ASHATA Portable Pillow Speaker Instruction Manual

Model: ASHATA7836k2r9gt

1. INTRODUCTION

The ASHATA Portable Pillow Speaker is designed to provide a personal audio experience, allowing users to listen to music or audio content without disturbing others. Its compact size and 3.5mm auxiliary plug ensure broad compatibility with various audio devices.

Image 1.1: The ASHATA Portable Pillow Speaker, featuring its compact, round design and integrated 3.5mm auxiliary cable.

2. SAFETY INFORMATION

- Do not expose the speaker to excessive moisture or liquids.
- Avoid extreme temperatures.
- Do not attempt to disassemble or modify the speaker. This may void the warranty and cause damage.
- Keep out of reach of small children.
- Ensure the volume is set to a comfortable level to prevent hearing damage.

3. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x ASHATA Portable Pillow Speaker (Model: ASHATA7836k2r9gt)

4. SETUP

The ASHATA Portable Pillow Speaker is designed for simple plug-and-play operation.

1. **Identify the Audio Source:** Locate the 3.5mm audio output jack on your device (e.g., MP3 player, smartphone, CD player).
2. **Connect the Speaker:** Insert the 3.5mm auxiliary plug from the pillow speaker into the audio output jack of your device.
3. **Position the Speaker:** Place the speaker under your pillow or near your ear for optimal listening.

Image 4.1: The 3.5mm auxiliary plug of the speaker, shown with various compatible devices such as smartphones and tablets.

5. OPERATING INSTRUCTIONS

Once connected, the speaker will play audio directly from your source device.

1. **Power On/Off:** The speaker does not have a separate power button. It draws power directly from the connected device. To turn off, simply disconnect it from the audio source.
2. **Volume Control:** Adjust the volume directly on your connected audio device (MP3 player, phone, etc.).
3. **Audio Playback:** Start playing audio on your connected device. The sound will be emitted from the pillow speaker.

Image 5.1: The pillow speaker positioned for use, illustrating its intended function for personal listening during rest.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Do not use abrasive cleaners or immerse in water.
- **Storage:** When not in use, store the speaker in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tangling the cable.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No sound or very low sound	• Volume on audio device is too low. • Speaker not fully plugged in. • Audio device is paused or not playing. • Speaker is faulty.	• Increase volume on your audio device. • Ensure the 3.5mm plug is securely inserted into the audio jack. • Verify audio playback on your device. • Test with another audio device. If problem persists, contact support.
Distorted sound	• Volume on audio device is too high. • Audio file quality is poor. • Speaker is faulty.	• Decrease volume on your audio device. • Try playing a different audio file. • Test with another audio device. If problem persists, contact support.
