

Igloo IGLICEB33SS

Igloo Electric Countertop Ice Maker Machine User Manual

Model: IGLICEB33SS

INTRODUCTION

This manual provides important information regarding the safe operation, maintenance, and troubleshooting of your Igloo Electric Countertop Ice Maker Machine. Please read it thoroughly before first use and keep it for future reference. The Igloo Electric Countertop Ice Maker is designed for convenience, producing ice quickly and efficiently for various uses, from beverages to keeping food cold. Its compact and portable design makes it suitable for home use, small gatherings, or even recreational vehicles.

SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury to persons.

- Ensure the unit is placed on a stable, level surface away from direct sunlight and heat sources.
- Do not immerse the power cord, plug, or any part of the unit in water or other liquids.
- Unplug the unit from the power outlet before cleaning or when not in use.
- Keep children and pets away from the appliance during operation.
- Use only potable water in the water reservoir.

PRODUCT FEATURES

- **Compact and Portable Design:** Ideal for countertops, home bars, dorm rooms, and offices.
- **High Ice Production:** Produces up to 33 pounds of ice in a 24-hour period.
- **Quick Ice Making:** Makes 9 small or large cylinder-shaped ice cubes in as little as 7 minutes.
- **2.5-Quart Water Tank:** Ensures continuous ice production.
- **2-Pound Ice Basket Capacity:** Conveniently stores freshly made ice.
- **LED-Lighted Control Panel:** Easy to operate with indicators for "ADD WATER" and "ICE FULL".
- **Selectable Ice Cube Sizes:** Choose between small or large ice cubes.
- **Viewing Window:** Allows monitoring of the ice-making process.
- **Included Accessories:** Comes with a plastic scoop and removable ice basket.

SETUP

1. **Unpacking:** Carefully remove all packaging materials and inspect the unit for any damage. Retain packaging for future storage or shipping.
2. **Placement:** Place the ice maker on a flat, stable, heat-resistant surface. Ensure adequate ventilation around the unit, leaving at least 4 inches of space on all sides. Avoid placing near heat sources or in direct sunlight.
3. **Initial Cleaning:** Before first use, clean the interior of the unit. Remove the ice basket and scoop. Wash them with warm, soapy water, rinse thoroughly, and dry. Wipe the interior of the unit with a soft cloth.
4. **First Use Preparation:** Allow the unit to sit upright for at least one hour before plugging it in. This allows the compressor fluids to settle.
5. **Power Connection:** Plug the unit into a grounded electrical outlet.

QUICKLY FREEZES 9
SMALL OR LARGE
CYLINDER-SHAPED
ICE CUBES IN AS
LITTLE AS 7 MINUTES!

PRODUCES 33
LBS. OF ICE IN A
24 HOUR PERIOD

OPERATING INSTRUCTIONS

1. **Add Water:** Open the top lid and remove the ice basket. Fill the water reservoir with potable water up to the MAX water level mark. Do not overfill.
2. **Power On:** Close the lid and press the **ON/OFF** button on the control panel. The unit will begin the ice-making cycle.
3. **Select Ice Size:** Press the **SELECT** button to choose between small (S) or large (L) ice cube sizes. The corresponding indicator light will illuminate.
4. **Ice Production:** The unit will automatically begin producing ice. The first batch of ice may take slightly longer to form. Subsequent batches will be ready in approximately 7 minutes.
5. **Ice Full Indicator:** When the ice basket is full, the "ICE FULL" indicator light will illuminate, and the unit will temporarily stop making ice. Remove ice from the basket to resume production.
6. **Add Water Indicator:** If the water level in the reservoir is low, the "ADD WATER" indicator light will illuminate. Add more water to the reservoir to continue ice production.

7. **Harvesting Ice:** Use the provided plastic scoop to remove ice from the basket.
8. **Power Off:** To turn off the unit, press the **ON/OFF** button.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your ice maker.

1. Daily Cleaning:

- Unplug the unit.
- Remove the ice basket and scoop.
- Drain any remaining water from the reservoir by unplugging the drain plug located at the bottom of the unit.
- Wipe the interior with a soft cloth and mild detergent. Rinse thoroughly.
- Dry all parts completely before reassembling.

2. Deep Cleaning (Monthly or as needed):

- Prepare a cleaning solution of water and vinegar (1:1 ratio) or a commercial ice maker cleaner.
- Pour the solution into the water reservoir.
- Run the unit through a few ice-making cycles (without consuming the ice) to circulate the cleaning solution.
- Drain the solution completely and rinse the reservoir several times with clean water.
- Wipe down the exterior with a soft, damp cloth.

3. **Storage:** If storing the unit for an extended period, ensure it is completely dry and clean. Store in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit does not turn on.	No power supply.	Check if the unit is properly plugged into a working outlet. Check circuit breaker.
"ADD WATER" indicator is on.	Water reservoir is empty or low.	Add potable water to the MAX level mark.
"ICE FULL" indicator is on.	Ice basket is full.	Remove ice from the basket.
Ice cubes are too small or clumpy.	Room temperature is too high; water is not cold enough.	Ensure room temperature is below 90°F (32°C). Use colder water. Select large ice cube size.
Ice has a strange taste or odor.	Unit needs cleaning; stale water.	Perform a deep cleaning cycle. Use fresh, potable water.

SPECIFICATIONS

- **Model:** IGLICEB33SS
- **Brand:** Igloo
- **Product Dimensions:** 14.17"D x 9.65"W x 11.61"H
- **Weight:** Approximately 2 Pounds (Note: Product description states 2 pounds, but ice makers typically weigh more. Please verify actual product weight upon receipt.)
- **Ice Production Capacity:** Up to 33 lbs per 24 hours
- **Water Tank Capacity:** 2.5 Quarts
- **Ice Basket Capacity:** 2 Pounds
- **Ice Cube Shape:** Cylinder (Bullet-shaped)
- **Ice Cube Sizes:** Small, Large
- **Power:** 115 Watts
- **Country of Origin:** China
