UniPlus 45013

UniPlus D1 45013 Label Tape User Manual - 12mm Black on White

Model: 45013 | Brand: UniPlus

1. INTRODUCTION

This manual provides instructions for the UniPlus D1 45013 Label Tape, designed as a replacement for Dymo D1 S0720530 tapes. This 12mm wide, 7m long tape features black text on a white background and is compatible with various Dymo LabelManager models, including LM 160, 210D, 260P, 360D, 420P, 450D, 500TS, Wireless PnP, LP 100, 150, 200, 250, 300, Dymo LabelPoint 100, 150, 350, 200, 250, 300, Dymo LabelWriter 450 Duo, Dymo MobileLabeler 1978247, and Dymo COLORPOP. It is designed for clear, durable labeling in various environments.

2. SETUP AND INSTALLATION

Follow these steps to correctly install the UniPlus D1 label tape into your compatible Dymo label maker:

1. **Prepare the Tape:** Before inserting, gently tighten and flatten the label tape to prevent jamming. Rotate the gear on the tape cassette clockwise to ensure the tape is taut.
2. **Open Label Maker:** Open the tape compartment cover on your Dymo label maker.
3. **Insert Cartridge:** Insert the UniPlus D1 label tape cartridge into the compartment, ensuring it clicks securely into place. The tape should feed smoothly into the printer mechanism.
4. **Close Cover:** Close the tape compartment cover.
5. **Power On:** Turn on your label maker and ensure the tape is recognized.

COMPLETELY COMPATIBLE

Figure 2.1: Proper installation of the label tape cartridge into a Dymo label maker.

TIPS:

1. Please tighten and flat the label tape before using to avoid jamming of the cassette.
2. Do not pull the label and do not touch the knife during printing to avoid damage the tape.

Video 2.1: Demonstrates the installation process of compatible Dymo D1 label tape and its application.

3. OPERATING INSTRUCTIONS

Once the tape is installed, you can begin creating labels:

1. **Design Your Label:** Use your Dymo label maker's interface to type your desired text, select fonts, sizes, and any special characters.
2. **Print:** Press the print button on your label maker. The label tape will feed out with the printed text.
3. **Cut:** Use the integrated cutter on your label maker to cut the label.
4. **Peel and Apply:** The UniPlus D1 label tape features a "split-back" design for easy peeling. Bend the label lengthwise to separate the backing, then peel it off and apply the label to a clean, flat surface.

Figure 3.1: The split-back design allows for easy peeling without leaving adhesive residue.

Usage Tip:

To save tape, consider printing multiple short labels in one continuous strip and then cutting them individually. This minimizes the lead-in and lead-out tape waste.

4. MAINTENANCE AND DURABILITY

The UniPlus D1 label tape is designed for durability and ease of maintenance:

- **Easy Removal:** Labels can be removed without leaving sticky residue on most clean, flat surfaces.
- **Durable Material:** Made from plastic, the tape is resistant to various environmental factors.
- **Resistance:** It is temperature resistant, fade resistant, water resistant, abrasion resistant, and chemical resistant.

PLASTIC MATERIAL TAPE

It is durable under tough conditions

5. TROUBLESHOOTING

If you encounter issues while using your UniPlus D1 label tape, consider the following:

- **Tape Jamming:** Ensure the tape is tightened and flattened before insertion. Gently rotate the gear on the cassette clockwise to remove any slack.
- **Poor Print Quality:** Verify the tape is correctly seated in the label maker. Ensure the label maker's print head is clean.
- **Tape Damage:** Avoid pulling the label tape or touching the cutter blade during printing to prevent damage to the tape or the label maker.

- **Adhesion Issues:** Ensure the surface where the label is applied is clean, dry, and flat.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	UniPlus
Model Number	45013 (S0720530)
Color	Black on White
Dimensions	12mm (Width) x 7m (Length) / 0.47 inches x 23 feet
Material	Plastic
Adhesive Type	Self-adhesive
Key Features	Easy to remove without residue, split-back for easy peeling, adheres to most clean and flat surfaces (plastic, paper, metal, wood, glass). Temperature, fade, water, abrasion, and chemical resistant.
