SETUP

Initial Charging

Before first use, fully charge the speaker using the provided power adapter. The LED battery indicator lights will show the charging status.

Placement

The speaker can be placed on a flat, stable surface or mounted on a 3.5mm stand. Ensure stable placement to prevent tipping.

OPERATING INSTRUCTIONS

Power On/Off

Locate the power switch on the control panel and turn it to the "ON" position to power on the speaker. Turn it to "OFF" to power down.

Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for "Pyle PSBT85A".
3. Select the speaker from the list to pair. A confirmation sound will indicate successful pairing.

Audio Playback (USB/SD Card)

Insert a USB flash drive or SD card (up to 32GB) containing MP3, WMA, or WAV audio files into the respective slot on the control panel. The speaker will automatically begin playback. Use the control panel or remote for navigation.

Microphone Usage

The included UHF wireless microphone requires (2) x 'AA' batteries (not included). Insert batteries and turn on the microphone. Adjust the microphone volume using the dedicated control on the speaker.

Audio Configuration

Use the Echo, Bass, and Treble controls on the speaker's control panel to adjust the sound to your preference.

MAINTENANCE

- Keep the speaker clean by wiping it with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If not used for extended periods, charge the battery periodically to maintain its lifespan.

TROUBLESHOOTING

Problem	Solution
No Power	Check power adapter connection; ensure battery is charged.
No Sound	Check volume levels on both speaker and connected device. Ensure correct input source is selected.
Bluetooth Disconnection	Ensure device is within 33ft range. Re-pair the device.
Distorted Sound	Reduce volume on speaker or connected device. Check audio source quality.
Microphone Not Working	Ensure microphone batteries are installed correctly and charged. Check microphone volume.
