

WantJoin Professional Blender

WantJoin Professional Blender Instruction Manual

Model: Professional Blender

Brand: WantJoin

1. INTRODUCTION

Thank you for choosing the WantJoin Professional Blender. This powerful and versatile appliance is designed for both home and commercial use, capable of handling a wide range of blending tasks from crushing ice to making hot soups. To ensure safe and efficient operation, please read this manual thoroughly before first use and retain it for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions before operating the blender.
- Do not immerse the motor base in water or other liquids. Clean with a damp cloth only.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- Avoid contact with moving parts. Blades are sharp. Handle with care.
- Do not blend hot liquids without proper ventilation. Hot liquids may cause scalding.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The use of attachments not recommended or sold by the manufacturer may cause fire, electric shock, or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Keep hands and utensils out of container while blending to prevent the possibility of severe injury to persons or damage to the blender. A tamper may be used but only when the blender is not running.
- Ensure the lid is securely locked in place before operating the appliance.

3. PACKAGE CONTENTS

Upon opening your WantJoin Professional Blender package, please ensure all the following components are present and in good condition:

- Motor Base
- 2L Thickened PC Container with Rubber Handle (Blender Jar)
- Lid with Removable Lid Plug
- Tamper
- Instruction Manual (this document)

4. PRODUCT FEATURES

The WantJoin Professional Blender is engineered for superior performance and durability:

- **Powerful Performance:** ETL listed with a Max 1800W power (3 peak horsepower) and hardened stainless-steel blades, achieving up to 30,000 RPM for faster crushing and smoother blending.
- **Versatile Functionality:** Capable of preparing ice crush, smoothies, frozen desserts, soups, nuts, sauces, hummus, dips, shakes, juices, salsas, and hot soups.
- **User-Friendly Controls:** Features speed control for various textures, a one-button switch for thorough cleaning, and a timer (1-5 minutes) for safe, automatic stopping.
- **Efficient Ice Mincing:** Mince ice in 10 seconds without adding extra water, ensuring no falling while turning over.
- **Durable Construction:** Built with a pure copper motor and SUS 304 stainless steel blades for long-lasting reliability.
- **BPA-Free Pitcher:** The 2L thickened PC container is BPA-free, ensuring safe food preparation.

5. PRODUCT COMPONENTS

Familiarize yourself with the main parts of your WantJoin Professional Blender:

6. SETUP

Before using your blender for the first time, follow these steps:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean:** Wash the blender jar, lid, and tamper with warm, soapy water. Rinse thoroughly and dry. The motor base should be wiped clean with a damp cloth. Do not immerse the motor base in water.
3. **Placement:** Place the motor base on a clean, dry, and stable surface. Ensure it is away from the edge of the counter and any heat sources.
4. **Assemble:** Place the blender jar securely onto the motor base. Ensure it is properly seated.
5. **Power Connection:** Plug the power cord into a grounded electrical outlet.

7. OPERATING INSTRUCTIONS

Your WantJoin Professional Blender offers intuitive controls for various blending needs.

General Blending Steps:

1. Add ingredients to the blender jar. Do not overfill beyond the maximum fill line.
2. Securely place the lid on the jar and ensure the lid plug is inserted.
3. Turn on the main power switch (usually on the side or back of the motor base).
4. Select your desired function or adjust the speed using the control panel.
5. Once blending is complete, turn off the blender and unplug it before removing the jar.

Control Panel Functions:

ETL SAFETY

Figure 7.1: Control panel layout.

- **ON/OFF Switches:** Separate switches for Power and Pulse functions. Ensure the main power switch is ON to operate the blender.
- **Speed Dial:** Rotate the dial to adjust blending speed from 'Slow down' to 'Speed up'. This allows for precise control over texture.
- **Pulse Button:** Provides short bursts of high-speed blending. Useful for chopping ingredients or for quick cleaning.

- **Timer:** Set the blending duration from 1 to 5 minutes. The blender will automatically stop once the set time is reached.

Specific Blending Applications:

- **Smoothies & Juices:** Start with lower speeds and gradually increase. Use the tamper if ingredients get stuck.
- **Ice Crushing:** Use the 'Ice' setting on the speed dial or the Pulse function for quick and efficient ice crushing.
- **Hot Soups:** The high-speed friction can heat ingredients. Ensure the lid plug is removed for ventilation when blending hot liquids to prevent pressure buildup.
- **Nut Butters:** Requires longer blending times. Use the tamper to keep ingredients moving towards the blades.

8. CLEANING AND MAINTENANCE

Proper cleaning and maintenance will extend the life of your blender.

Self-Cleaning Function:

For quick and easy cleaning, especially after blending liquids:

1. Fill the blender jar halfway with warm water and add a few drops of dish soap.
2. Secure the lid.
3. Press the 'Pulse' button for 30-60 seconds, or until clean.
4. Rinse the jar thoroughly with clean water.

Manual Cleaning:

- **Blender Jar, Lid, and Tamper:** Wash immediately after each use. Hand washing with warm, soapy water is recommended to preserve the integrity of the components and prevent potential rust on metal parts. Rinse thoroughly.
- **Motor Base:** Wipe the motor base clean with a damp cloth. Never immerse the motor base in water or any other

liquid.

- **Storage:** Store the blender in a clean, dry place with the lid slightly ajar to allow for air circulation.

9. TROUBLESHOOTING

If you encounter issues with your WantJoin Professional Blender, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; Power switch OFF; Jar not properly seated.	Ensure power cord is securely plugged in. Turn main power switch ON. Re-seat the blender jar firmly on the motor base.
Ingredients are not blending smoothly or are stuck.	Too little liquid; Overfilled jar; Ingredients too large.	Add more liquid. Reduce ingredient quantity. Cut ingredients into smaller pieces. Use the tamper (when blender is off or at low speed) to push ingredients towards blades.
Leaking from the bottom of the jar.	Jar not sealed correctly; Damaged blade assembly.	Ensure the blade assembly is tightly secured to the jar. Check for cracks or damage to the jar or blade assembly. If damaged, replacement may be necessary.
Timer knob or speed control not functioning as expected.	Internal mechanism issue; Wear and tear.	Ensure the timer is wound correctly. If issues persist, contact customer support for assistance.
Rust appearing on the blade assembly or base.	Exposure to moisture; Dishwasher use (for non-dishwasher safe parts).	Ensure all parts are thoroughly dried after washing. Avoid putting the blade assembly or motor base in a dishwasher. Hand wash and dry immediately.

10. SPECIFICATIONS

Feature	Detail
Brand	WantJoin
Model Number	Professional Blender
Color	Black
Special Feature	Adjustable Speed Control
Capacity	2 Liters (68 oz)

Feature	Detail
Product Dimensions	7.87"D x 9.06"W x 19.69"H
Included Components	2L Thickened PC container with rubber handle, manual guide, motor base, tamper.
Style	Modern
Recommended Uses	Mixing, Blending, Pulse, Ice Crush
Power Source	Corded Electric
Number of Speeds	5
Voltage	120 Volts
Controls Type	Push Button, Dial
Material Type Free	BPA Free
Blade Material	Stainless Steel
Item Weight	9.46 pounds
Country of Origin	China

11. WARRANTY AND SUPPORT

Your WantJoin Professional Blender comes with a **10 Year Limited Warranty**. This warranty covers defects in materials and workmanship under normal use. Please retain your proof of purchase for warranty claims.

For technical support, troubleshooting assistance, or warranty inquiries, please contact WantJoin customer service through the retailer's platform or the official WantJoin website. Provide your model number and a detailed description of the issue for prompt service.
