Hot Wheels GJL14

Hot Wheels City Robo T-Rex Ultimate Garage Instruction Manual

Brand: Hot Wheels | Model: GJL14

INTRODUCTION

Welcome to the exciting world of the Hot Wheels City Robo T-Rex Ultimate Garage! This enormous playset stands 3 feet tall and provides a dynamic environment for imaginative play and thrilling vehicle action. Designed to store over 100 Hot Wheels vehicles, it features a kid-powered two-car elevator, multi-level racing tracks, and an engaging Robo T-Rex nemesis. Prepare for continuous thrills as you race down the multi-level garage and interact with its unique features. This manual provides essential information for setup, operation, and maintenance to ensure a fun and lasting experience.

WHAT'S IN THE BOX

Please ensure all components are present before beginning assembly:

- One Hot Wheels City Hot Wheels Ultimate Garage with one moving Robo T-Rex
- More than 100 parking spots for die-cast cars
- 2 Hot Wheels 1:64 scale cars

SETUP

Adult assembly is required. Follow the detailed instructions provided in the included user manual for proper setup. Ensure all pieces click securely into place for stability and optimal play experience.

1. Unpack all components and verify against the 'What's in the Box' list.
2. Assemble the main vertical tower structure according to the visual guide.
3. Attach the multi-level parking ramps and tracks, ensuring secure connections.
4. Install the kid-powered two-car elevator mechanism.
5. Position the Robo T-Rex in its designated slot.
6. Apply any included decals as per the instructions.
7. Ensure the playset is placed on a flat, stable surface.

OPERATING INSTRUCTIONS

The Hot Wheels City Robo T-Rex Ultimate Garage offers multiple play modes for dynamic racing and stunting challenges.

Using the Two-Car Elevator

Place two Hot Wheels 1:64 scale vehicles into the elevator. Use the kid-powered crank to lift the cars to the top of the parking tower. Once at the top, the cars are ready to launch into action.

Racing Down the Tracks

From the top level, release the cars onto the side-by-side racetrack for a thrilling downhill challenge. The multi-level design allows for continuous racing and exciting jumps.

Image: High-speed racing action on the garage tracks.

Evading the Robo T-Rex

Watch out for the hungry Robo T-Rex! As cars descend the tracks, the T-Rex may attempt to devour them. Navigate your cars strategically to escape its chomping jaws.

ESCAPE THE CHOMPING T-REX!

Connecting to Other Sets

Expand your Hot Wheels City by connecting the Ultimate Garage to other Hot Wheels track sets (sold separately) using the multiple connection points. This allows for endless customization and adventure play.

MAINTENANCE

To ensure the longevity and optimal performance of your Hot Wheels City Robo T-Rex Ultimate Garage, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the playset with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the plastic.
- **Storage:** When not in use, store the playset in a dry, cool place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check all connections and moving parts to ensure they are secure and functioning correctly.

TROUBLESHOOTING

If you encounter any issues with your Hot Wheels City Robo T-Rex Ultimate Garage, please refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cars not moving smoothly on tracks	Track sections are not fully connected or there is debris.	Ensure all track pieces are securely snapped together. Check for and remove any small objects or dust from the track surface.
Elevator not lifting cars	Crank mechanism is jammed or cars are improperly placed.	Check for any obstructions in the elevator shaft. Ensure cars are placed correctly and not exceeding the weight limit. Turn the crank firmly but gently.
Robo T-Rex not moving or interacting	Mechanism is stuck or not properly engaged.	Verify that the T-Rex is correctly attached and that no parts are obstructing its movement. Refer to the assembly instructions for proper engagement.
Playset feels unstable	Base or vertical supports are not fully assembled.	Double-check all connection points, especially at the base and between vertical sections, to ensure they are firmly locked.

SPECIFICATIONS

Feature	Detail
Product Dimensions	6.5 x 30 x 24 inches
Item Weight	1.1 pounds
Model Number	GJL14
Manufacturer Recommended Age	5 years and up
Release Date	August 1, 2020
Manufacturer	Mattel
