How to Use

For optimal application and wear, follow these steps:

1. **Prepare Lips:** Ensure lips are clean and smooth. If dry or flaky, gently exfoliate before application.
2. **Apply Directly:** Twist the base of the lipstick to reveal the product. Apply directly to the lips, starting from the center and moving outwards.
3. **Even Coverage:** For full coverage, apply a single, even coat. The high-impact color is designed to be intense in one application.
4. **Optional:** For added moisture or a subtle sheen, a thin layer of lip gloss can be applied over the matte lipstick.
