Zinus Hybrid Spring and Memory Foam Mattress

Model: EU-MSHBBT-8F | **Brand:** Zinus

INTRODUCTION

Thank you for choosing the Zinus Hybrid Spring and Memory Foam Mattress. This manual provides essential information for setting up, using, maintaining, and troubleshooting your new mattress to ensure a comfortable and lasting sleep experience. Please read these instructions carefully before use.

PRODUCT OVERVIEW

The Zinus Hybrid Mattress combines the supportive structure of steel pocket springs with the conforming comfort of memory foam. It features a Euro Top design for enhanced softness and is infused with green tea extract and charcoal for freshness. This mattress is designed to provide balanced support and pressure relief, making it suitable for various sleeping positions.

Trouvez la hauteur parfaite

20cm

Plus ferme : parfait pour les personnes qui dorment sur le ventre

25cm

Moyennement ferme : idéale pour les personnes qui dorment sur le dos et le ventre

30cm

Moyen : idéal pour ceux qui dorment sur le côté

COMPATIBLE AVEC LES LITS A PLATEFORME, LES FONDATIONS, LES CADRES DE LIT ET NOS LITS PLIANTS SMARTBASES

Key features of the Zinus mattress: Green Tea for freshness, ActivCharcoal for moisture absorption, and an Independent Spring System for motion isolation.

Certifications for the mattress foam, including CertiPUR-US and OEKO-TEX Standard 100, ensuring quality and safety.

SETUP INSTRUCTIONS

Your Zinus mattress is expertly compressed and rolled for convenient shipping and setup. Follow these steps to prepare your mattress for use:

1. **Unpack the Box:** Carefully remove the rolled mattress from its shipping box. It is recommended to do this in the room where the mattress will be used.

The Zinus mattress arrives compactly packaged in a box for easy transport.

2. **Place on Flat Surface:** Lay the rolled mattress, still in its protective plastic, onto a clean, flat surface such as a bed frame or foundation.

The mattress is tightly rolled and sealed in plastic for shipping.

3. **Remove Plastic Packaging:** Carefully cut and remove the outer plastic wrapping. Be cautious not to cut the mattress fabric. The mattress will begin to decompress immediately.
4. **Allow for Expansion:** Unroll the mattress completely. It will expand to its original shape within 48 to 72 hours. During this time, the mattress may have a slight odor, which is normal and will dissipate. Ensure good ventilation in the room.
5. **Initial Use:** While the mattress expands, it can be used. However, optimal comfort and support will be achieved after full expansion.

USAGE AND CARE

General Use

- Ensure your mattress is placed on a suitable, supportive bed frame or foundation to maintain its integrity and comfort.
- For optimal performance and to extend the life of your mattress, rotate it head-to-foot every 3-6 months.

Cleaning and Maintenance

- **Spot Cleaning:** For spills or stains, gently blot the affected area with a mild detergent and water solution. Avoid saturating the mattress. Allow to air dry completely before covering.
- **Protection:** Using a mattress protector is highly recommended to shield against spills, stains, and allergens, helping to keep your mattress clean and hygienic.
- **Ventilation:** Periodically air out your mattress by removing bedding to allow for better air circulation, which helps maintain freshness.
- **Do Not Bend:** Avoid bending or folding the mattress, as this can damage the internal spring and foam structure.

TROUBLESHOOTING

Mattress Not Fully Expanding

- **Allow More Time:** While most mattresses expand within 48-72 hours, some may take up to a week, especially in cooler environments. Ensure the room temperature is comfortable (around 20-22°C or 68-72°F).
- **Ensure Ventilation:** Good air circulation can aid in the expansion process and help dissipate any new mattress odor.
- **Check for Obstructions:** Ensure no packaging material remains that could hinder expansion.

New Mattress Odor

- A slight, harmless odor (off-gassing) is common with new foam products. This will dissipate within a few days.
- To accelerate the process, keep the room well-ventilated by opening windows or using a fan.

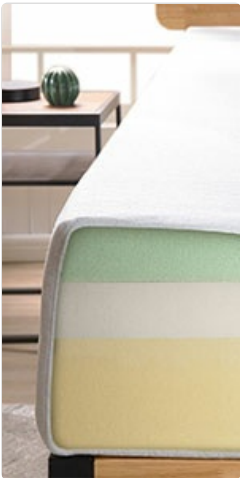

SPECIFICATIONS

Attribute	Detail
Brand	Zinus
Model Number	EU-MSHBBT-8F
Color	White
Product Dimensions (L x W x H)	146 x 38.5 x 38.5 cm (packaged); 140 x 190 cm (expanded)
