ANFERSONLIGHT 3065

ANFERSONLIGHT 52-inch Tropical Palm Ceiling Fan Model 3065 Instruction Manual

Your guide to installation, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the ANFERSONLIGHT 52-inch Tropical Palm Ceiling Fan, Model 3065. This ceiling fan combines an elegant design with practical features to enhance your living space. It features five palm leaf blades, an integrated LED light, and a new bronze finish. This manual provides essential information for the safe and efficient use of your new ceiling fan.

2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- Ensure the power supply is disconnected at the circuit breaker before installation or maintenance.
- All electrical wiring must be performed by a qualified electrician and comply with local codes and regulations.
- The mounting structure must be capable of supporting the weight of the fan (approximately 23.85 pounds).
- Maintain a minimum clearance of 7 feet from the floor to the bottom of the fan blades.
- Do not insert objects into the path of the rotating blades.
- This fan is designed for indoor use only. Do not expose to water or excessive humidity.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 1 x Ceiling Fan Motor Assembly
- 5 x Palm Leaf Blades
- 1 x Light Fixture with Acrylic Shade
- 1 x Remote Control Set (Remote and Receiver)
- 2 x Downrods (4.9 inches and 9.8 inches)
- Mounting Hardware Kit

4. SPECIFICATIONS

Brand	ANFERSONLIGHT
Model Name	3065
Size	52 inches
Color	Bronze
Material	Acrylic, Glass, Metal
Product Dimensions	52"L x 52"W x 21"H
Indoor/Outdoor Usage	Indoor
Power Source	AC Powered
Installation Type	Downrod Mount
Control Method	Remote Control
Light Source Type	LED
Light Color Options	White Light / Warm Light (3 light changes)
Number of Blades	5
Air Flow Capacity	5203 Cubic Feet Per Minute
Wattage	60 watts
Brightness	2000 Lumen
Item Weight	23.85 Pounds

SIZE AND CHARACTERISTICS

Adjustable: Double Downrods (4.9" and 9.8"), Free Custom Downrod
Variable: 3 Light Changes (White Light, Yellow Light, Warm Light)
Remote: Remote Control & Wall Control, 3 Wind Speed, 5023CFM

5. SETUP AND INSTALLATION

Installation of the ANFERSONLIGHT ceiling fan requires basic electrical knowledge and adherence to safety guidelines. It is recommended to have a qualified electrician perform the installation.

5.1 Pre-Installation Steps

1. **Turn off Power:** Locate the circuit breaker for the fan location and turn off the power.
2. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
3. **Select Downrod:** Choose between the 4.9-inch or 9.8-inch downrod based on your ceiling height and desired fan position.

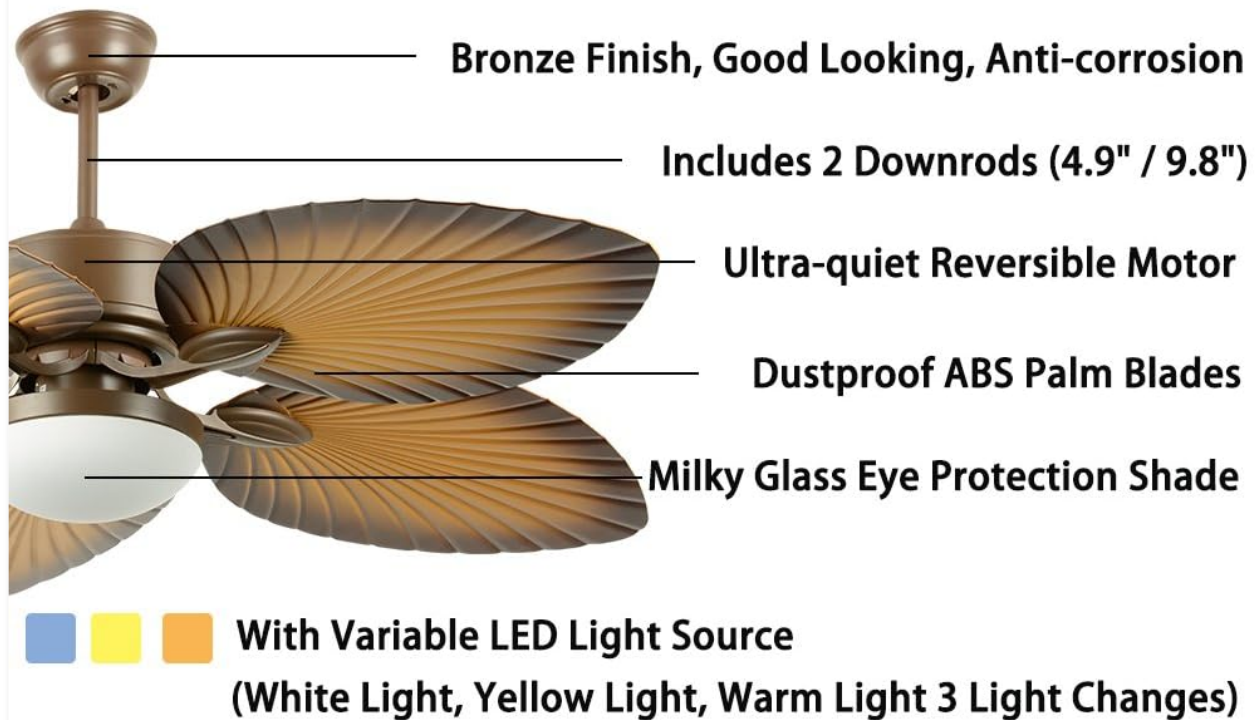

5.2 Assembly and Mounting

4. **Assemble Blades:** Attach the five palm leaf blades to the motor housing according to the instructions provided in the included installation manual.
5. **Mount Hanging Bracket:** Secure the hanging bracket to the ceiling junction box. Ensure the junction box is rated for ceiling fan support.

6. **Wire Fan:** Connect the fan's electrical wires to the household wiring as per the wiring diagram in the included manual. Ensure all connections are secure.
7. **Install Light Kit:** Attach the LED light fixture and acrylic shade to the fan motor assembly.
8. **Secure Canopy:** Raise the canopy to cover the wiring and secure it to the ceiling bracket.

Refer to the detailed wiring diagrams and step-by-step instructions in the separate installation manual included with your product for precise assembly and wiring procedures.

ABS SIMULATION PALM CEILING FAN

6. OPERATING INSTRUCTIONS

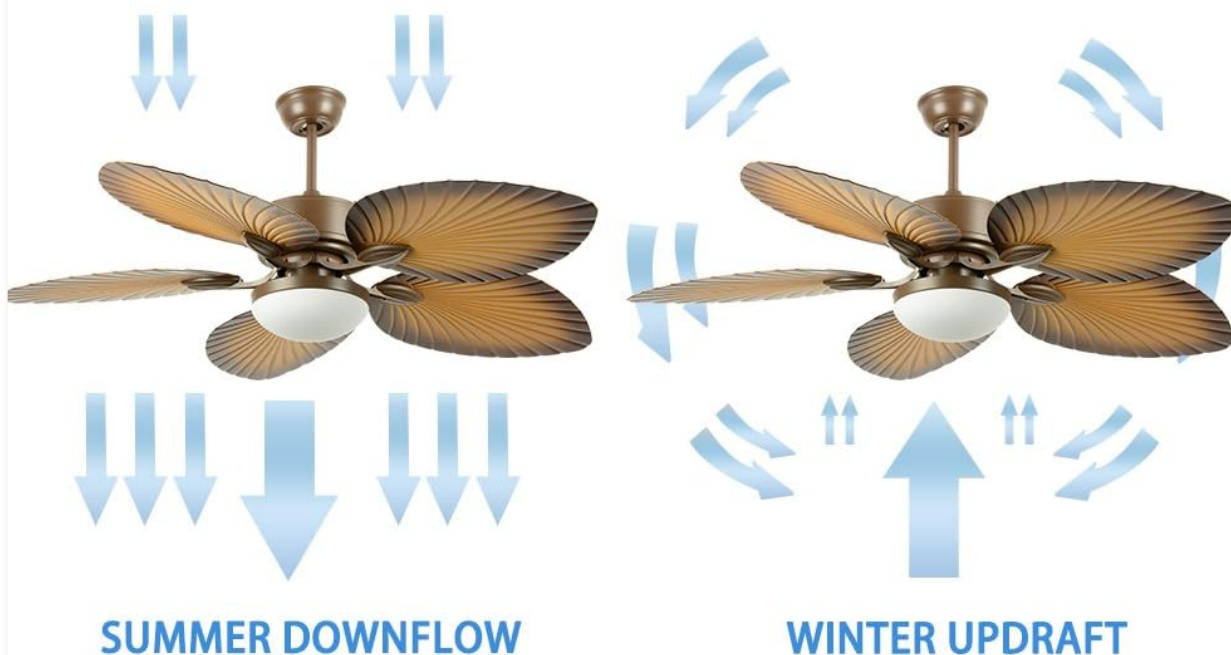

Your ANFERSONLIGHT ceiling fan is controlled by the included remote control. Ensure the remote has working batteries installed.

6.1 Fan Operation

- **Power On/Off:** Press the fan button on the remote to turn the fan on or off.
- **Speed Control:** Use the speed buttons (typically 1, 2, 3 or +/-) to cycle through the three available wind speeds.
- **Reversible Function:** The fan features a reversible motor for year-round comfort. A switch on the fan body

(or a button on the remote, depending on model) controls the direction.

ULTRA-QUIET REVERSIBLE CEILING FAN

Summer Mode, Run The Fan Counterclockwise, Cool
Winter Mode, Switch Fan To Clockwise Direction, Warming

Image 6.1: Illustration of the fan's reversible function for seasonal use.

- **Summer Mode (Counter-Clockwise):** The fan rotates counter-clockwise, creating a downdraft that produces a cooling effect.
- **Winter Mode (Clockwise):** The fan rotates clockwise, creating an updraft that circulates warm air near the ceiling throughout the room.

6.2 Light Operation

- **Light On/Off:** Press the light button on the remote to turn the LED light on or off.
- **Color Temperature Adjustment:** The LED light offers three color temperature options: White Light, Yellow Light, and Warm Light. Each press of the light button will cycle through these options. Please note that the light does not retain the last selected color temperature when turned off and on again; it will cycle to the next option.

Image 6.2: Detail of the fan's integrated LED light fixture.

6.3 Timer Function

- Consult your remote control for specific timer settings. This feature allows you to set the fan to turn off automatically after a predetermined period.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically wipe the fan blades and motor housing with a soft, damp cloth. The ABS palm blades are dustproof, simplifying cleaning. Do not use abrasive cleaners or solvents.
- **Blade Tightness:** Check blade screws annually to ensure they are secure. Loose blades can cause wobbling and noise.
- **Light Fixture:** The LED light source is integrated. If replacement is needed, contact customer support.

Image 7.1: Detail of the fan blades and their connection to the motor.

8. TROUBLESHOOTING

If you encounter issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power, loose wiring, remote control issue	Check circuit breaker. Verify all wire connections. Replace remote batteries. Ensure remote receiver is correctly installed.
Light does not work	Loose wiring, remote control issue, LED failure	Check light kit wiring. Replace remote batteries. If LED is faulty, contact support.
Fan wobbles	Loose blades, unbalanced blades, loose mounting hardware	Ensure all blade screws are tight. Check mounting bracket and downrod connections. Use a balancing kit if necessary.

Excessive noise	Loose screws, motor issue, blades hitting an obstruction	Tighten all screws. Ensure no obstructions are near blades. If motor noise persists, contact support.
Light color cycles every time it's turned on	Intended design feature	This is a characteristic of the fan's light function. The light cycles through White, Yellow, and Warm Light with each activation.

9. WARRANTY INFORMATION

The ANFERSONLIGHT 52-inch Tropical Palm Ceiling Fan, Model 3065, comes with a **1-year warranty service** from the date of purchase. This warranty covers manufacturing defects and material flaws under normal use. Please retain your proof of purchase for warranty claims.

The warranty does not cover damage resulting from improper installation, misuse, accidents, unauthorized repairs, or normal wear and tear.

10. CUSTOMER SUPPORT

For technical assistance, warranty claims, or any questions regarding your ANFERSONLIGHT ceiling fan, please refer to the contact information provided in the separate installation manual or on the product packaging. You may also visit the ANFERSONLIGHT store on Amazon for further information:
