## 2. SETUP AND ASSEMBLY

Assembly of the NT 1315 TV Rack is required. Please ensure you have all components and hardware before beginning.

### 2.1 Unpacking and Inventory

- Carefully unpack all contents from the box.
- Verify that all parts and hardware (ferragens) listed in the included assembly manual are present. The package includes necessary hardware for assembly.
- Keep packaging materials until assembly is complete to avoid misplacing small parts.

### 2.2 Assembly Instructions

Follow the detailed step-by-step instructions provided in the separate assembly manual included with your product. Ensure all screws and fasteners are tightened securely, but do not overtighten to avoid damaging the material. It is recommended to assemble the rack on a soft, clean surface to prevent scratches.

### 3. OPERATION

#### 3.1 Placing Your Television

The NT 1315 TV Rack is designed to support televisions up to 60 inches. Place your TV centrally on the top surface of the rack to ensure even weight distribution and stability. Ensure the TV's base fits securely on the rack's surface.

### 3.2 Using the Storage Compartments

The rack features an ample open niche and a closed compartment with a gas piston door.

- **Open Niche:** Ideal for media players, soundbars, game consoles, or decorative items.
- **Gas Piston Door:** To open the door, gently pull it downwards. The gas piston will assist in a smooth, controlled opening. To close, gently push the door upwards until it latches securely. Avoid forcing the door.

#### 4. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your TV rack.

- **Cleaning:** Wipe the surfaces with a soft, slightly damp cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and finish.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Heat and Moisture:** Keep the rack away from excessive heat sources and high humidity to prevent warping or damage.
- **Hardware:** Periodically check and tighten any loose screws or fittings to ensure structural integrity.

## 5. TROUBLESHOOTING

If you encounter any issues with your NT 1315 TV Rack, please refer to the following common solutions:

- **Instability:** Ensure all assembly screws are properly tightened. Check that the rack is placed on a flat, level surface.
- **Door Not Closing/Opening Smoothly:** Verify that the gas piston is correctly installed and not obstructed. Check for any foreign objects preventing the door from moving freely. If the issue persists, inspect the hinges and piston for damage.
- **Scratches/Dents:** For minor cosmetic damage, touch-up pens or furniture repair kits matching the finish may be used.
