GiveBest PTC-SH905S

GiveBest PTC-SH905S Portable Electric Space Heater User Manual

Model: PTC-SH905S

1. Important Safety Instructions

Please read and understand all safety instructions before using this heater. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- **General Safety:** Always place the heater on a firm, level surface. Do not use in wet or damp locations. Keep combustible materials such as furniture, pillows, bedding, papers, clothes, and curtains at least 3 feet (0.9 meters) from the front of the heater and keep them away from the sides and rear.
- **Overheat Protection:** This heater is equipped with an automatic safety shutoff system that will turn the heater off if it overheats. If this occurs, unplug the heater, allow it to cool for 30 minutes, and then plug it back in.
- **Tip-Over Protection:** The heater includes a tip-over protection system that automatically shuts off the unit if it is accidentally knocked over. The heater will resume operation automatically once it is uprighted.
- **Material Safety:** The heater is constructed with upgraded ABS flame-retardant material to minimize fire hazards.
- **Electrical Safety:** Avoid using this heater simultaneously with other high-power appliances on the same electrical circuit to prevent circuit overload. Ensure the power cord is not damaged and is properly plugged into a grounded outlet.

2. Product Overview

The GiveBest PTC-SH905S is a portable electric ceramic space heater designed for indoor use. It features two heat settings and a fan-only mode, making it suitable for various climate conditions.

Figure 2.1: Front view of the GiveBest PTC-SH905S Portable Electric Space Heater, showing the ceramic heating element and control knobs.

Key Features:

- **2-in-1 Functionality:** Provides two heat levels (1500W or 750W) and a cool air fan for year-round use.
- **Adjustable Thermostat:** Maintains a desired room temperature by cycling the heater on and off.

- **Compact and Portable:** Features a built-in carry handle for easy relocation.
- **Quiet Operation:** Operates at less than 45 decibels, suitable for bedrooms and offices.
- **Fast Heating:** PTC ceramic heating technology and a high-speed fan can heat up to 200 square feet quickly.

3. Setup

Follow these steps to set up your heater for first use:

1. **Unpack:** Carefully remove the heater from its packaging. Retain packaging for future storage.
2. **Placement:** Place the heater on a firm, level, and stable surface. Ensure there is at least 3 feet (0.9 meters) of clear space around the heater, especially from walls, furniture, and curtains. Do not block air intake or exhaust vents.
3. **Power Connection:** Plug the heater's 2-prong power cord into a standard 120V AC electrical outlet. Ensure the outlet is in good condition and not overloaded.

Figure 3.1: Proper placement of the heater on a desk, illustrating its heating coverage.

4. Operating Instructions

The heater features two control knobs on the top for power/mode selection and thermostat adjustment.

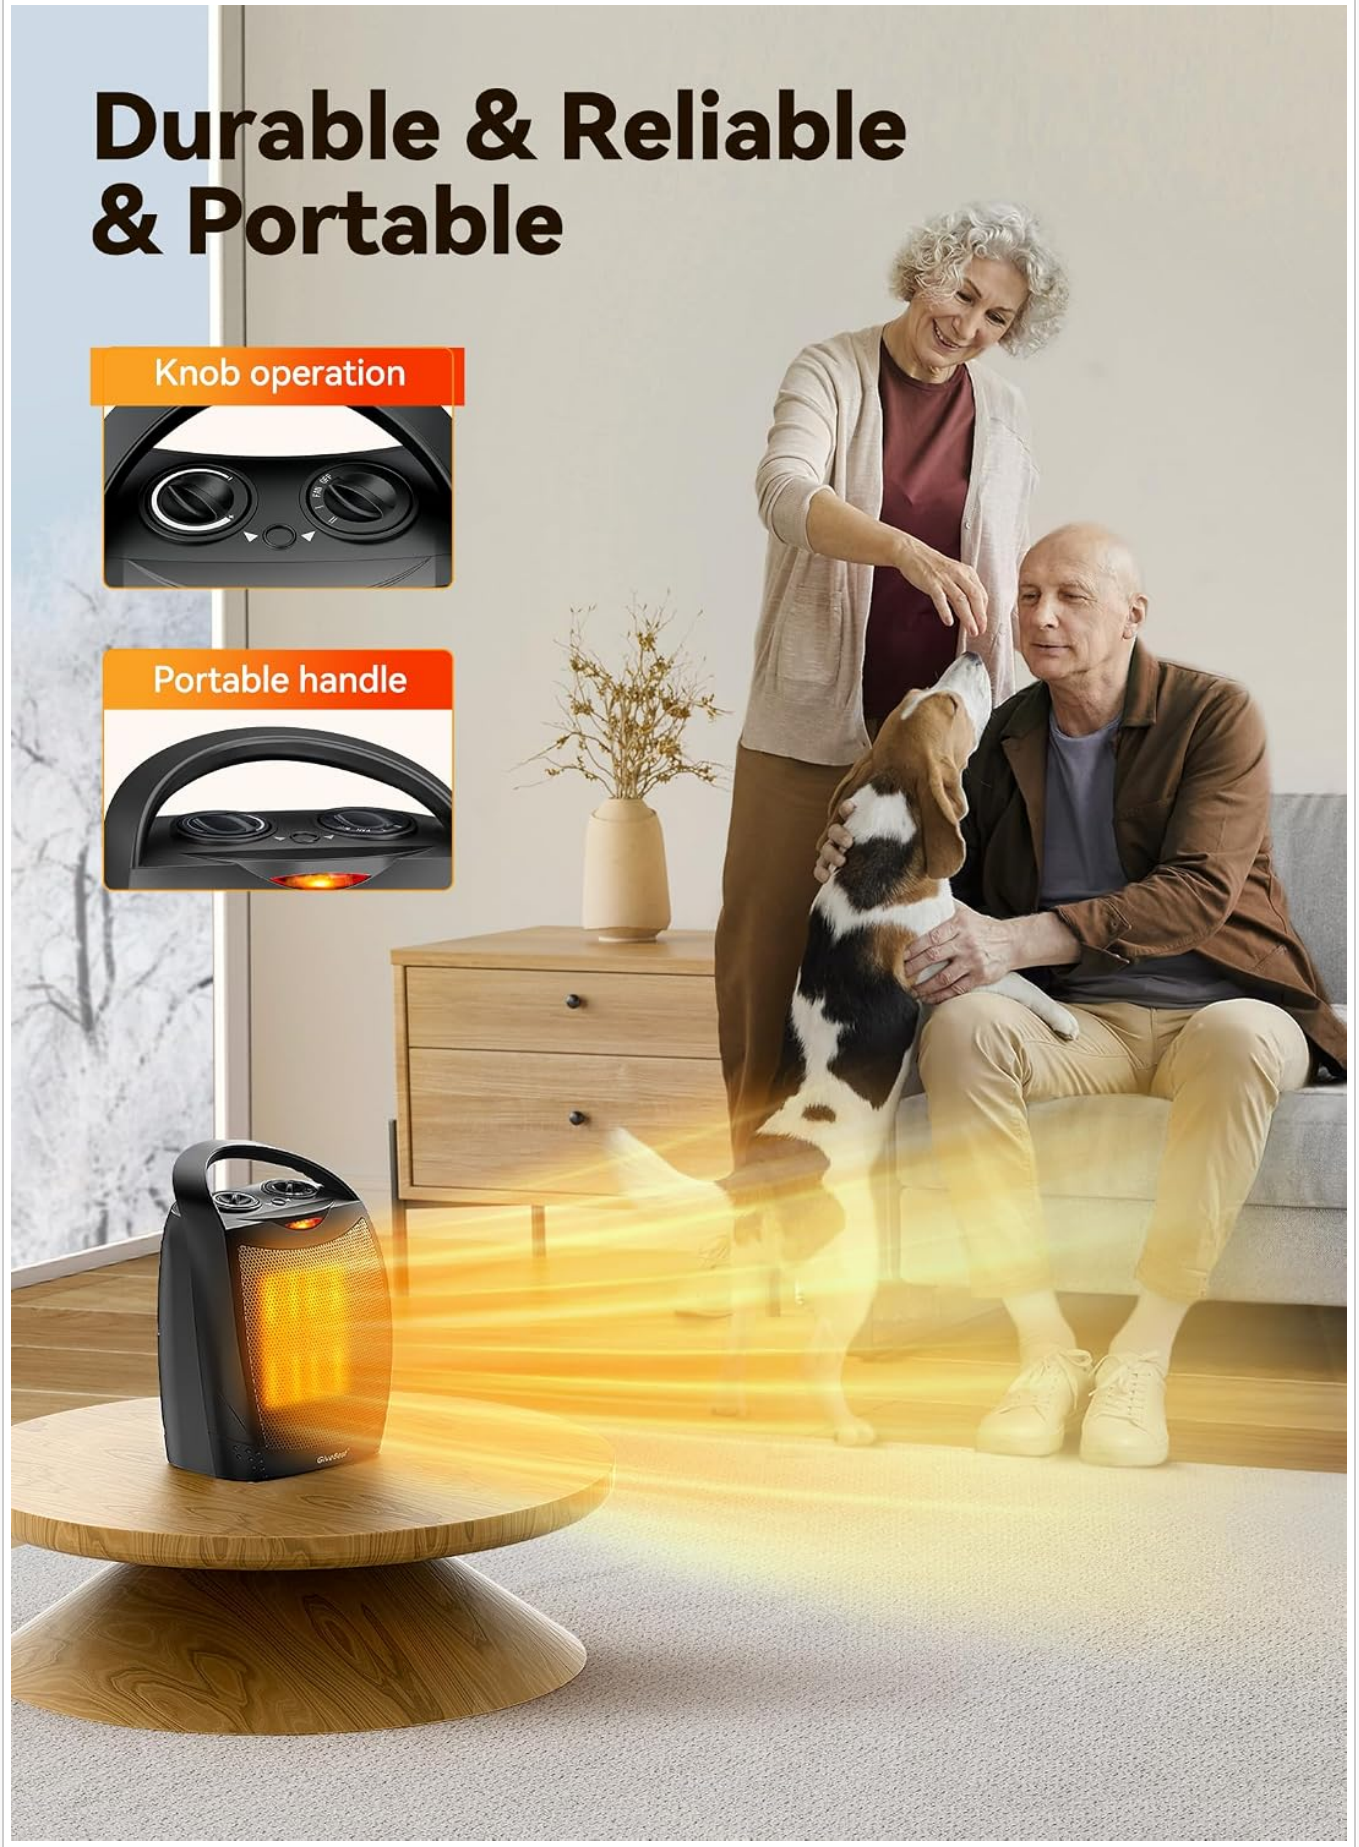

Figure 4.1: Top view showing the control knobs and integrated carry handle.

1. **Power On/Off and Mode Selection:**
    - Turn the left knob to select the desired operating mode:
    - **OFF:** Turns the heater off.

- **FAN:** Activates the fan-only mode for cool air circulation.
- **LOW (750W):** Provides low heat output.
- **HIGH (1500W):** Provides high heat output.

2. **Thermostat Adjustment:**
    - Turn the right knob to adjust the thermostat.
    - Rotate clockwise for a higher temperature setting, and counter-clockwise for a lower setting.
    - The heater will cycle on and off to maintain the set temperature.

Figure 4.2: The heater operating quietly in a bedroom, demonstrating its low noise level.

5. Maintenance

Regular maintenance ensures optimal performance and longevity of your heater.

1. **Cleaning:**
    - Always unplug the heater and allow it to cool completely before cleaning.
    - Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or solvents.
    - Use a vacuum cleaner with a brush attachment to gently clean the air intake and exhaust grilles to remove dust and lint.
    - Never immerse the heater in water or allow water to drip into the interior.
2. **Storage:**
    - If storing the heater for an extended period, clean it thoroughly.
    - Store the heater in its original packaging in a cool, dry place.
    - Avoid placing heavy objects on top of the heater during storage.

6. Troubleshooting

If you encounter issues with your heater, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Heater does not turn on.	Not plugged in, power switch off, tip-over switch activated, overheat protection activated.	Ensure power cord is securely plugged in. Turn power switch to ON. Place heater on a flat, stable surface. Unplug and allow to cool for 30 minutes before restarting.
Heater stops unexpectedly.	Overheat protection activated, tip-over protection activated, thermostat reached set temperature.	Unplug and allow to cool. Ensure heater is upright. Adjust thermostat to a higher setting if continuous heat is desired.
Insufficient heat output.	Low heat setting selected, thermostat set too low, room size too large.	Select HIGH (1500W) setting. Increase thermostat setting. Ensure heater is appropriate for the room size (up to 200 sq ft).
Unusual noise.	Dust/debris in fan, loose component.	Unplug and clean air grilles. If noise persists, discontinue use and contact customer support.

7. Specifications

Feature	Specification
Brand	GiveBest
Model Number	PTC-SH905S
Color	Black
Form Factor	Tower
Indoor/Outdoor Usage	Indoor
Product Dimensions	1"D x 1"W x 1"H (Actual dimensions are approximately 7"L x 5.1"W x 9.3"H based on image)

Feature	Specification
Recommended Uses	Desk, Home, Office
Mounting Type	Floor Mount
Room Type	Bathroom, Bedroom, Dining Room, Home Office, Living Room
Heating Coverage	200 sq.ft
Heat Output	1500W / 750W
Fuel Type	Electric
Number of Speeds	3 (Fan, Low Heat, High Heat)
Voltage	120V
Item Weight	2.6 pounds
Special Feature	Tip-Over Protection, Overheat Protection, Thermostat
