Instruction Manual for Sempertex Pastel Matte Assorted Balloons

Model: SPTX-R-12, PM609, PM620, PM630, PM640

Introduction

Thank you for choosing Sempertex Pastel Matte Assorted Balloons. This product includes 12 pieces of 12-inch round latex balloons, featuring a "Happy Birthday Sunshine" design. These high-quality balloons are suitable for various party and event decorations, are helium compatible, and are made from 100% biodegradable natural latex.

Important Safety Warnings

WARNING: CHOKING HAZARD

- Children under eight (8) years can choke or suffocate on uninflated or broken balloons. Adult supervision is required.
- Keep uninflated balloons from children.
- Discard broken balloons at once.
- Always inflate balloons in a well-ventilated area.
- Do not overinflate balloons, as this may cause them to burst.

Image: The product packaging showing a clear bag containing multiple uninflated pastel-colored balloons. The packaging features the "Sempertex" logo and a warning label about choking hazards for children.

Setup: Balloon Inflation

These balloons can be inflated with air or helium.

1. **Prepare the Balloon:** Gently stretch the balloon a few times before inflation to make it more pliable.
2. **Inflation Method:**
    - *For Air Inflation:* Use a hand pump or an electric balloon pump. Insert the nozzle into the balloon's neck and inflate slowly until the desired size is reached. Do not inflate beyond 12 inches in diameter.
    - *For Helium Inflation:* Use a helium tank with a suitable nozzle. Insert the nozzle into the balloon's neck and inflate slowly. Ensure the balloon is fully inflated to float properly, but avoid overinflation.
3. **Tie the Balloon:** Once inflated, tie a knot securely at the neck of the balloon to prevent air or helium from escaping. For helium-filled balloons, attach a ribbon and a weight to prevent them from floating away.

Image: A single inflated pink latex balloon with "Happy Birthday!" text and sun graphics printed on it. This illustrates the appearance of an inflated balloon.

Operating: Display and Usage

Once inflated, these balloons can be used for various decorative purposes:

- **Party Decorations:** Arrange them in bouquets, arches, or scatter them around the party area.
- **Photo Backdrops:** Create a festive backdrop for photos.
- **Gift Embellishment:** Attach to gifts for an extra festive touch.
- **Event Signage:** Use them to highlight specific areas or directions at an event.

For best results, display balloons indoors away from direct sunlight, sharp objects, and extreme temperatures.

Maintenance and Storage

To ensure the longevity of uninflated balloons and proper disposal of used ones:

- **Uninflated Storage:** Store uninflated balloons in a cool, dry place away from direct sunlight and extreme temperatures. Keep them in their original packaging until ready to use.
- **Disposal:** As these balloons are made from 100% biodegradable natural latex, they can be disposed of responsibly.

Dispose of deflated or broken balloons in general waste. Do not release balloons into the environment.

Troubleshooting

Problem	Possible Cause	Solution
Balloon pops during inflation.	Overinflation; contact with sharp objects; manufacturing defect.	Do not overinflate. Ensure inflation area is clear of sharp objects. Discard and use another balloon.
Helium balloon does not float.	Under-inflated; low-quality helium; leak in balloon.	Ensure full inflation. Use high-quality helium. Check for leaks and re-inflate or replace if necessary.
Balloon deflates quickly.	Improperly tied knot; small puncture/leak; extreme temperature changes.	Re-tie knot securely. Inspect for punctures and discard if found. Avoid extreme temperatures.

Specifications

Product Name: Sempertex Pastel Matte Assorted Balloons

Model Numbers: SPTX-R-12, PM609, PM620, PM630, PM640

Quantity: 12 pieces per bag

Size: 12 inches (diameter when inflated)

Material: 100% Natural Latex (Biodegradable)

Compatibility: Air and Helium

Design: "Happy Birthday Sunshine" (Assorted Pastel Matte Colors)

Certifications: CE EN71, ISO 9001:2008

Origin: Made in Colombia

Product Dimensions (Packaging): 26.3 x 23.6 x 8.8 cm

Item Weight (Packaging): 540 g
