# OLEVS Men's Gold Stainless Steel Watch with Date

Model: XLY-S-G5565

Brand: OLEVS

## 1. INTRODUCTION

This manual provides instructions for the OLEVS Men's Gold Stainless Steel Watch, Model XLY-S-G5565. This timepiece features a reliable quartz movement, a date display, and a durable stainless steel construction. It is designed for daily wear and offers 3ATM water resistance.

## 2. SETUP

### 2.1 Adjusting the Stainless Steel Band

The watch band can be adjusted to fit your wrist using the included tool. Follow these steps:

1. Place the links on the watch tool. Align the head of the watch pin with the tool needle.
2. Turn the tool needle to push the pin out.
3. Repeat until the desired number of links are removed.

4. Rejoin link parts. Insert the head of the watch pin into the links.
5. Press the pin into the links until it is flush.

Image: Detailed diagram illustrating the process of adjusting the stainless steel watch band by removing or adding links using the provided tool.

## 2.2 Initial Time and Date Setting

Your watch is equipped with a quartz movement and a date display. To set the time and date:

- Pull the crown out to the first position to adjust the date. Turn the crown clockwise or counter-clockwise until the correct date is displayed.
- Pull the crown out to the second position to adjust the time. Turn the crown to move the hour and minute hands to the correct time. Push the crown back in to start the watch.

## 3. OPERATING INSTRUCTIONS

### 3.1 Luminous Function

The watch hands and hour markers feature a luminous coating, allowing you to read the time in low-light conditions. For optimal luminescence, expose the watch dial to a light source for a period before entering a dark environment.

Image: Display of the watch's luminous function in a dark setting, alongside an illustration of the high-hardness coated glass mirror.

## 4. MAINTENANCE

### 4.1 Water Resistance

This OLEVS watch is rated for 3ATM (30 meters) water resistance. This means it is suitable for daily use, such as splashes, rain, and brief immersion in water like swimming or snorkeling. It is **not** suitable for hot water activities, diving, or prolonged underwater use.

## How To Adjust Stainless Steel Links

1. Place the links on the watch tool. Align the head of watch pin with the tool needle. (Page 8)
2. Turn the tool needle to push the pin out.
3. Repeat until desired number of links are removed. (Page 9)
4. Rejoin link parts. Insert the head of watch pin into the links. (Page 10)
5. Press pin into the links until it is flush.

## 4.2 Cleaning

To maintain the appearance of your watch, wipe it regularly with a soft, dry cloth. For the stainless steel band, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive materials.

## 4.3 Battery Replacement

The watch uses 1 LR44 battery (included). When the watch stops or the second hand begins to jump erratically, it is time to replace the battery. It is recommended to have battery replacement performed by a qualified watch technician to ensure proper sealing and maintain water resistance.

## 5. TROUBLESHOOTING

- **Watch not running:** Check if the crown is fully pushed in. If it is, the battery may need replacement.
- **Date not changing:** Ensure the time is set correctly, passing midnight will advance the date. If the date changes at noon, adjust the time by 12 hours.
- **Condensation under crystal:** This may indicate a loss of water resistance. Avoid further contact with water and seek professional service.

## 6. SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Product Dimensions	8.27 x 1.57 x 0.39 inches
Item Weight	4.23 ounces (120g)
Item Model Number	XLY-S-G5565
Department	Mens
Batteries	1 LR44 battery (included)
Date First Available	December 1, 2019
Manufacturer	XIN LINGYU
Item Width	40 millimeters
Clasp Type	Double Locking Foldover Clasp
Item Type Name	Dress Watch
