1. INTRODUCTION

This manual provides instructions for the assembly of the BePuzzled Deluxe 3D Crystal Puzzle, Black Dragon model (31058). This 56-piece crystal puzzle is designed to form a three-dimensional representation of a dragon. It is intended for individuals aged 12 and up due to its complexity.

The assembled model measures approximately 5 inches (height) x 8 inches (width) x 5.5 inches (depth).

2. SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Age Recommendation:** Recommended for ages 12 and up.
- **Material:** The puzzle pieces are made of crystal-like plastic. Handle with care to prevent breakage.
- **Sharp Edges:** Some pieces may have small, slightly sharp edges from the molding process. Exercise caution during assembly.

3. SETUP & ASSEMBLY

3.1 Unpacking and Preparation

1. Carefully open the packaging and remove all puzzle pieces.
2. Lay out all 56 pieces on a clean, flat, and well-lit surface.
3. Familiarize yourself with the different shapes and sizes of the pieces. Some pieces may appear similar but are unique.

4. Identify the central rod piece, which is crucial for initial assembly.

Figure 3.1: Sorting the translucent puzzle pieces before assembly. Organizing pieces can aid in the assembly process.

3.2 Assembly Steps

The BePuzzled Deluxe 3D Crystal Puzzle is designed to be assembled by interlocking the unique pieces. Patience and careful observation are key.

- **Step 1: Identify Core Pieces.** Begin by identifying the pieces that form the central structure of the dragon, often around the body or base. The included instructions or diagrams (if any) will guide you on the starting point.
- **Step 2: Utilize the Central Rod.** Many 3D crystal puzzles use a central rod to help align and secure initial pieces. Insert the rod into the designated holes of the first few pieces. This provides stability as you build outwards. You may need to temporarily remove the rod to fit certain pieces, then reinsert it.
- **Step 3: Interlock Pieces.** Carefully interlock the pieces one by one. Each piece is uniquely shaped to fit only in its correct position. Do not force pieces together, as this may cause breakage. If a piece does not fit easily, rotate it or try a different piece.
- **Step 4: Build Section by Section.** It is often helpful to build the puzzle in sections (e.g., body, head, wings, tail) if the design allows, then connect these sections. For the Black Dragon, focus on building the main body first, then attach the wings and other extremities.

- **Step 5: Attach Wings and Details.** The dragon's wings are prominent features. Ensure they are securely attached to the main body. The marble egg (if included as a separate piece) should be placed in its designated position, typically held by the dragon's claws.
- **Step 6: Final Connections.** Double-check all connections to ensure the puzzle is stable and all pieces are firmly interlocked. The completed puzzle should stand on its own.

Figure 3.3: The process of interlocking pieces to form the 3D structure.

4. COMPLETION & DISPLAY

Once all 56 pieces are correctly assembled, your BePuzzled Black Dragon 3D Crystal Puzzle is complete.

- **Display:** Place the completed puzzle on a stable, flat surface where it can be admired. Its translucent nature allows light to pass through, creating an attractive display.
- **Handling:** Handle the assembled puzzle with care, especially when moving it, to prevent pieces from detaching.

5. MAINTENANCE

- **Cleaning:** To clean the puzzle, gently wipe it with a soft, dry, lint-free cloth. Avoid using abrasive cleaners or harsh chemicals, as these can scratch or damage the crystal-like plastic.
- **Storage:** If disassembling for storage, keep all pieces together in a secure container to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation over time.

6. TROUBLESHOOTING

Problem	Solution
Pieces do not fit together.	Ensure the piece is oriented correctly. Many pieces have a specific direction. Do not force pieces; they should interlock smoothly. Refer to the included diagram (if any) for piece placement.
Puzzle is unstable or falls apart.	Verify that all pieces are fully interlocked. The central rod (if used) must be correctly inserted to provide structural integrity. Re-examine the connections for any loose pieces.
Missing a piece.	Carefully check your work area and packaging. If a piece is genuinely missing, contact BePuzzled customer support.
Piece broke during assembly.	Crystal puzzle pieces are delicate. Avoid applying excessive force. If a piece breaks, contact BePuzzled customer support for possible replacement options.

7. SPECIFICATIONS

Feature	Detail
Product Name	BePuzzled Deluxe 3D Crystal Puzzle - Black Dragon
Model Number	31058
Brand	BePuzzled
Number of Pieces	56
Material	Crystal-like Plastic
Assembled Dimensions (approx.)	5" (H) x 8" (W) x 5.5" (D) / 20.3L x 12.7W cm
Recommended Age	12 years and up
Difficulty Level	3 out of 3 (Challenging)
UPC	023332310586

8. WARRANTY & SUPPORT
