Hcman PAD02

Hcman RGB Gaming Mouse Pad (Model PAD02) - User Manual

Brand: Hcman | Model: PAD02

1. PRODUCT OVERVIEW

The Hcman RGB Gaming Mouse Pad is an extended-size mouse mat designed to enhance your gaming and work experience with vibrant RGB lighting and practical features. Its large surface accommodates both your keyboard and mouse, providing ample space for precise movements.

2. PACKAGE CONTENTS

- Hcman RGB Gaming Mouse Pad
- USB-C Braided Cable (1.8m)
- User Manual (this document)

3. SETUP INSTRUCTIONS

1. **Unroll the Mouse Pad:** Carefully unroll the mouse pad onto a flat, clean desk surface. Allow some time for it to flatten completely.
2. **Connect Power:** Locate the USB-C port on the control box of the mouse pad. Connect the provided 1.8m USB-C braided cable to this port.
3. **Connect to Power Source:** Plug the other end of the USB-C cable into a compatible USB power source (e.g., computer USB port, USB wall adapter). The RGB lighting should illuminate upon connection.

Image 2: The mouse pad correctly positioned on a desk, ready for use with gaming peripherals.

4. OPERATING INSTRUCTIONS

4.1 RGB Lighting Control

The mouse pad features a control button located on the top left side. This button allows you to manage the RGB lighting effects.

- **Change Lighting Mode:** Short press the control button to cycle through 15 different lighting modes, including 8 static colors and 7 dynamic effects.
- **Turn On/Off:** Long press the control button to turn the RGB lighting on or off.
- **Memory Function:** The mouse pad has a memory function that remembers your last selected lighting mode even after being powered off.

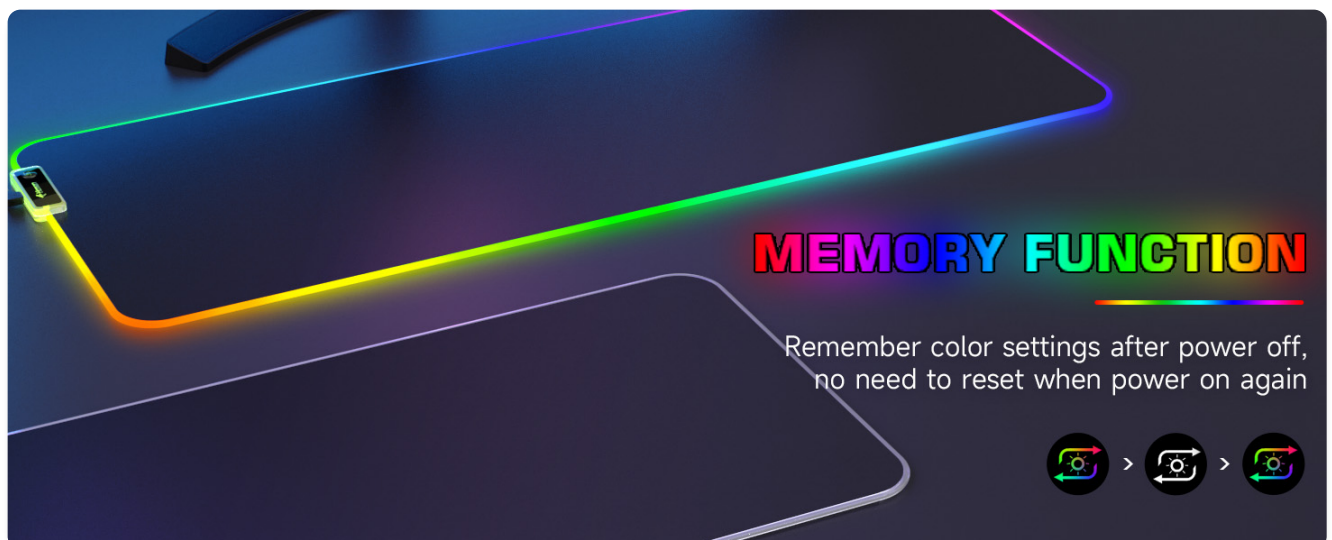

Image 4: Visual representation of the 15 available lighting modes, including static and multi-color options.

4.2 Wireless Charging Function

The mouse pad may include a wireless charging area. Place your Qi-compatible device on this designated area to initiate charging.

- **Charging Indicator:** An indicator light near the charging area will typically turn red when a device is charging and green when it is fully charged. If the light flashes red and green, the device may not be compatible or properly placed.

4.3 Mouse Tracking Performance

The superfine fiber braided material provides a smooth surface for high-speed and accurate mouse tracking, enhancing precision during gaming or detailed work.

Image 5: The smooth surface of the mouse pad designed for optimal mouse tracking.

5. MAINTENANCE

- **Cleaning:** The mouse pad features a waterproof surface. In case of spills, gently wipe the surface with a damp cloth. Avoid submerging the mouse pad in water.
- **Storage:** When not in use, you can carefully roll up the mouse pad for storage. Avoid sharp creases.

6. TROUBLESHOOTING

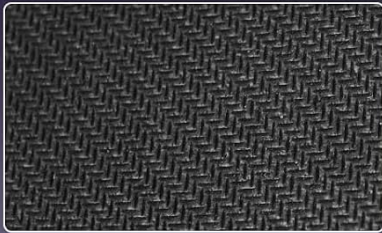

- **RGB Lights Not Working:** Ensure the USB-C cable is securely connected to both the mouse pad and the power source. Try a different USB port or power adapter.
- **Wireless Charging Not Functioning:** Verify that your device is Qi-compatible. Ensure the device is centered on the charging area. Remove any thick phone cases that might interfere with charging. Check the indicator light for error signals (e.g., flashing red/green).
- **Mouse Tracking Issues:** Ensure the mouse pad surface is clean and free of debris.

7. SPECIFICATIONS
