Zippo 65828

Zippo Lighter Insert - Arc User Manual

Model: 65828

1. Introduction

The Zippo Lighter Insert - Arc is designed to provide a modern, windproof heat source for your Classic Zippo lighter case. This rechargeable insert features a double plasma arc beam, offering a reliable and flameless ignition. It is an ideal alternative to traditional fluid inserts, providing convenience and consistent performance.

2. Safety Information

WARNING: KEEP OUT OF REACH OF CHILDREN.

To reduce the risk of injury, users must read this instruction manual thoroughly before operation. This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Do not expose to extreme temperatures or direct sunlight. This product is unsafe to carry on any flight.

3. Setup and Installation

1. **Prepare your Zippo Case:** Open your Classic Zippo lighter case. If an existing insert is present, carefully remove it by pulling it out of the case.
2. **Insert the Arc Insert:** Hold the Zippo Arc Lighter Insert with the ignition button facing the front of the lighter case. Gently slide the insert into the Zippo case until it is fully seated.
3. **Verify Fit:** Ensure the insert fits snugly within the case. The insert is designed to fit all Classic Zippo lighter cases. It does not fit Slim or 1935 Replica cases.

4. Charging Instructions

The Zippo Arc Lighter Insert is powered by a rechargeable 200 mAh IEC battery.

1. **Locate the USB Port:** On the bottom of the insert, locate the micro USB port.
2. **Connect Charging Cable:** Use the provided USB charging cable to connect the insert to a 5V 0.2A USB power source (e.g., computer USB port, wall adapter).
3. **Charging Indicator:** A small LED indicator light will illuminate during charging. It will change color or turn off when fully charged.
4. **Charging Time:** A full charge takes approximately 1 hour. The battery supports up to 300 charges.

5. Operating Instructions

1. **Open the Lid:** Open the lid of your Zippo lighter case as you normally would.
2. **Ignite the Arc:** Double tap the push-button ignition located on the top of the insert. Two plasma beams will cross to create the arc.
3. **Safety Feature:** The arc will automatically shut off after 10 seconds as a safety feature. To re-ignite, simply double tap the button again.

6. Maintenance

- **Cleaning Electrodes:** Periodically inspect the electrodes for any debris or buildup. Gently clean them with a dry, soft brush or cotton swab if necessary. Do not use abrasive materials or liquids.
- **Avoid Water:** The insert is not waterproof. Avoid exposing it to water or other liquids.
- **Storage:** When not in use for extended periods, store the insert in a cool, dry place.

7. Troubleshooting

Problem	Possible Cause	Solution
Arc does not ignite.	Low battery.	Recharge the insert fully.
Arc does not ignite.	Electrodes are dirty or obstructed.	Clean the electrodes with a dry, soft brush.
Insert does not fit in case.	Incorrect Zippo case type.	Ensure you are using a Classic Zippo lighter case. This insert does not fit Slim or 1935 Replica cases.
