> 180s Degrees Winter Ear Warmers: Behind-the-Head Adjustable & Foldable Earmuffs User Manual

## 180s B006U1EM66

# 180s Degrees Winter Ear Warmers User Manual

Model: B006U1EM66

Brand: 180s

## 1. INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your 180s Degrees Winter Ear Warmers. Designed for comfort and warmth, these earmuffs feature a patented behind-the-head design, an adjustable frame, and a foldable structure for convenient storage.

## 2. PRODUCT FEATURES

- **Patented Behind-the-Head Design:** Ensures a comfortable and secure fit without interfering with headwear or hairstyles.
- **Adjustable Click-to-Fit Frame:** Allows for a customized fit for various head sizes.
- **Fully Collapsible:** Designed to fold compactly for easy storage and portability.
- **Standard Fit:** Provides effective ear coverage.
- **Wind and Water Resistant:** Offers protection against cold and light moisture.
- **Material Composition:** Made from 97% Polyester and 3% Spandex for durability and flexibility.

## 3. SETUP AND ADJUSTMENT

1. **Positioning:** Gently place the ear warmers over your ears from the back of your head. The band should rest comfortably on the back of your neck, not over the top of your head.
2. **Adjusting the Fit:** The ear warmers feature an adjustable frame. To adjust, gently pull or push the ear cups along the band until a snug yet comfortable fit is achieved over both ears. The 'click-to-fit' mechanism helps secure your preferred size.
3. **Checking Comfort:** Ensure the ear cups fully cover your ears without excessive pressure. The fit should be secure enough to stay in place during activity but not so tight as to cause discomfort.

## 4. OPERATING INSTRUCTIONS

Your 180s Degrees Winter Ear Warmers are designed for straightforward use:

- **Wearing:** Once adjusted, the ear warmers will stay securely in place, providing warmth and protection. Their behind-the-head design allows them to be worn with hats, helmets, and various hairstyles without interference.
- **Folding for Storage:** To fold, gently push the ear cups inward towards the center of the band. The ear warmers will collapse into a compact shape, ideal for storing in pockets, bags, or purses.

## 5. CARE AND MAINTENANCE

---

To ensure the longevity and performance of your ear warmers, follow these care instructions:

- **Cleaning:** Hand wash only. Use mild soap and cold water. Do not bleach.
- **Drying:** Air dry flat. Do not tumble dry or iron.
- **Storage:** When not in use, store in a clean, dry place. The collapsible design makes them easy to store without taking up much space.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your 180s Degrees Winter Ear Warmers, please consider the following:

- **Loose Fit:** Re-adjust the click-to-fit frame to ensure the ear cups are snug against your ears.
- **Discomfort:** If the ear warmers feel too tight, gently extend the adjustable frame to relieve pressure.
- **Reduced Warmth:** Ensure the ear cups fully cover your ears and are properly adjusted to minimize exposure to cold air.

For persistent issues or further assistance, please refer to the warranty and support section.

## 7. SPECIFICATIONS

---

Attribute	Detail
Product Dimensions	5 x 1 x 5 inches
