert your pillows into these shams and arrange them on the bed.

4. Maintenance and Care Instructions

Proper care ensures the longevity and appearance of your quilt set. Follow these guidelines:

- **Washing:** Machine wash separately in warm or cold water (below 40°C / 104°F) on a gentle cycle.
- **Detergent:** Use a mild detergent. Do not use bleach.
- **Drying:** Tumble dry on low heat or air dry naturally. Avoid high heat to prevent damage to the fabric and filling.
- **Ironing:** If necessary, iron on a low temperature setting.
- **Storage:** Store in a cool, dry place when not in use.

The exquisite quilting and double stitching are designed to keep the filling uniform and prevent clumping, even after repeated washing.

5. Troubleshooting

Here are solutions to common concerns:

- **Wrinkles:** Due to compression packaging, wrinkles may be present upon arrival. Washing and ironing the quilt as per care instructions will help remove them.
- **Filling Shifting/Clumping:** The quilt is designed with double stitching to prevent filling from shifting. If minor shifting occurs, gently pat and redistribute the filling. Ensure proper washing and drying cycles are followed.
- **Color Fading:** To prevent color fading, always wash in cold or warm water and avoid direct exposure to strong sunlight for prolonged periods during drying. Do not use bleach.
