# LUCID L600 Queen Adjustable Bed Base Frame Instruction Manual

Model: L600 | Brand: LUCID

## 1. INTRODUCTION

---

This manual provides essential information for the safe and efficient operation of your LUCID L600 Queen Adjustable Bed Base Frame. Please read all instructions carefully before assembly and use. Keep this manual for future reference.

## 2. SAFETY INFORMATION

---

### WARNING:

- Exceeding the weight capacity (750 pounds) may result in damage or injury.
- Improper assembly may lead to instability or collapse.
- Exercise caution during assembly to avoid injuries from sharp edges or pinch points.
- Keep children and pets away from moving parts.

## 3. INCLUDED COMPONENTS

---

- Adjustable Bed Base
- Legs
- Hardware
- Wireless Remote Control
- Assembly Instructions (this document)

## 4. SETUP INSTRUCTIONS

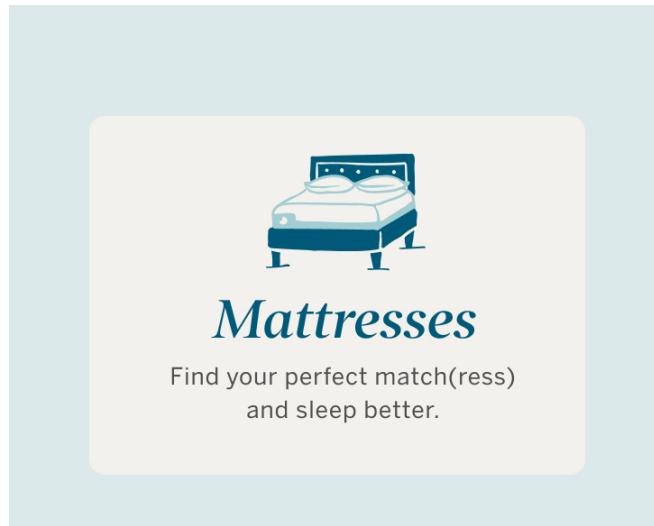

---

The LUCID L600 features Quick Snap™ assembly for a hassle-free setup. No tools are required.

1. Unfold the bed base carefully.
2. Attach the provided brackets underneath the base.

3. Install the legs by screwing them into the designated slots.
4. Connect all power cords securely.
5. Pair the wireless remote control with the base (refer to the remote control section for details).

Assembly typically takes under 5 minutes with two people. For single-person assembly, consider assembling from beneath to avoid straining when flipping the base.
