# Sonew Noise Cancelling Earplugs User Manual

Model: Sonewatdp4rs37m

## 1. INTRODUCTION

Thank you for choosing Sonew Noise Cancelling Earplugs. These earplugs are designed to provide effective noise reduction, enhance concentration, and protect your hearing in various environments. With a Noise Reduction Rating (NRR) of 25 dB, they are suitable for improving sleep, studying, traveling, and working in noisy conditions.

## 2. SAFETY INFORMATION

---

- Always ensure earplugs are clean before insertion to prevent ear infections.
- Do not push earplugs too deep into the ear canal.
- Keep out of reach of small children to prevent choking hazards.
- If you experience discomfort or pain, remove the earplugs immediately.
- These earplugs are designed for noise reduction, not complete sound blockage. Always be aware of your surroundings, especially in situations requiring attention to warning signals.

## 3. PACKAGE CONTENTS

---

Your Sonew Noise Cancelling Earplugs package includes:

- 1 pair of Sonew Noise Cancelling Earplugs (Blue)
- 1 plastic storage box

## 4. SETUP

---

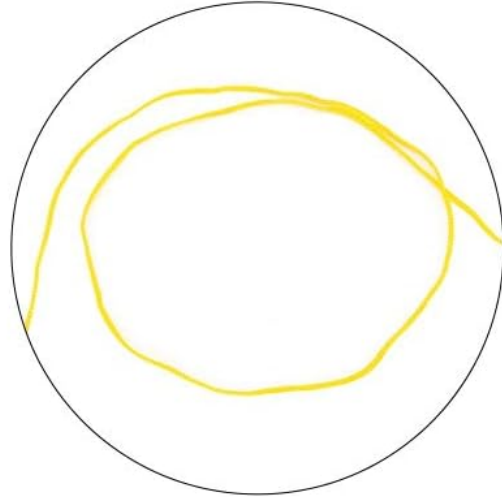

Before first use, ensure the earplugs are clean. They come pre-assembled with the connecting cord.

1. Carefully remove the earplugs from their plastic storage box.
2. Inspect the earplugs for any damage or debris.

Comfortable and safe TPE material,  
no irritation to the skin

Designed with a neck band, it can  
be hung on the neck when not in use

With plastic box, it can be stored in the  
box when it is not used for a long time,  
so it is not easy to lose

## 5. OPERATING INSTRUCTIONS

Follow these steps for proper insertion and use of your earplugs:

1. **Insert the Earplugs:** Gently insert each earplug into your ear canal. Twist slightly if needed to achieve a snug and comfortable fit. The earplug should seal the ear canal without causing discomfort.
2. **Check the Fit:** Once inserted, the earplugs should reduce ambient noise significantly. If noise reduction is insufficient, re-adjust the earplugs for a better seal.
3. **Use the Neckband:** The earplugs are connected by a neckband. When not in use, you can hang the earplugs around your neck for convenient access and to prevent loss.

## 6. MAINTENANCE AND STORAGE

Proper care ensures the longevity and effectiveness of your earplugs:

- **Cleaning:** After each use, clean the earplugs with mild soap and warm water. Rinse thoroughly and allow them to air dry completely before storing. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the earplugs in their provided plastic box when not in use. This protects them from dirt, dust, and damage, and helps prevent them from getting lost. The box features a round hole for attachment to a keyring for easy portability.
- **Inspection:** Regularly inspect the earplugs for any signs of wear, tear, or damage. Replace them if they appear compromised to ensure optimal performance and hygiene.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Insufficient noise reduction	Improper fit or seal in the ear canal.	Re-insert the earplugs, twisting gently to achieve a better seal. Ensure they are fully inserted but not uncomfortably deep.
Discomfort or pain	Earplugs inserted too deeply or incorrect size/shape for your ear.	Remove and re-insert more gently. If discomfort persists, discontinue use.
Earplugs fall out easily	Not inserted deeply enough or ear canal shape.	Ensure a snug fit. The neckband helps prevent complete loss if they loosen.

## 8. SPECIFICATIONS

<b>Feature</b>	<b>Detail</b>
Brand	Sonew
Model Number	Sonewatdp4rs37m
Material	TPE (Thermoplastic Elastomer)
Color	Blue
Noise Reduction Rating (NRR)	25 dB
Signal-to-Noise Ratio (SNR)	29 dB
Recommended Applications	Hearing protection, sleep, study, travel, noisy environments
Size	One size
Reusability	Reusable
Country of Origin	China

25dB NRR, effectively reducing noise interference, reusable and without degrading noise reduction performance

With plastic box, it can be stored in the box when it is not used for a long time, so it is not easy to lose
