Billboard BB-S32064

Billboard Carbono 2.1 Sound Bar Home Theater System

Model: BB-S32064

INTRODUCTION

Thank you for choosing the Billboard Carbono 2.1 Sound Bar Home Theater System. This manual provides essential information for setting up, operating, and maintaining your new sound system. Please read it thoroughly before use to ensure optimal performance and safety.

SAFETY INFORMATION

Always follow basic safety precautions when using this product to reduce the risk of fire, electric shock, and injury. Keep the product away from water, heat sources, and direct sunlight. Do not attempt to disassemble or repair the unit yourself. Refer all servicing to qualified personnel.

PACKAGE CONTENTS

Verify that all items are present in the package:

- Billboard Carbono Sound Bar (2 sections)
- Subwoofer
- Remote Control
- Power Cable
- Auxiliary Cable (RCA to 3.5mm, if included)
- User Manual (this document)

PRODUCT OVERVIEW

The Billboard Carbono Sound Bar system consists of a versatile soundbar and a powerful subwoofer, designed to enhance your audio experience. The soundbar can be used as two separate tower speakers or combined into a single horizontal soundbar.

Image: The Billboard Carbono Sound Bar system displayed in its vertical tower speaker configuration with the subwoofer.

Main Components:

- **Sound Bar Units:** Two main speaker units that can be assembled vertically as towers or horizontally as a single soundbar.
- **Subwoofer:** Provides deep bass for a rich audio experience.
- **Remote Control:** Allows convenient control over all functions from a distance.

SETUP

1. Assembling the Sound Bar:

The soundbar offers two configurations: two vertical tower speakers or a single horizontal soundbar.

Vertical Tower Configuration:

Attach the base stands to each soundbar unit. Place the two tower speakers on either side of your TV or desired listening area, with the subwoofer positioned centrally.

Image: Soundbar in vertical tower setup with subwoofer.

Horizontal Sound Bar Configuration:

To form a single horizontal soundbar, connect the two soundbar sections together using their interlocking system. Ensure they click securely into place.

Image: The soundbar in its horizontal configuration.

Place the assembled soundbar below your TV. Position the subwoofer near the soundbar for optimal bass distribution.

Image: Horizontal soundbar setup with subwoofer on a media console.

2. Connecting to Power:

Connect the power cable to the soundbar and then plug it into a standard electrical outlet.

3. Audio Connections:

The Billboard Carbono Sound Bar supports multiple audio input options:

- **Bluetooth:** For wireless connection to smartphones, tablets, and other Bluetooth-enabled devices.
- **USB:** For playing audio files directly from a USB drive.
- **Optical:** For high-quality digital audio connection to TVs or other optical output devices.
- **Auxiliary (RCA):** For connecting to devices with RCA audio outputs.

Select the appropriate connection method based on your source device.

OPERATING INSTRUCTIONS

Power On/Off:

Press the Power button on the soundbar or the remote control to turn the unit on or off.

Mode Selection:

Press the "MODE" button on the remote control to cycle through available input modes: Bluetooth, USB, Optical, and Auxiliary.

Volume Control:

Use the "VOL+" and "VOL-" buttons on the remote control or the soundbar to adjust the master volume.

Remote Control Functions:

The included remote control provides full functionality for your sound system.

- **Power:** Turns the unit on/off.
- **MUTE:** Mutes or unmutes the sound.
- **VOL+/VOL-:** Adjusts volume up or down.
- **Playback Controls (Play/Pause, Skip Forward/Backward):** For USB and Bluetooth modes.
- **MENU:** Accesses system menu (if applicable).
- **EQ:** Cycles through equalizer presets (e.g., Movie, Music, News).
- **MODE:** Switches between input sources (Bluetooth, USB, Optical, Aux).
- **3D:** Activates 3D surround sound effect.
- **MIC:** (If applicable) Controls microphone input.

MAINTENANCE

To ensure the longevity and optimal performance of your sound system, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the soundbar and subwoofer. Do not use liquid cleaners or abrasive materials.
- **Ventilation:** Ensure that the speaker units and subwoofer have adequate ventilation. Do not block any vents.
- **Storage:** If storing the unit for an extended period, disconnect it from power and store it in a cool, dry place.

TROUBLESHOOTING

If you encounter issues with your Billboard Carbono Sound Bar, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Check if the power cable is securely connected to both the soundbar and the power outlet. Ensure the outlet is functional.
No sound	Increase the volume on both the soundbar and the source device. Ensure the correct input mode (Bluetooth, USB, Optical, Aux) is selected. Check audio cables for secure connection and damage. If using Bluetooth, ensure the device is paired and within range.
Remote control not working	Check and replace the batteries in the remote control. Ensure there are no obstructions between the remote and the soundbar's sensor.
Bluetooth pairing issues	Ensure the soundbar is in Bluetooth mode. Disable and re-enable Bluetooth on your source device. Forget the device from your source's Bluetooth list and try pairing again. Move the source device closer to the soundbar.
