## Zinus EU-MBBF-10B

# Zinus Low Profile Metal Bed Frame with Wood Slats

Model: EU-MBBF-10B | Brand: Zinus

## INTRODUCTION

Thank you for choosing the Zinus Low Profile Metal Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SAFETY INFORMATION

It is crucial to follow the assembly instructions carefully to ensure the stability of the bed frame and to avoid exceeding the recommended maximum weight capacity. During assembly and use, be aware of potential pinch points. Handle all materials, including alloy steel and wood, with care to prevent injury.

- Always assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- Do not allow children to play on or under the bed frame.
- Distribute weight evenly across the bed frame.
- Do not use power tools for assembly unless specifically instructed, as this may overtighten and damage components.

## PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. Refer to the parts list provided in your package. If any parts are missing or damaged, do not proceed with assembly. Contact Zinus customer support for assistance.

**SETUP AND ASSEMBLY**

Assembly of the Zinus bed frame is designed to be straightforward. Follow the step-by-step instructions provided in your package. Typically, assembly involves connecting the metal frame sections and then installing the wooden slats.

1. Unpack all components and lay them out on a clean, soft surface.
2. Identify all parts and hardware using the included parts list.
3. Connect the main frame sections using the provided bolts and the included ratchet tool. Do not fully tighten bolts until all sections are loosely assembled.
4. Once the main frame is assembled, securely tighten all bolts.
5. Install the wooden slats into the designated slots on the frame. Ensure they are evenly spaced and firmly seated.
6. Place your mattress on the assembled bed frame.

## **OPERATING (USAGE)**

---

The Zinus bed frame is designed to provide stable support for your mattress. Its low-profile design offers a modern aesthetic and allows for easy access to the bed. The integrated wooden slats are engineered to minimize noise and extend the life of your mattress by preventing sagging.

### **Under-Bed Storage**

This bed frame features ample under-bed clearance, perfect for storing and concealing extra items. Utilize storage bins or boxes to keep your bedroom tidy and organized.

### Heavy duty steel base

### Sturdy wooden slats

## MAINTENANCE

---

To ensure the longevity and continued stability of your Zinus bed frame, follow these maintenance guidelines:

- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten as necessary to prevent wobbling or squeaking.
- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. For wooden slats, a dry cloth is usually sufficient.
- **Weight Distribution:** Avoid concentrating heavy loads in one area of the bed. Distribute weight evenly to prevent stress on the frame and slats.
- **Environmental Conditions:** Keep the bed frame in a dry environment. Excessive humidity can affect the wooden slats over time.

## TROUBLESHOOTING

---

If you encounter any issues with your Zinus bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Squeaking or Noise	Loose bolts or connections; slats not properly seated.	Check and tighten all bolts. Ensure all wooden slats are firmly in place.
Bed frame feels unstable/wobbly	Loose connections; uneven floor.	Re-tighten all assembly bolts. If the floor is uneven, consider placing shims under the bed legs.
Mattress sagging between slats	Slats are too far apart (unlikely with Zinus design); mattress is old/worn.	Ensure all slats are correctly installed and spaced. If the mattress is old, it may need replacement.
Missing parts during assembly	Packaging error.	Do not proceed with assembly. Contact Zinus customer support immediately for replacement parts.

## SPECIFICATIONS

---

**Model Number:** EU-MBBF-10B

**Dimensions:** 100 x 200 cm (Length x Width)

**Height:** 25.5 cm (from floor to top of frame)

**Material:** Alloy Steel, Wood, Metal

**Color:** Black

**Style:** Minimalist

**Special Features:** Under-bed storage space, Noise-free design

**Included Components:** Frame, Hardware, Slats

**Weight Capacity:** Up to 159 kg for single size, up to 318 kg for other sizes (This model is 100x200cm, typically considered a single/twin size).
