Graco 2111198

Graco Modes Element Travel System Instruction Manual

Model: 2111198

INTRODUCTION

Welcome to the Graco Modes Element Travel System. This 3-in-1 system is designed to adapt as your child grows, functioning as an Infant Car Seat Carrier, an Infant Stroller, and a Toddler Stroller. It includes the Graco SnugRide Lite LX Infant Car Seat, suitable for infants from 4-30 lb and up to 32 inches, ensuring a seamless transition from car to stroller. The stroller features a reversible seat, parent's tray with cup holders, a removable child's tray with cup holders, and a large storage basket for all your essentials. Its self-standing fold allows for easy storage and portability.

SETUP AND ASSEMBLY

Before first use, please ensure all components are present and undamaged. Refer to the included components list: Rear-Facing Infant Car Seat, Stroller, Stroller Cover/Canopy, and Car Seat Base.

Stroller Assembly

Follow the instructions provided in the packaging for initial stroller frame assembly, including attaching wheels and the handle. Ensure all parts click securely into place.

Infant Car Seat Installation

The Graco SnugRide Lite LX Infant Car Seat is designed for rear-facing use for infants from 4-30 lb and up to 32 inches. Install the car seat base securely in your vehicle using the LATCH system or vehicle seat belt, following the detailed instructions in the car seat manual. The car seat features a 4-position adjustable base and an easy-to-read level indicator for correct installation.

Attaching Infant Car Seat to Stroller

To attach the infant car seat to the stroller frame, align the car seat with the stroller's attachment points and press down firmly until you hear an audible click. Ensure the car seat is securely fastened before placing your child in it.

Reversible Stroller Seat Setup

The stroller seat can be easily reversed to face either the parent or the world. To reverse the seat, locate the release mechanisms on both sides of the seat, typically near the frame attachment points. Press the buttons and lift the seat to detach it, then reattach it facing the desired direction until it clicks securely.

OPERATING INSTRUCTIONS

Stroller Modes

- **Infant Car Seat Carrier:** Attach the Graco SnugRide Lite LX Infant Car Seat directly to the stroller frame.
- **Infant Stroller:** The stroller seat can be used in a reclined position, facing either parent or forward, suitable for infants.
- **Toddler Stroller:** The stroller seat can be adjusted to an upright position, facing either parent or forward, for toddlers.

Folding and Unfolding

The stroller features a one-step, self-standing fold for convenient storage. Locate the folding mechanism on the handle or frame, typically a button or lever. Activate the mechanism and guide the stroller to fold. Ensure it locks into its folded position. To unfold, release the lock and extend the frame until it clicks into place.

Trays and Storage

The stroller includes a parent's tray with cup holders and a removable child's tray with cup holders. A large storage basket is located underneath the seat for additional essentials.

Harness System

The stroller and car seat are equipped with a 3-point harness system (convertible to 5-point on some models) to secure your child. Always ensure the harness is properly adjusted and buckled before use.

MAINTENANCE

Regular maintenance ensures the longevity and safety of your Graco Modes Element Travel System.

- **Cleaning:** Fabric components can be spot cleaned or machine washed as per care instructions. The frame and plastic parts

can be wiped clean with a damp cloth and mild soap.

- **Wheels:** Periodically check wheels for debris and ensure they rotate freely.
- **Harness:** Inspect the harness for any signs of wear or damage.
- **Storage:** Store the travel system in a dry, cool place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter any issues with your Graco Modes Element Travel System, please refer to the following general troubleshooting tips:

- **Stroller not folding/unfolding smoothly:** Check for any obstructions in the folding mechanism. Ensure all locks are disengaged before attempting to fold.
- **Car seat not attaching securely:** Verify that the car seat is correctly aligned with the stroller's attachment points and that no fabric or debris is blocking the connection. Listen for the audible click.
- **Wheels not turning:** Inspect wheels for tangled hair, string, or other debris. Clean as necessary.

For persistent issues, please contact Graco customer support.
