Swiffer 1

Swiffer Sweeper 2-in-1 Dry + Wet Floor Mopping and Sweeping Kit User Manual

Model: 1

Introduction

The Swiffer Sweeper is a versatile 2-in-1 multi-surface floor cleaning tool designed for both dry sweeping and wet mopping. This kit provides an efficient solution for trapping dirt, dust, hair, and grime from various hard floor surfaces, offering a convenient alternative to traditional brooms and mops.

Setup

Kit Contents

Your Swiffer Sweeper kit includes the following components:

- 1 Swiffer Sweeper device
- 14 Dry Sweeping Cloths
- 5 Wet Mopping Cloths

Assembly Instructions

Assembling your Swiffer Sweeper is a straightforward process:

1. **Connect the Poles:** Simply click the pole sections together until they are securely fastened.
2. **Attach the Cloth:** Lay a dry sweeping cloth or wet mopping pad flat on the floor. Place the head of the Swiffer Sweeper onto the center of the cloth.
3. **Secure the Cloth:** Wrap the edges of the cloth up and over the head of the sweeper. Poke the flaps into each of the four corner grippers on the sweeper head to keep the cloth firmly in place during use.

Operating Instructions

The Swiffer Sweeper offers dual functionality for comprehensive floor cleaning:

Dry Sweeping

For dry sweeping, attach a dry sweeping cloth. These cloths feature deep ridges and grooves designed to trap and lock dirt, dust, and hair effectively. Glide the sweeper across your hard floor surfaces to collect debris. This method is ideal for daily quick clean-ups and preparing the floor for wet mopping.

Wet Mopping

For wet mopping, attach a wet mopping pad. These pads are pre-moistened with a powerful cleaning solution that dissolves dirt and grime, trapping it within the pad's core. Use the wet mopping pads to clean and refresh your floors, leaving them with an amazing clean.

Suitable Floor Types

The Swiffer Sweeper is safe for use on most finished floor types, including:

- Tile
- Hardwood
- Vinyl flooring

Important Note:

Do not use on unfinished, oiled, or waxed wooden boards, non-sealed tiles, or carpeted floors, as these surfaces may be water-sensitive.

Tackling Tough Messes

The Swiffer Sweeper is equipped with a scrubbing strip designed to help dislodge and clean tough messes. Apply gentle pressure with the scrubbing strip over stubborn spots to effectively remove them.

Reaching Tricky Places

The compact and lightweight design of the Swiffer Sweeper, along with its swivel head, allows for easy maneuverability. This makes it ideal for cleaning in small living spaces, under furniture, and in other hard-to-reach areas.

Maintenance

Disposal of Used Cloths

After use, simply remove the dirty dry sweeping cloth or wet mopping pad from the sweeper head. Dispose of used cloths in the trash. Do not flush them down the toilet.

Recycling Swiffer Pads

Swiffer is committed to sustainability. You can recycle used Swiffer pads through the Terracycle program. Visit the Terracycle website for more information on how to participate in their recycling initiatives.
