WantJoin WZ-K90

WantJoin Professional Commercial Blender User Manual

Brand: WantJoin | **Model:** WZ-K90

1. INTRODUCTION

Thank you for choosing the WantJoin Professional Commercial Blender. This powerful appliance is designed for high-performance blending with a focus on quiet operation and durability. Its robust 2200W motor and sound enclosure make it suitable for a variety of tasks in both home and commercial settings. Please read this manual thoroughly before operation to ensure safe and efficient use.

2. PRODUCT FEATURES

- **Quiet and Soundproof:** Features a shield enclosure to significantly reduce noise during operation, preventing splatter and leaking.
- **Powerful 2200W Motor:** Equipped with a strong motor and dual-direction stainless steel blades for efficient blending.
- **Large Capacity:** 80oz (2.2L) BPA-free pitcher, ideal for family use or commercial environments.
- **Variable Speed Control:** 15-speed settings and a built-in Pulse function for precise blending control.
- **Convenient Feeding Hole:** Top lid includes a feeding hole for adding ingredients while blending, with a tamper for dense mixtures.
- **Safety Features:** Includes overheat protection and a self-cleaning design for ease of use and safety.

3. SETUP

Upon unpacking, ensure all components are present: motor base, BPA-free container (pitcher), and tamper. Place the blender on a stable, flat surface. The sound enclosure is integrated into the design for optimal noise reduction.

4. OPERATING INSTRUCTIONS

4.1 General Operation

Place the pitcher securely onto the motor base. Ensure the lid is properly sealed. Use the speed dial to select your desired blending intensity from Low 1 to High 15. The Pulse switch provides short bursts of power for chopping or quick blending.

4.2 Blending Smoothies and Crushing Ice

For smoothies, add your ingredients, ensuring liquids are added first. For ice crushing, the powerful 2200W motor and stainless steel blades can handle ice in seconds. Use the pulse function for initial breaking down of ice or hard ingredients.

5 SECOND ICE CRUSHING

11 Cups of Drinks per time

4.3 Adding Ingredients During Blending

The lid features a convenient feeding hole. You can remove the small cap on top to add ingredients while the blender is running. Use the provided tamper to push down dense ingredients towards the blades.

5. MAINTENANCE AND CLEANING

The WantJoin blender features a self-cleaning design. Simply add a small amount of water and a drop of dish soap to the pitcher, secure the lid, and run the blender on a low setting for a few seconds. Rinse thoroughly. For external cleaning, wipe the motor base and sound enclosure with a damp cloth.

6. TROUBLESHOOTING

If the blender does not turn on, ensure it is properly plugged into a working outlet and the power switch is in the 'ON' position. If blending performance is reduced, check that the pitcher is correctly seated on the base and that ingredients are not overfilling the maximum capacity. For persistent issues, refer to the warranty and support section.

7. SPECIFICATIONS

Feature	Detail
Brand	WantJoin
Model Number	WZ-K90
Color	Black
Power Source	AC (2200W)
Capacity	2200 Milliliters (80oz)
