Moen 82304SRN

Moen Engage Multi-Function Handshower and Rainfall Shower Head Trim Combo Instruction Manual

Model: 82304SRN

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Moen Engage Multi-Function Handshower and Rainfall Shower Head Trim Combo. Designed for versatility and durability, this system offers a customizable showering experience with its innovative magnetic docking and multiple spray settings. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product.

An overview of the Moen Engage shower system, featuring a large rainshower head, a detachable handshower with a flexible hose, and the control handle, all in a brushed nickel finish.

2. KEY FEATURES

- **Magnetic Docking System:** Allows for easy detachment and secure reattachment of the handshower.
- **Multi-Function Spray:** Offers various distinct spray settings for personalized showering.
- **Flexible Metal Hose:** Includes a 60-inch kink-free metal hose for extended reach and flexibility.
- **Spot Resist Finish:** Brushed Nickel finish resists fingerprints and water spots for a cleaner appearance.
- **Durable Construction:** Tested beyond industry standards for long-term performance.

3. SETUP AND INSTALLATION

For optimal results and to ensure proper function, professional installation of your shower valve and trim is recommended.

Refer to the detailed installation guide included in your product packaging for step-by-step instructions specific to your setup. Ensure all local plumbing codes are followed during installation.

PROFESSIONAL INSTALLATION RECOMMENDED

For best results, we recommend using a licensed professional plumber to install your shower valve and trim.

DIY INSTALLATION

EASY

DIFFICULT

4. OPERATING INSTRUCTIONS

Your Moen Engage shower system provides flexibility with its dual shower heads and adjustable settings.

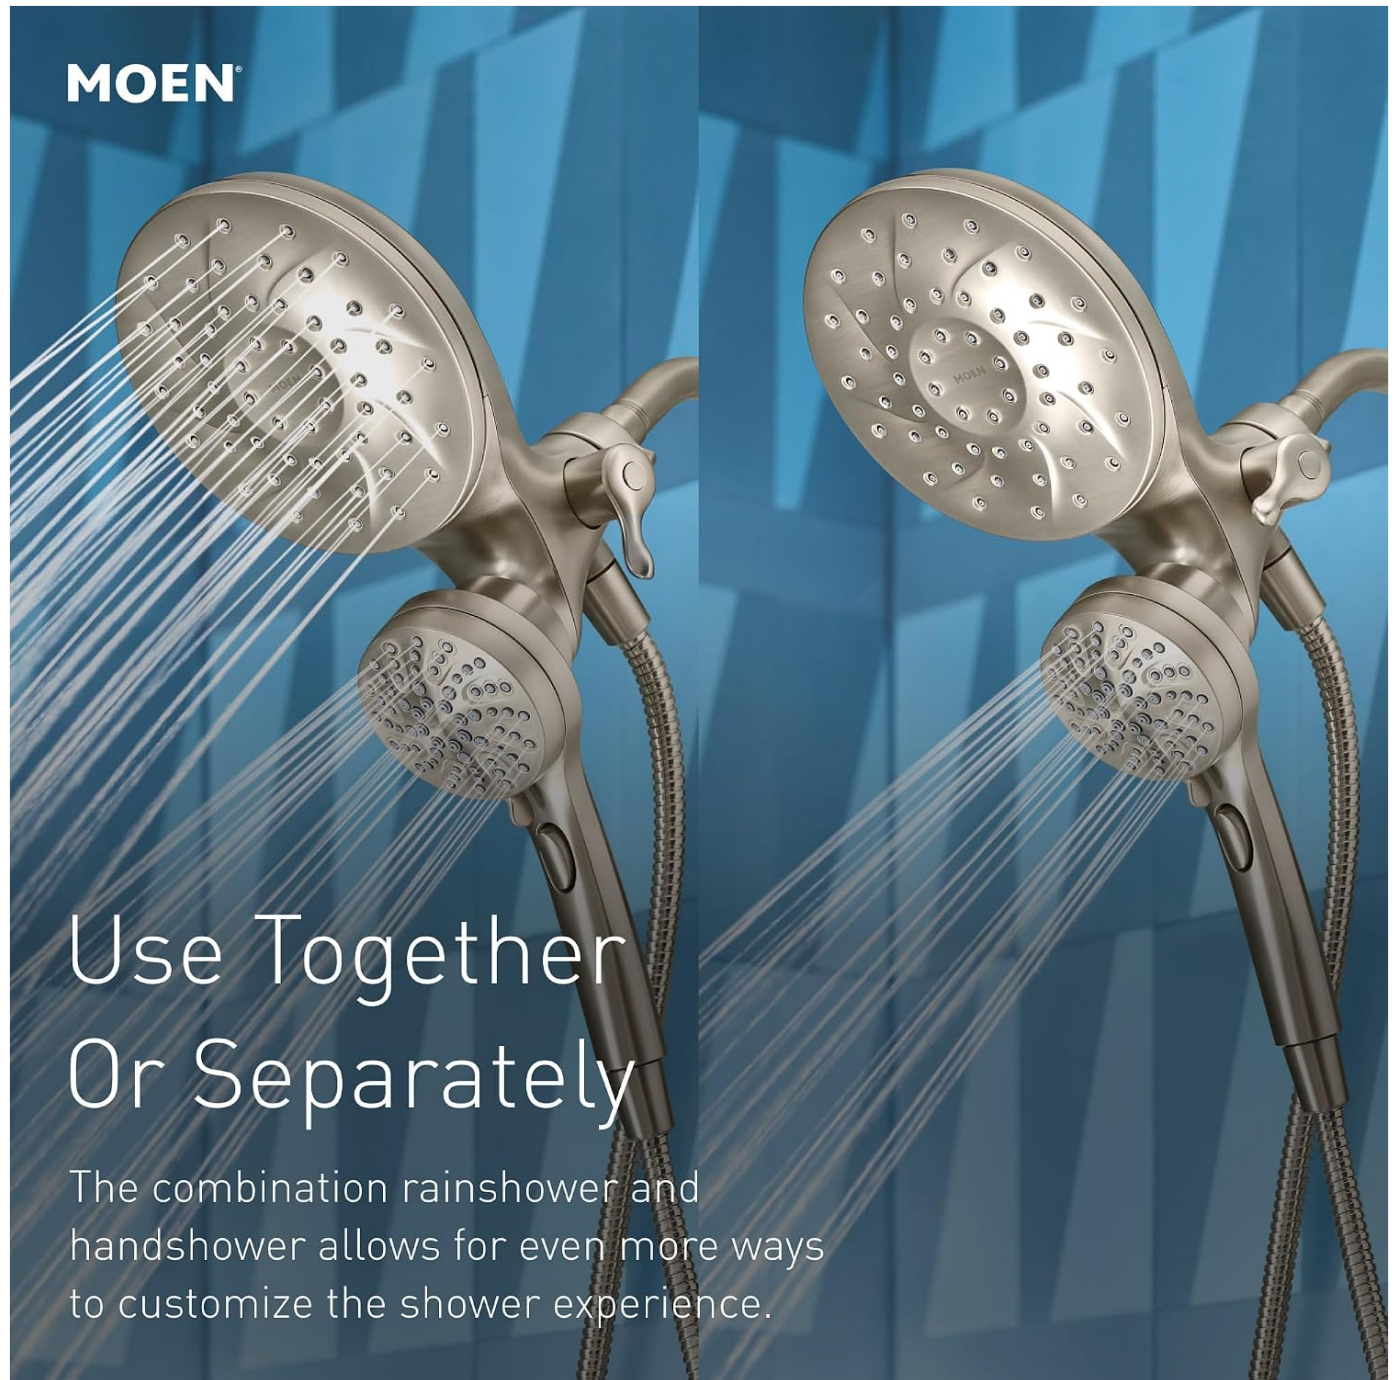

4.1. Switching Between Shower Functions

Use the diverter lever located on the main shower arm to switch between the full coverage rainshower, the multi-function handshower, or a combination of both. Rotate the lever to select your desired water output.

4.2. Using the Handshower

The handshower features a Magnetix docking system for easy removal and secure reattachment. Simply pull the

handshower away from the main unit to detach it. To reattach, guide it back towards the magnetic dock until it snaps securely into place. The handshower also includes a button to adjust water flow or pause the stream, and a rotating dial to select different spray patterns.

MOEN®

Use Together Or Separately

The combination rainshower and handshower allows for even more ways to customize the shower experience.

4.3. Rainshower Function

The large rainshower head provides a wide, drenching spray for a relaxing experience. Ensure the diverter is set to the rainshower position for this function.

The large rainshower head in operation, providing a broad and gentle water flow, simulating a natural rainfall experience.

4.4. Product Demonstration Video

This official video from Moen Incorporated showcases the key features of the Engage Magnetix 2-in-1 Shower Combo, including its magnetic docking, multiple spray functions, and ease of use.

5. MAINTENANCE

To maintain the appearance and performance of your Moen Engage shower system, regular cleaning is recommended. The Brushed Nickel finish features Spot Resist Technology, which helps prevent water spots and fingerprints.

5.1. Cleaning Instructions

- Clean with mild soap and water.
- Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- Wipe dry with a soft cloth to prevent water spots.

MOEN®

Spot Resist™ Technology

Keep your faucet looking cleaner with a finish that resists fingerprints and water spots.

WITH SPOT RESIST

WITHOUT SPOT RESIST

A side-by-side comparison showing a brushed nickel surface with visible water spots and fingerprints next to a clean surface treated with Spot Resist Technology, highlighting its maintenance benefits.

6. TROUBLESHOOTING

If you experience issues with your shower system, consider the following common troubleshooting steps:

- **Low Water Pressure:** Check if the main water supply valve is fully open. Ensure there are no kinks in the handshower hose.
- **Leaking:** Verify all connections are tightened correctly. If leaks persist, professional assistance may be required.
- **Difficulty Switching Functions:** Ensure the diverter lever is fully engaged in each position. Mineral buildup can sometimes affect movement; clean the diverter area if necessary.

For persistent problems or issues not covered here, please contact Moen customer support or a qualified plumber.

7. SPECIFICATIONS

Brand	Moen
Model Number	82304SRN
Color	Brushed Nickel
Material	Metal, Stainless Steel
Finish Type	Brushed
Number of Handles	1
Mounting Type	Wall Mount
Flow Rate	2.5 GPM (9.5 L/Min) Max
Head Size	6.5 inches
