FrostGuard Plus XL Winter Windshield Cover Instruction Manual

Model: 53113

INTRODUCTION

The FrostGuard Plus XL Winter Windshield Cover is designed to provide comprehensive protection for your vehicle's windshield, wipers, and side-view mirrors against freezing winter weather, including snow, frost, and ice. This manual outlines the proper installation, usage, and care to ensure optimal performance and longevity of your FrostGuard cover.

PRODUCT OVERVIEW

The FrostGuard Plus XL offers full protection, covering your vehicle's windshield, wipers, and side-view mirrors. It is constructed from durable polyester with a stick-resistant PVC lining, preventing the cover from freezing to your windshield. The XL size measures 68 x 41 inches, making it suitable for most SUVs and trucks. It includes two side mirror covers, security panels, and side poles for a secure fit against winter winds.

WHAT'S IN THE BOX

- FrostGuard Plus XL Windshield Cover
- Two (2) Side Mirror Covers
- Quick-Dry Storage Pouch

SETUP AND INSTALLATION

The FrostGuard Plus XL is designed for quick and easy installation. Follow these steps to properly secure the cover to your vehicle:

1. **Assemble Poles:** Insert one pole into each side of the pole connector. Repeat this process for the second set of poles.
2. **Insert Poles into Sleeves:** Lift up the fastener and red pocket on the cover, then gently slide the assembled poles into the sleeves. Secure the fastener. Ensure the poles are completely enclosed within the fabric sleeves. Repeat for the opposite side of the cover.
3. **Secure Driver Side:** Open the driver's side door and ensure the security panel is hanging inside the door

frame. Close the door, making sure the security panel remains securely in place.

4. **Unroll Cover:** Unroll the cover as you walk around the front of your vehicle, positioning it over the windshield.
5. **Center and Secure Passenger Side:** Lightly tug on the cover to center it on the windshield. Open the passenger's side door and ensure the security panel is hanging inside the door frame. Close the door, making sure the security panel remains securely in place.
6. **Smooth Cover:** Smooth the cover to ensure it lies flat against the windshield.
7. **Install Mirror Covers:** Place the included mirror covers over your side-view mirrors.

OPERATING INSTRUCTIONS

To remove the FrostGuard Plus XL cover, simply open your vehicle's doors, release the security panels, and unroll the cover from your windshield. Roll it up and place it into the included quick-dry storage pouch. This process takes seconds, allowing for a clear windshield without scraping.

MAINTENANCE

The FrostGuard Plus XL is made from durable, weather-resistant polyester. To clean, simply shake off any loose snow or ice. For heavier dirt, wipe with a damp cloth. Allow the cover to air dry completely before folding and storing it in its quick-dry pouch to prevent mildew and maintain its integrity.

TROUBLESHOOTING

Cover Not Staying Securely in Place

- Ensure both security panels are fully inserted inside the vehicle's doors and the doors are closed tightly.
- Verify that the side poles are correctly assembled and fully inserted into their sleeves on both sides of the cover.
- Check that the cover is centered on the windshield and pulled taut to minimize slack.

Ice or Snow Accumulation on Windshield Edges

- Confirm that the cover's dimensions are appropriate for your vehicle's windshield size. The XL size is 68 x 41 inches.
- Ensure the cover is positioned to fully cover the windshield and wiper blades.
