JOYIN Mini Claw Machine (Model 10954) Instruction Manual

Your guide to setting up, operating, and maintaining your electronic arcade game.

INTRODUCTION

Thank you for choosing the JOYIN Mini Claw Machine. This electronic arcade game is designed to provide engaging entertainment with its lights, sounds, and interactive claw mechanism. This manual provides essential information for safe and effective use, including setup, operation, and maintenance guidelines.

Image: The JOYIN Mini Claw Machine, showcasing the main unit, 10 plush characters, 12 coins, 8 prize capsules, and a USB power cable.

SETUP

- Unboxing:** Carefully remove all components from the packaging. Ensure you have the claw machine unit, 10 plush characters, 12 coins, 8 prize capsules, and 1 USB power cable.
- Powering the Machine:** The machine can be powered via the included USB cable or by inserting 3 'D' batteries (not included) into the battery compartment located on the bottom of the unit. Use a small screwdriver to open the battery compartment.
- Adding Prizes:**
 - To use the prize capsules, snap the clear and solid halves together. You can place small candies or other tiny prizes inside.
 - Open the top lid of the claw machine.
 - Carefully place the plush characters and filled prize capsules into the play area. Do not overfill to ensure proper claw operation.

Adding Prizes

STEP 1

① The clear and solid halves of the plastic capsules snap together

② Candy and prizes can be placed inside the plastic capsules!

STEP 2

① Move the claw to the left using the left/right joystick so that it is out of the way of the top hole.

② Drop the plush toy or the refilled capsules into the top hole to continue playing!

Instructions

STEP 1

① Insert the prize tray into the retaining position in the lower left of the machine.

② Push the prize tray up until it clicks into place

STEP 2

① Cut the plastic zip-tie on the top circular cover

② Open the circular cover and remove the zip-tie from around the cables

Instructions

STEP 3

① Move the power switch to ON and adjust the sound options

STEP 4

② Insert coin into the slot to begin the game

Instructions

STEP 6

① Control the claw to set the designated spot and grab a prize

② Release the toy over the prize tray

STEP 5

① Turn on the switch and the light will be on.
② Insert coins into the coin slot and the toy grabber machine will start long with the music!
③ Use the joystick to move the claw to grab a toy and carry it to the exit. The game will be over after the toy drops into the prize tray!

NOTICE:
Battery and USB charging cable are available for power supply. Please remember to take batteries out when you are using the USB charging cable for charging.

STEP 7

① The gift will drop down and roll out into the prize tray. Congratulations! You win!

OPERATING INSTRUCTIONS

- Power On:** Locate the power switch (usually on the back or side) and turn the machine ON. Adjust the sound options as desired.
- Insert Coin:** Insert one of the included coins into the coin slot. This will activate the game, initiating music and a countdown timer.
- Control the Claw:** Use the joysticks to move the claw:
 - One joystick controls forward/backward movement.
 - Another joystick controls left/right movement.
 - A button or third joystick controls the claw's descent and grab action.
- Grab a Prize:** Position the claw directly over your desired prize. Press the grab button to lower the claw. If successful, the claw will grab the prize and move it towards the prize chute.
- Collect Prize:** Once the prize drops into the chute, retrieve it from the collection area.
- Game End:** The game ends when the timer runs out or a prize is successfully retrieved. Insert another coin to play again.

MAINTENANCE

- **Cleaning:** Wipe the exterior of the machine with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Prize Management:** Regularly check the prize area to ensure prizes are not jammed and the claw can move freely. Replenish prizes as needed.
- **Battery Replacement:** If using batteries, replace them when the machine's performance diminishes or lights dim. Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

- **Machine Not Turning On:** Check if the USB cable is securely connected or if the batteries are correctly inserted and not depleted.
- **Claw Not Moving:** Ensure a coin has been inserted and the game is active. Check for any obstructions preventing claw movement.

- **Prizes Not Being Grabbed:** Ensure the prize area is not overfilled. The claw may struggle with prizes that are too heavy or oddly shaped.
- **Sound Issues:** Verify the sound options are adjusted to your preference.

SPECIFICATIONS

- **Model:** 10954
- **Dimensions:** 15.75 x 10.51 x 8.25 inches
